Will Rogers Remarks:

MOJAVE, Sept. 16. [To the Editor of The Times:] Did you ever see a real 100 per cent dry town? Well, I did, but I had to go to the heart of the desert to do it. It was Bodie, the old mining town that's been lately monkey-glanded with a new gold scare. Mrs. Rogers and I blew in there last night. I wanted to show her what a real live western mining town was like at night. Well, of all the sad-looking messes, that was it. The night before twenty prohibition officers had raided the place and closed her tight. Did you ever see a miner on soda pop? You can't even console him. Every throat was dry and every eye was wet.

Yours,
WILL ROGERS.

TOTAL OF IDLE BRITISH MOUNTING

Unemployed Army Grows Monthly and Situation Baffles Economists

LONDON, Sept. 16. (AP)—More than 2,100,000 men and women are now unemployed in Great Britain and even the most optimistic can see little signs of any brightening in this dark cloud that hangs over the economic, social and political life of the country.

For the past nine months, indeed, the position has been growing steadily worse, the unemployment total since January, last, being, in round figures, as follows:

January, 1,478,800; February, 1,520,000; March, 1,547,200; April, 1,676,400; May, 1,712,000; June 1,775,100; July, 2,011,400; August, 2,017,900; September, 2,139,800.

The percentage of unemployed in all industries for August, the latest figures to be worked out, was 17.5. The industries chiefly affected during the present year have been iron and steel manufacturing, engineering, shipbuilding, the metal trades, textiles, building and dock and harbor services. Coal mining has stayed much in the same plight as for many months past. The industries showing improvement have been the jute industry and candy manufacturing.

DEMOCRATS OF OHIO SIDESTEP DRY PLANK

COLUMBUS (O.) Sept. 16. (AP)—Battle lines for the November election were completed by Ohio Democrats today with adoption by the State convention of a platform free of prohibition utterances, but demanding faithful observance and enforcement of all laws and denunciation of illegal law enforcement.

G.O.P. CANDIDATE SHOT

NEW YORK, Sept. 16. (AP)—Five men attacked Saul Agulnek, Republican candidate for State Senator from the Eleventh Assembly District, in the Williamsburg section of Brooklyn today, and shot him in the right arm and side.

AMERICANS FIGHT REDS

Gunboat Fires at Chinese Force

Guns on Banks of Yangtse Spit Lead at Warship in Forty-Minute Clash

British Vessel Also Gets in Battle and Peppers Away at Hidden Mortars

SHANGHAI, Sept. 16. (AP)—The American gunboat Luzon today fought a brief engagement with Communists who have been firing on foreign shipping from the Yangtse River shores between Kiukiang and Shasi, 400 miles. Rear-Admiral Thomas Craven, commander of the American Yangtse patrol, directed the Luzon's fire.

The Americans suffered no casualties. What punishment was inflicted on the Reds could not be learned.

When the Luzon was twenty-five miles above Wusueh in Hupeh Province, the outlaws attacked it with field guns and trench mortars. The skirmish lasted forty minutes over fifteen miles of the river, the gunboat sweeping the north shore with fire of three-inch and machine guns.

BRITISH ALSO FIGHT

The Communists opened fire on the Luzon while it was proceeding down river to investigate their attacks on commercial shipping.

The British gunboat Gnat, following the Luzon, was engaged later by Reds near Wusueh and poured much lead ashore, without silencing the outlaw fire.

Communist attacks on foreign ships upon the Yangtse have increased steadily in frequency and severity. Reds now use trench mortars and field guns, where formerly machine guns were the largest armament. This development causes foreign naval and merchant ship crews grave concern, as a direct hit probably would sink a ship.

AIM IMPROVING

At present the Reds' aim is poor, but naval men believe the assailants will use their weapons with telling effect soon as they are gaining experience rapidly.

Besides visiting depredations on Yangtse communities, the Reds continue their grip on Hunan Province, although not pushing their campaign against the Nationalist government.

Changsha, despoiled and partly burned by Communists late in July, has been surrounded more than two weeks by returning Red forces who bottled government troops within the city.

HORDES STALKED BY STARVATION SPECTER

SHANGHAI, Sept. 16. (AP)—Two hundred thousand persons are facing death by starvation near Checheng, Honan Province, as the result of warfare, bandit depredations and floods, said a Chinese press dispatch today from Checheng.

The entire number is doomed unless immediate aid is given, the city authorities informed the Nationalist government at Nanking.

The afflicted area, within the zone suffering from warfare for six months, has been reduced to famine principally because of continued levies of the various war lords.

Militarists, said the dispatch, have taken foodstuffs, carts, mules, cattle and seed grains, rendering the people incapable of sowing crops and otherwise preparing for winter. Bandits and floods have completed the destruction.

French Flyers Put Wreath on Herrick's Grave

CLEVELAND, Sept. 16. (AP)—France's two unofficial ambassadors to the United States, Dieudonne Coste and Maurice Bellonte, today received the plaudits of Cleveland for their recent Paris-to-New York flight, and at the same time carried the homage of France to the grave of a former Ambassador to Paris, Myron T. Herrick.

The dramatic climax of the "good-will" visit of the conquerors of the Atlantic here was their visit late in the misty afternoon to the tomb of Herrick.

Coste silently placed a wreath on the tomb as a tribute not only of himself and Bellonte, but of the French people.

Bromley Gives Up New Flight

OMINATO (Japan) Sept. 16. (AP) Lieut. Harold Bromley tonight abandoned his attempts to fly across the Pacific this year, but said he hopes to obtain backing for a trans-Pacific effort in 1931.

Replacement of damaged parts in his monoplane City of Tacoma will require a month, Bromley said, and then it will be too late to attempt the flight this season. He plans to store the plane in Yokohama during the winter.

CONTRACT LET ON AIR MAIL

Los Angeles-to-Atlanta Line will be Started in Thirty Days by Aviation Corporation

By a "Times" Staff Correspondent

WASHINGTON, Sept. 16. (Exclusive)—The contract for the Los Angeles-Atlanta transcontinental air-mail route via El Paso, Forth Worth, Dallas and Birmingham was awarded to the Aviation Corporation and Southwest Air Fast Express under a joint bid today by Postmaster-General Brown.

The award calls for the beginning of operations within thirty days.

Connection will be made at Atlanta for South American air-mail lines as well as for New York, Washington and New England air mail. These services are now in operation and the new line will connect directly with them.

SCHEDULE WORKED OUT

The route also will make connections in Arizona and New Mexico. Postoffice Department officials are working out the daylight schedule with special consideration of the numerous applications of cities for air-mail stops.

As soon as the route can be completely lighted night mail service will be carried on.

The contractors will receive 40 cents a mile for mail transportation over this route for weights up to 225 pounds, with an appropriate change in rates for poundage over this amount.

ANOTHER BID PENDING

No action has yet been taken by the Postoffice Department on the contract for the route from New York to Los Angeles via Pittsburgh and Kansas City on which Western Air Express and T.A.T. made a joint bid.

BOLL WORM DISCOVERED IN ARIZONA

Examination of Gin Trash Causes Disclosure Which Now will be Traced

PHOENIX, Sept. 16. (AP)—The State Commission of Agriculture and Horticulture announced today a light infestation of pink boll worms has been discovered in cotton fields near Phoenix.

Exact location of the infestation, it is said, has not been determined in that the infestation was discovered through examination of gin trash. It is believed, however, to be outside the noncotton-growing zone established in the Salt River Valley last year, when the boll pest was discovered in considerable quantities.

Field inspectors have been sent to the locality in which it is believed the infestation exists to locate the individual field or fields.

Fear Expressed for Safety of Lone Navigator

SUVA (Fiji Islands) Sept. 17. (Wednesday) (AP)—Fears were expressed here today concerning the safety of William Albert Robinson, on a world voyage in the small yacht Svaap, who sailed from Tulagi, Solomon Islands, June 11, last, for Samarai.

The schooner France left Tulagi June 23 and encountered a hurricane. The France arrived at Samarai three weeks later, while the Svaap has not yet arrived at its destination.

Little information is available here concerning the Svaap and its lone navigator.

Eight Stations Soon will Give Aircraft Tests

WASHINGTON, Sept. 16. (AP)—Eight stations soon will be established around the United States for testing and licensing aircraft under Federal standards.

Clarence M. Young, assistant Secretary of Commerce for Aeronautics, announced today the first four will go into service October 1 at Roosevelt Field, Long Island; Wayne County Airport, Michigan; Fairfax Airport, Kansas City, and the Los Angeles Municipal Airport.

Similar facilities will be installed at Oakland, Wichita, St. Louis and Cleveland.

CLIMB CAUSES DEATH

MODESTO, Sept. 16. (AP)—Thomas J. Keaton, 78 years of age, of Newman, died of a heart attack when he attempted to climb out of a steep canyon while on a fishing trip near Sonora.

Uruguay Breaks with Peruvian Revolt Regime

MONTEVIDEO (Uruguay) Sept. 16. (AP)—The Uruguayan government announced today it had decided to break off diplomatic relations with the Peruvian provisional government.

The action is an outgrowth of events in Lima during the revolution when Senor Folsaba, Uruguayan Minister, permitted some of the Leguia administration figures being sought by the police to use the legation as a refuge.

The provisional government afterward declared him persona non grata.

Virginia Blaze Fatal to Four

WARRENTON (Va.) Sept. 16. (AP) Four persons were burned to death and a fifth critically burned in a fire which destroyed the house of Mrs. J. M. Wells at Casanova today. The dead are:

George, Francis and Stuart Wells, children of Mrs. Wells, and Miss Mary Hall of West River, Md.

Mrs. Wells is in a hospital in a serious condition. The eldest Wells child, Betty, jumped from a window and is the only member of the family to escape unhurt.

CATS SOLD FOR RABBITS

MONTREAL, Sept. 16. (AP)—Discovery that cat meat was being sold as rabbit in local restaurants has been made by city health officials. Dr. S. Boucher of the city health department said a number of convictions had been obtained.

MORROW DEPARTS TONIGHT

Ambassador will Make Stop in New Mexico for Week's Vacation

MEXICO CITY, Sept. 16. (AP)—Ambassador Morrow said tonight he will wind up his affairs here and leave for the United States tomorrow night, with his first stop an unnamed place in New Mexico for a week's vacation.

Later he will go to Washington to resign and then to his home State of New Jersey, where he is the Republican candidate for United States Senator.

The Ambassador was mystified today by reports from the United States he had met with an accident. Considerable consternation was caused here and elsewhere by the reports and Mr. Morrow said he is unable to determine how they originated.

His day was uneventful and he participated in the Mexican Independence Day ceremonies. He laid a wreath upon the Independence Monument in the Paseo de la Reforma at 10:40 o'clock, while the entire Diplomatic Corps looked on, and then watched the great parade of Mexican troops for two hours. He returned to the Embassy residence for luncheon and spent the remainder of the afternoon with the various details of preparation for leaving.

Senator Joyce's Body Exhumed

CHICAGO, Sept. 16. (Exclusive) The body of State Senator John T. Joyce was exhumed from its grave in All Saints Cemetery this afternoon. The body was taken to the County Morgue, where a second autopsy is to be performed today by Dr. E. R. Lecount of the University of Chicago and a second analysis of vital organs for traces of poison is to be begun by Dr. William D. McNally, consulting toxicologist.

Both doctors have been retained by Joyce's widow, Mrs. Mary Daly Joyce.

Unions Mute on Mooney-Billings

MARYSVILLE, Sept. 16. (AP)—Delegates to the annual convention of the California Federation of Labor intimated tonight the convention will not take official cognizance of the Mooney-Billings case.

The time limit for filing resolutions expired at 5 p.m. today, and for the first time since Thomas J. Mooney and Warren Billings were imprisoned the Federation of Labor failed to receive a resolution urging their pardon.

NORTH CAROLINA BANK FAILS TO OPEN DOORS

RALEIGH (N. C.) Sept. 16. (AP)—The Raleigh Banking and Trust Company did not open today and a statement of the directors said it will be liquidated. Belief was expressed depositors eventually will be paid in full. A June bank statement gave deposits as $2,167,180. The State of North Carolina had $298,000 on deposit, protected by State bonds.

TARIFF MEN RETAINED

Two Reappointed on Commission

Present Chairman Brossard and A. P. Dennis Named by President

Meyer Takes Oath of Office as Federal Reserve Governor

WASHINGTON, Sept. 16. (AP)—Five men, four of them experts in tariff matters and the other a veteran diplomat, were charged by President Hoover today with operation of the flexible provisions of the recently enacted Hawley-Smoot Act.

To the three commissioners previously selected—Henry P. Fletcher of Pennsylvania as chairman, Thomas Walker Page of Virginia and Dr. John Lee Coulter of North Dakota, chief economist of the commission—President Hoover today added the names of Edgar B. Brossard of Utah, the present chairman, and Alfred P. Dennis of Maryland, now the vice-chairman.

The sixth member of the commission, which is to be bipartisan under the Tariff Act, is to be announced later. Mr. Hoover said the last-minute declination to serve by one of the proposed Democratic appointees will prevent completion of the group for a week or ten days.

MEYER SWORN

While the President was forming the Tariff Commission, Eugene Meyer, Jr., of New York, was taking the oath of office as governor of the Federal Reserve Board. Meyer, who served the government for many years as chairman of the War Finance Corporation and commissioner of the Federal Farm Loan Board, replaced Roy A. Young of Minneapolis on the board.

In renaming Brossard and Dennis to the Tariff Commission, Mr. Hoover said he did so to give the group the benefit of their experience and to assure the continuity of investigations started since the tariff bill was enacted.

Each of those appointed, except Chairman Fletcher, has had wide experience with tariff matters. Two are former college presidents and the other two were formerly college professors.

Fletcher has been in the diplomatic service for nearly thirty years. After serving with the Roosevelt Roughriders in Cuba, he became second secretary of the Cuban Legation and after holding many diplomatic posts resigned last year as Ambassador to Italy.

FAVORS LOW TARIFF

Dennis, one of the southerners selected by the President, is by his own description a low-tariff Democrat who believes in "hell, calomel and the Democratic party." He voted for John W. Davis in preference to President Coolidge and for Alfred E. Smith in 1928, although formerly one of the personal advisers and a close friend of President Hoover.

He taught economics at Princeton University from 1891 until 1893 while Woodrow Wilson was president of the institution. His first governmental service was as commercial attache of the American Legation at Rome and in 1922 he was the personal representative in Europe of Mr. Hoover, then Secretary of Commerce. Later Mr. Hoover recalled him for special economic studies and investigations, and in 1925 he was named by President Coolidge to the Tariff Commission.

Page, the other southerner, was appointed to the commission by President Wilson in 1918 and served as chairman from 1920 to 1922. Previously he was dean of the college of commerce of the University of California, head of the department of economics of the University of Texas and professor of economics at the University of Virginia.

COMMISSION EXPERIENCE

Brossard has served on the commission since 1925. Before coming to the commission he had been professor of agricultural economics at the Utah Agricultural College, instructor in farm management at the University of Minnesota and economist of the Tariff Commission.

The President also went to the personnel of the commission for the

BUTLER HAS GOOD LEAD

Wet Trailing in Massachusetts

Dry Victory in Republican Senatorial Primary Race Looms

Philip F. La Follette Wins Governorship Battle in Wisconsin

BOSTON, Sept. 16. (AP)—William M. Butler, former Senator and former chairman of the Republican National Committee, running as a dry for the Republican nomination for United States Senator in the Massachusetts primaries, led his nearest opponent, Eben S. Draper, a wet, 68,729 to 59,706, when 887 out of Massachusetts' 1649 precincts had been reported tonight.

The third candidate, Andrew Gillis, Mayor of Newburyport, had 8373 votes.

Draper beat Butler in Boston by only 145 votes.

In the Democratic Senatorial contest two wets, Marcus A. Coolidge, former Mayor of Fitchburg, and former Congressman Joseph F. O'Connell, were running a neck-and-neck race. In this contest 800 precincts gave Coolidge 29,372; O'Connell, 27,910; Thomas C. O'Brien, former Boston District Attorney and also a wet, 19,363; Eugene N. Foss, former Governor and a dry, 5452, and Peter J. Joyce, dry, 1842.

Gov. Frank G. Allen encountered no serious opposition from his only opponent for renomination, former Mayor John D. Devir of Malden. Allen, a dry who made no campaign, standing on his record as Governor, had 70,709. Devir, who termed himself the candidate of the "common people" and who did not press an active campaign, had 4733.

Although announced as withdrawn from the Democratic Governorship race because of ill health, former Mayor John F. Fitzgerald of Boston was polling a vote that made this contest appear uncertain. The vote of 469 precincts gave Joseph B. Ely, wet, approved by the chairman of the Democratic State Committee, 45,101; Fitzgerald, 40,506, and John J. Cummings, 4647. Fitzgerald, however, conceded the nomination of Ely.

LA FOLLETTE FAR AHEAD IN RACE FOR GOVERNOR

MILWAUKEE, Sept. 16. (AP)—The Milwaukee Sentinel, a strong supporter of Gov. Walter J. Kohler, tonight conceded the nomination of his opponent, Philip F. La Follette, son of the late Robert M. La Follette, in today's Republican gubernatorial primary election.

With 1445 precincts out of 2834 reported the vote stood: La Follette, 173,708; Kohler, 125,155.

While Kohler supporters refused to make any estimate, La Follette leaders predicted a majority of 75,000 for their candidate.

Milwaukee county, regarded as the key to every election, proved a surprise. Two years ago it went for Kohler when he ran on the ticket with Herbert Hoover. This time, La Follette regained the edge normally held by his political faction.

Progressive-Republican candidates for Congress all had sizeable leads.

INCUMBENTS VICTORIOUS IN NEW YORK CONTESTS

ALBANY (N. Y.) Sept. 16. (AP)—Organization candidates for Republican nomination for Congress were successful in the first five of the contested districts in New York State to report tonight. Wetness or dryness did not seem to figure in the result.

Mrs. Ruth Pratt, New York's only woman member of the House of Representatives, was renominated in the Sixteenth, or "silk stocking," District, defeating George Hiram Mann.

In the Twenty-fourth District, former Representative Fairchild defeated Charles S. Witwer. This district was captured by Democrats two years ago.

Representative James S. Parker, in the Twenty-ninth District, easily defeated Theodore A. Knapp, who also is the Democrat designee. Parker's dryness did not seem to count against him in the city of Troy, where Knapp was counting upon the support of wet Republicans.

Representative Crowther was renominated in the Thirtieth Dis-

TRUSTS HINDER CANCER WAR

Head of Radiological Society Charges Monopoly Control of Apparatus and Radium

BALTIMORE, Sept. 16. (AP)—The assertion that X-ray specialists are handicapped in their war on cancer by "a prohibitory price" charged by a leading American concern for apparatus used in diagnosis, and by a foreign monopoly in the production of radium, was made today by Dr. Edwin C. Ernst of St. Louis, president of the Radiological Society of North America.

Addressing radiologists, physicians and surgeons from forty-one States attending a post-graduate conference here on methods of cancer control, Dr. Ernst charged "the company at present enjoying the X-ray tube monopoly" filed away useful patents.

These patents, he said, "could and should have been employed by others in the interest of humanity and especially the treatment of cancer by a more effective X-ray radiation.

"This unfortunate condition will continue indefinitely unless the radiologists of America, in co-operation with other interested scientists and medical organizations and our own government prepare ways and means of combatting these practices," he said.

Dr. Ernst said when the Belgian Congo mines were opened and the radium element was imported to this country, all American sources of supply were curtailed and "when the last company was bought up by the Belgian company the mines were closed.

"There still remains an abundance of radium ore in this country which formerly supplied the world.

"Information and scientific data already obtained by this institute have led us to conclude that these fields can be worked at a profit and would help to provide the much-needed supply of radium at a price that institutions equipped to use it could afford and thereby help to reduce the cost of medical care, especially in the treatment of cancer."

further purpose to test Mr. Groh's connection with the investigation," the statement continued, "gave him a number of yellow information slips, purporting to have come from the waste-paper basket in Dannenberg's office and in subsequent hearings these slips were found to be in the possession of the chairman."

Carlstrom charged throughout the committee acted without warrant of law and the statement was intended to inform the committee Mrs. McCormick could not co-operate with it in its investigation if the espionage upon her continued.

WIRE-TAPPING CHARGED

On the asserted wire-tapping, the statement offered to establish by two witnesses, "now here present," the "responsibility of the persons who caused this to be done and connecting such acts directly with employees and operatives of this committee."

Nye, himself, read a lengthy statement at the beginning of the day's session in which he denied the committee had caused any espionage of any sort on any candidate.

"The most conclusive answer to the slanderous insinuation that the committee instigated the asserted theft of these records may be found in the fact that it could not possibly make use of any records obtained by such methods," the chairman declared. "On the other hand, if the records contained any information pertinent to the inquiry, the committee was armed with ample authority to obtain and use them."

STATEMENT BARRED

Another statement, prepared but barred, was that of Dannenberg in which he intended to inform the committee he declined to furnish certain of his records which they had subpoenaed.

The committee had, however, in dropping the investigation of espionage upon Senator Nye, dismissed Dannenberg and his employees as witnesses. Nye said the espionage angle of the investigation would not again be discussed unless employment of the detectives should be considered part of Mrs. McCormick's campaign expenses.

SUPPRESSION CHARGED

In connection with today's proceedings, Mrs. McCormick tonight issued the following statement:

"Chairman Nye of the Senatorial investigating committee yesterday declined to hear the sworn testimony of witnesses who were prepared to prove that the committee's agents have been guilty of the crime of wire-tapping. Mr. Nye made a similar refusal today, although once more my proof was ready.

"I say to Chairman Nye that continued refusal to hear this evidence is a deliberate effort to suppress facts. I want the public to understand that the proof is available and has twice been offered and twice refused. He denies my charges. He again assails me, but that does not explain to the public why, as chairman of the committee, he continues to bar out evidence that his agents have tapped wires."

DAKOTAN WARNS SENATE AGAINST REPUDIATION

WASHINGTON, Sept. 16. (AP)—Senator Frazier, Republican, North Dakota, said today that if the Senate seats Ruth Hanna McCormick in the event she is elected from Illinois it will be a repudiation of its action in the cases of William S. Vare and Frank Smith, who were barred because of excessive campaign expenditures.

BOWLES TO FORCE FOE INTO COURT

Recalled Detroit Mayor will Refuse to Vacate Executive Office

DETROIT, Sept. 16. (Exclusive)—Charles C. Bowles, elected Mayor of Detroit last November, inaugurated in January, recalled in July and defeated for re-election last week, is not going to vacate the Mayor's chair, even if the recount, which began this forenoon, fails him, and Mayor-Elect Frank Murphy is issued a certificate of election.

This announcement was made today by Bowles's attorney, Charles S. Abbott.

"If the recount fails we will permit a certificate to be issued to Murphy. But when Murphy arrives at the City Hall to be inaugurated there will be Charley Bowles sitting tight in the Mayor's chair. Possession is nine-tenths of the law and Murphy will have to go to court if he wants to evict Bowles before Bowles's two-year term is up."

A suit to oust Bowles from the Mayoral chair and to open the way for certification of Frank Murphy, Mayor-elect, as his successor, was started in Circuit Court today.

Young Proclaims Constitution Day

SACRAMENTO, Sept. 16. (AP)—Calling attention to the fact that tomorrow marks the 143rd anniversary of the completion and signing of the Constitution of the United States, Gov. Young today urged the anniversary be fittingly observed. He asked flags be displayed "as a mark of respect to what may very properly be considered as the actual birth of our nation."

"Every American must recognize that the continued prosperity and stability of our government is founded largely on the fundamental soundness of the Federal Constitution," Gov. Young said, "and it is accordingly most fitting that this anniversary be observed."

trict. Crowther, also dry, was opposed by E. Watson Gardiner, a wet.

Representative Cooke was renominated in the Forty-first District, defeating Albert C. Killian. Both candidates had announced themselves as wet.

The first Democratic contest to be heard from, the Fortieth District, showed another organization victory in the success of Roland Crangle, who defeated Frank C. Perkins. The latter also was a candidate for Republican nomination in a triangular fight with Representative Dempsey and Walter Gresham Andrews.

BAYARD NOMINATED BY DELAWARE DEMOCRATS

DOVER (Del.) Sept. 16. (AP)—Delaware Democrats today nominated Thomas F. Bayard of Wilmington, an avowed wet, for United States Senator and adopted a platform which included a wet plank.

This insured a wet and dry fight at the general election in November. On the Republican side Senator Daniel O. Hastings of Dover is the nominee on a dry platform.

Bayard, a former United States Senator, was nominated by the Democratic State Committee after a keen battle with Josiah Marvel, also of Wilmington. The vote was 115 to 95. John P. Le Fevre was named as the candidate for the House of Representatives.

CONNECTICUT REPUBLICANS PICK DRY FOR GOVERNOR

HARTFORD (Ct.) Sept. 16. (AP)—The Republican party of Connecticut today nominated Lieut.-Gov. Ernest E. Rogers of New London, a dry, as its candidate for Governor and adopted a platform advocating restoration of liquor control to the States.

In the November elections Rogers will oppose Dr. Wilbur L. Cross, dean emeritus of Yale University graduate school, the wet Democratic candidate. The Democratic platform calls for repeal of the Eighteenth Amendment and the Volstead Act.

POWERFUL HOUSE LEADER BEATEN FOR RENOMINATION

BUFFALO (N. Y.) Sept. 16. (AP)—Representative S. Wallace Dempsey, chairman of the House Rivers and Harbors Committee, was defeated for renomination today by Gresham Andrews, who came out for repeal of the Eighteenth Amendment.

He was a member of the American commission sent to Europe to investigate rural credits and co-operation and during the war was a member of the national export counsel of the war industries board.

President Hoover before naming the commission conferred today with Chairman Fletcher. The new commission plans to be sworn in tomorrow.

HARRISON CRITICISES BOARD REORGANIZATION

WASHINGTON, Sept. 16. (AP)—The appointment by President Hoover of only five of the six members of the reorganized Federal Tariff Commission was characterized tonight by Senator Harrison, Democrat, Mississippi, as "rank partisanship and inexcusable."

In a statement through the Democratic National Committee, Harrison added that the personnel of the five members "designated by the President and the method he has employed in that designation is tinged with gross partisanship and discredits the work of the commission before it begins to function."

Harrison said the appointment of only five members would enable the three Republicans "to have full sway in the reorganization work," and "that means the heads of some of the divisions having in charge the investigation and study of certain schedules may be changed."

CRASH KILLS PROFESSOR

CHARLEMONT (Mass.) Sept. 16. (AP)—Prof. Richard C. Hay, a member of the faculty of the Tuck School of Finance, Dartmouth College, was crushed to death today when an automobile driven by his father, Gen. W. H. Hay of New York City, overturned. The elder Hay was stunned.

BRUENING WILL CLING TO POST

German Chancellor Ordered to Continue Duties

Cabinet Gives Him Backing by Unanimous Vote

Friends Think He Can Gain Strength in Reichstag

BERLIN, Sept. 16. (AP)—The Cabinet decided unanimously today Dr. Heinrich Bruening should carry on as Chancellor and place before the new Reichstag October 13, next, a program for solving Germany's economic, financial and social problems.

The Chancellor immediately will consult party leaders and see what support can be obtained for continuing his administration following the elections of Sunday, which greatly increased Fascist and Communist representation.

MAY GAIN STRENGTH

There is an impression that Dr. Bruening will be able to develop a strong position despite the fact he has only sixty-eight seats in his own party—the Centrists—while the Fascists jumped amazingly from twelve in the old Reichstag to 107 in the new, and the Social Democrats have 143 votes in the new body.

The remainder of the votes are scattered among smaller parties and to obtain a majority the Chancellor probably will have to line up either the Fascists or Socialists.

The remarkable jump of the Fascists shows that in one city at least the women have turned strongly toward Fascism. In Cologne only 3000 women voted for the brown shirts in the previous election, but they gave them 30,648 votes Sunday.

COUNCIL IN ROW

Today's session of the Berlin City Council, the first since the summer recess, broke up in tumult over demands by the Fascists and Communists.

The Fascists, fortified by their victory Sunday, introduced a motion demanding that the Council dissolve and urging it to request the Prussian Diet to do likewise. This was rejected, as was a joint Communist-Fascist demand that their motion against the Reich emergency law increasing municipal taxation be given preference in the proceedings.

HITLER DISCLAIMS IDEA OF PHYSICAL REVOLT

MUNICH, Sept. 16. (AP)—Adolf Hitler, the Fascist leader whose party jumped from twelve to 107 Reichstag seats in the election Sunday, told a crowded meeting here tonight that the party's success is the first step toward obtaining power on a legal and constitutional basis.

He told his supporters, who had gathered under the slogan "After victory strap your helmet tighter," that the Fascists are revolutionary—but revolutionaries of the mind, not by physical violence. He added that the campaign must not be relaxed for a moment.

It was remarked that Hitler did not mention the possibility of a coalition with other parties in the new Reichstag, and this was interpreted by some as meaning that the Fascists wish to keep a free hand.

TUTTLE OUT AS NEW YORK POSSIBILITY

United States Attorney Resigns and Refuses to Run for Governor

NEW YORK, Sept. 16. (AP)—U. S. Atty. Charles H. Tuttle tonight announced his resignation, said he did not wish to be considered for the Republican nomination for Governor, and declared for the repeal of the Eighteenth Amendment.

Mr. Tuttle, who has been considered the leading possibility for the Republican gubernatorial honor, caused widespread comment in political circles by his pronouncement of his wishes in that regard. He refused to add to his formal statement.

Besides repeal of the Eighteenth Amendment, he said, he favors a constitutional guarantee outlawing the saloon and liquor traffic for private profit. Meanwhile he favors strict enforcement of the amendment.

He sent his resignation to President Hoover to take effect not later than november 16. The Republican State convention will be held the 25th inst.

"I have held this office far beyond the time agreed when I accepted it on April 6, 1927," he said, "and it is necessary for me to return soon to private practice."

Sealer Arrives in Norway with Andree Relics

TROMSOE (Norway) Sept. 16. (AP)—In rain and gloom the sealer Isbjoern arrived here today with the second quota of relics of the ill-fated Andree polar expedition to be taken from White Island.

The Isbjoern relics consist of a collection of maps, records, geological specimens and personal effects of the three long-lost explorers—Salomon August Andree, Nils Strindberg and Knut Frankel—who set out in a balloon thirty-three years ago to float over the North Pole.

The most precious of all the relics are a stained and tattered Swedish flag, which Andree had hoped to hoist in the vicinity of the North Pole; the remains of Frankel in a plain wooden box, and a skull, believed to be that of Andree.

CLEMENCY PLEASES VICTIM OF THIEVES

Laura La Plante

FILM STAR LENIENT IN GEM THEFT

Miss La Plante Agrees to Lesser Charge for Trio Who Stole Jewelry.

CHICAGO, Sept. 16. (AP)—Laura La Plante, film actress, had to help prosecute three Negroes for theft in order to regain her $7000 worth of gems, but she was not particular about seeing them punished.

The jewelry was taken from her berth in a Michigan Central train some weeks ago. Harry Rhodes, Negro porter, and two Negro friends were accused of the theft after the stolen property was found in their possession. Miss La Plante and her mother, Mrs. Lydia La Plante, appeared in court today.

When the case was called the prosecutor inquired whether the actress would agree to amending the charge to petty larceny to allow the defendants probation.

"Why, that would be delightful," she said. "Would it simplify matters?"

The three pleaded guilty and were placed on probation for a year.

FEED RATE PREFERENCE SUSPENDED

Eighty-seven counties of Kansas and Texas will be Investigated Further

WASHINGTON, Sept. 16. (AP)—The certification of eighty-seven counties in Kansas and Texas making them eligible for the emergency freight rates for drought relief has been suspended, pending further investigation of live-stock feed supplies in those areas.

Dr. C. Warburton, director of extension of the Department of Agriculture, said today further study of the forty-six counties in Texas and the forty-one counties in Kansas will be completed within a week. He said the American Railway Association has requested the study be extended regarding the counties in question, most of which were certified a week ago.

While the basis of certification has been on crop conditions—counties where feed and pasture crops are less than 50 per cent of normal being eligible—Warburton said in some counties, ordinarily large feed producers, a surplus exists under even those conditions.

This being the case, the railroads will not accept feed shipments under the emergency rates.

Two Convicts at Folsom Missing

SACRAMENTO, Sept. 16. (AP)—Warden Court Smith reported tonight that Folsom prison guards are searching for William J. P. Burke and William Clark who were missing in the evening check-up of prisoners.

The men are believed to be hiding in the prison yard. Both men were serving terms for second-degree burglary, Burke in Los Angeles county and Clark in Santa Cruz county.

EARTHQUAKE VICTIMS ENTER NEW HOMES

AVEILLINO (Italy) Sept. 16. (AP)—A population rendered homeless by the disastrous earthquake of July 23 received today its first allocation of new antiearthquake houses just fifty-four days after the old residential districts of the town were destroyed.

The provincial Prefect telegraphed Premier Mussolini that 108 houses or apartments, on which work was begun a few days after the quake, were handed over to tenants.

GANG LEADERS DUE FOR 'PINCH'

Chicago Judge Orders Score Brought into Court

"Scarface Al" and Moran Head List of "Vags"

Police, Crime Commission Agree to Co-operate

CHICAGO, Sept. 16. (Exclusive) Every important gang leader in this city was included in a batch of twenty-six vagrancy warrants issued this evening by Municipal Judge Lyle in felony court. The list comprised the "public enemies" named some months ago by the Chicago Crime Commission.

Alphonse Capone, alias "Scarface," as he was called from the bench by Judge Lyle, and George (Bugs) Moran, the rival of Capone, head the list of those named in the warrants. When they are arrested they are to be brought into Judge Lyle's court for trial.

Judge Lyle signed the warrants while Col. Henry Barrett Chamberlin, operating director of the Crime Commission, who prepared the list of "public enemies," and Maj. George Paddock, a director of the commission, sat on the bench with him.

Chief of Detectives Norton told the judge that he would co-operate fully in the grand clean-up of gangsters, hoodlums and racketeers.

The revival of the old vagrancy law was brought about several weeks ago by Special Assistant State's Attorney Rathbun, who has been assigned to investigate the slaying of Alfred Lingle. Prosecutor Rathbun and Chief Investigator Roche used the vagrancy law with effect on Israel (Izzy) Alderman and Joseph Condi and this started the present campaign.

Campbell Death Blame Not Fixed

SAN FRANCISCO, Sept. 16. (Exclusive)—A Coroner's jury presided over by a municipal judge instead of the County Coroner, who is too ill to officiate, today found that Frankie Campbell, heavyweight boxer, came to his death as the result of blows inflicted in a ring bout with Max Baer August 25, last, but Baer was not named as the responsible party. Baer did not testify, although he was present.

Mrs. Edna Ermy, member of the county grand jury, attended the session, as did Asst. Dist.-Atty. Tyrrell, in charge of grand jury prosecutions, leading to reports the grand jury will consider the matter.

BABY GOLF INDUSTRY HUGE USER OF COTTON

WASHINGTON, Sept. 16. (AP)—The rising industry of establishing miniature golf courses has used 1,500,000 yards of cotton textiles. This was the count made today by a Commerce Department branch. It does not take into consideration the amount of cloth which it is expected the baby golf course operators will have to acquire if they put their grounds under canvas for the winter.

FOREIGN TRADE HOLDS ITS OWN

President Told Volume of Exports Increasing

Record by Value Shows Loss, Due to Price Decline

Quantity Total Nearly Up to Last Year Mark

WASHINGTON, Sept. 16. (AP)—President Hoover has been informed by the Commerce Department that American foreign trade for August is running between 80 and 85 per cent in quantity of like foreign trade last year and has registered some gain over early months of 1930.

"I have received from the Department of Commerce preliminary figures on foreign trade for the month of August," the President said today. "They show total imports of $217,000,000 and total exports of about $300,000,000. The exports show an increase of about $38,000,000 over July.

"The department has made a study as to how far imports and exports have been affected by the fall in prices as distinguished from actual quantity. During the first seven months of this year our exports have decreased about 30 per cent in quantity and our imports have decreased about 5 per cent, indicating that our buying power has held up much better than that of foreign countries."

Since wholesale prices on world markets have fallen about 15 per cent during the last year on the average, covering all commodities, the departmental studies indicate quantities in foreign trade of the United States are not much below 1929 figures.

The counts, however, having been kept in values, have shown a greater decline in dollars than they actually would in unit of quantity.

Four Sentenced in Bank Robbery

SALISBURY (N. C.) Sept. 16. (AP) Ted Honeycutt, 19 years of age, and John Ellis, 20, of Charlotte, and two girls tried here with them for robbing the Bank of Rockwell August 18, were given prison terms today. The boys were sentenced to ten to fourteen years in State's prison at hard labor. Both had pleaded guilty.

Mabel Yarborough of Charlotte, who entered a plea of guilty to a charge of being an accessory to the robbery, received a five to eight year sentence. Mary Frick of Rockwell was given a sentence of six to eight years.

POLE-SITTING EFFORT CAUSES DEATH OF BOY

CHICAGO, Sept. 16. (AP)—An attempt at pole sitting brought death by electrocution to Stephen Walsh, Jr., 18 years of age, last night. He came in contact with power wires at the top of the pole to which he had climbed.

"HURRAH, MOTHER GIVE US MORE!"

"We *like* you for this," say children who get roughage this new way

Urging, reminding, *forcing*, wears you out—the children too; and often causes "profound digestive disturbances," according to nutritional experts.

The new way is to get the (roughage) "vegetable-effect" from the new, delicious cereal—HEINZ Rice Flakes—*absolutely different. Not* a bran food.

Contains vegetable-cellulose (same as vegetables do) which increases in bulk *four to six times* after eating, forming one of the mildest, gentlest, yet most effective types of natural bulk-and-roughage known to Science. Any normal person can eat it daily for a lifetime with only good results. Ask your physician.

Flavor so delightful that everybody wants it. Effects that you can get in no other way.

Serve *twice daily for one week* to start the benefits; once daily thereafter to maintain them.

MONEY OF ARGENTINA ALL GONE

Budget for 1930 Used Up; Foreign Minister's Great Jump in Fortune Noted

BUENOS AIRES (Argentina) Sept. 16. (AP)—Argentina's financial condition today occupied the attention of the Cabinet. At a meeting held last night the Finance Minister revealed to his associates that in seven months all funds authorized by the 1930 budget had been completely exhausted.

As the navy has not even fuel to operate its ships the Cabinet granted the Marine Minister authorization to raise 250,000 Argentine pesos to meet the immediate needs of the warships. The Finance Minister also was authorized to pay £50,000 for armaments due for two years.

A document was made public by the Minister of Finance purporting to contain a detailed statement of the private fortune of the former Foreign Minister, Dr. Horacio B. Oyhanartes. When Dr. Oyhanartes took office in 1928, the document said, he was worth 300,000 pesos. At the time when the revolution ousted his chief, President Irigoyen, the Foreign Minister had a fortune estimated at 6,500,000 pesos.

Mystery Blast in Mexico City Begets Inquiry

MEXICO CITY, Sept. 16. (AP)—Police today conducted an investigation of a mysterious explosion in the Plaza de la Constitucion which last night took one life and seriously injured twelve other persons.

The plaza was crowded with 50,000 persons celebrating Mexico's independence anniversary and awaiting appearance of President Ortiz Rubio on a balcony of the National Palace to repeat into the radio microphones the "Grito de Dolores," or Mexico's independence cry.

Suddenly the explosion occurred, precipitating the utmost excitement. Ambulances rushed the injured persons to hospitals and calm returned. The President appeared, rang the liberty bell, and repeated Hidalgo's independence cry and the celebration went on as usual.

Mrs. Hoover, Jr., Goes to Spouse

PASADENA, Sept. 16. (Exclusive) Mrs. Herbert Hoover, Jr., left here yesterday for President Hoover's summer camp on the Rapidan River, Virginia, where she will remain with the President's son, who is reported to be recovering from a slight illness caused by overwork.

The three grandchildren of the President will remain at the family home, 300 Palmetto Drive, in charge of a governess and nurse.

CAR OF PEACH BUTTER SHIPPED TO COLUMBUS

SAN FRANCISCO, Sept. 16. (AP)—The first carload of peach butter to be shipped across the continent by the Economic Conservation Committee of America left here today for Columbus, O. It was consigned to the State purchasing agent of Ohio. The committee has salvaged tons of peaches which would have rotted in California orchards and is converting them into peach butter for sale to State institutions and charitable organizations.

MISSING JUDGE'S CHECKS TRACED

Crater Drew $7000 After Bench Appointment

NEW YORK, Sept. 16. (Exclusive) Evidence that Supreme Court Justice Crater drew $7000 in cash from a bank May 27, last, several weeks after his appointment to the bench, and received the money in seven $1000 bills was disclosed by Dist.-Atty. Crain today, incidental to the grand jury's resumption of its inquiry into the judge's mysterious disappearance.

Justice Crater drew the $7000 check to "cash" on a hitherto unrevealed account in the International Germanic Trust Company. A day or two before Judge Crater disappeared on August 6, he cashed two similar checks totaling $5650.

Mr. Crain introduced seven witnesses before the grand jury today.

Why our
7%
REAL ESTATE LOANS
are in Such Demand

Pacific States Savings has by far the largest loan volume of any building and loan association in the West because it offers these advantages:

LONG TERMS: Our loans may run from 5 to 15 years.

EASY PAYMENTS: Monthly payments ranging from $8.99 to $15.09 per $1000 pay off both the principal and interest in full.

NO RENEWALS: Our loans are worry-free. They relieve you from the bother and expense of periodically renewing your note. And as long as you fulfill the simple provisions of your loan it cannot be called.

65% TO 75% LOANED: Here you may borrow from 65% to 75% of the fair market value of your property . . . which usually eliminates the need for a costly second mortgage.

7% INTEREST: No hidden charges here. Your note bears 7% simple interest, computed on the balance of the principal after each monthly payment is deducted. Our moderate office fee is payable only if your loan is consummated . . . and then only once during the life of your loan.

REFINANCE NOW: We are making prompt advances on residential and income property meeting our qualifications, and located in or near cities served by our offices.

To grasp the full worth of these advantages, compare our 7% loan with other monthly payment loans. Call or write for booklets.

DRIVERS TO GET LICENSES BACK

Chief Snook Starts Work of Restoring Permits

Court Holds Default in Suit No Forfeiture Cause

More than 250 Will Recover Seized Certificates

SACRAMENTO, Sept. 16. (AP)—Frank G. Snook, chief of the Division of Motor Vehicles, started restoring today the drivers' licenses of 256 persons deprived of their privileges for failing to pay damage judgment in automobile accidents. This action is in line with a recent decision of the State Appellate Court declaring that section of the motor vehicle law invalid.

Snook said that 158 cases being investigated by the division will be dropped.

The section of the law involved provides that if an automobile driver fails to satisfy judgment in fifteen days his license is automatically suspended. The law was enacted by the 1929 Legislature and was declared unconstitutional by the Appellate Court last week. Licenses restored were those canceled since September, 1929.

SON OF GLENN COUNTY PIONEER SUCCUMBS

CHICO, Sept. 16. (AP)—Frank B. Glenn, 68 years of age, former banker and extensive landowner, died here today. He was a son of the late Dr. Hugh J. Glenn, after whom Glenn county is named. Thirty years ago he served one term in the State Assembly. He was Glenn county's first bank president when he headed the Bank of Willows and recently was connected with the Bank of Italy here.

LONDON, Sept. 16. (AP)—Agatha Christie, noted woman detective-story writer, was married last week to Max E. L. Mallowan, British Museum archeologist.

The couple, whose marriage was revealed today, will go to Palestine, where Mr. Mallowan has been engaged in excavations.

Mrs. Christie caused a sensation in 1926 when she mysteriously disappeared from her London home. She later was found, suffering from loss of memory, by her then husband, Col. Archibald Christie. She obtained a divorce from Col. Christie in 1928.

FITTS LEADING EXPENSE LIST

Campaign Cost Prosecutor Total of $24,087

Rolph Spent $13,891 in Nomination Race

Young Reports His Bills at Only $7324

SACRAMENTO, Sept. 16. (AP)—The Secretary of State's office today issued a statement showing estimates of the compaign expenditures filed by candidates for State offices in the August primary election.

Buron Fitts, Los Angeles District Attorney, led the list with the figure $24,087 as the expense of his campaign for Governor.

ROLPH SPENT $13,891

Mayor James Rolph, Jr., San Francisco, spent $13,891.50; Gov. Young, $7324.75; Milton K. Young was next with $2679.07, and Upton Sinclair $203.30.

Harry A. Chamberlin, Los Angeles candidate opposing H. L. Carnahan, Los Angeles, for the office of Lieutenant-Governor, listed his expenses as totaling $6317.69; Carnahan's total was given as being $4715.65; William Ivanhoe Kinsley, San Diego, $519; Frank F. Merriam, Long Beach, Republican nominee, $1057.61; Tallant Tubbs, San Francisco, $744.60; Martin I. Welsh, Sacramento, $83.09, and Chaim Shapiro, Los Angeles, $82.40.

M. Len Hutchins of Los Angeles, running against Frank Jordan, incumbent Secretary of State, stated his expenses totaled $706.25, while Donald J. Bruce, San Francisco, quoted $200; Jordan, $100, and William Maddux of Fulton, $100.

RAMBO LISTS $2295

The fight for State Controllership was reflected in the statement by C. J. Rambo of Los Angeles, that he spent $2295.83, and Ray L. Riley, incumbent, $1304. Paul Collins, San Francisco, candidate, stated he spent $702.

William E. Smith of Burbank listed $1259.75 as his expenses in the campaign for State Treasurer; Charles G. Johnson, incumbent, stated he spent $323; Frank J. Smith, Los Angeles, $215.25; Augustus J. Johnson, Los Angeles, $107.50, and William B. Shearer, Sacramento, $103.

Charles A. Son, Los Angeles attorney, stated he spent $16,290.81 in an effort to defeat Atty.-Gen. U. S. Webb, while the latter gave his expenses at $747.50, and Frank M. Smith of Los Angeles, $1620.

VAUDEVILLE PLAYER ON CUPID SCHEDULE

Olive Belle Hamon

DAUGHTER OF HAMON TO MARRY

Musician, Kin of Oil Man Slain in Scandal, will Wed Missourian

KANSAS CITY, Sept. 16. (AP)—Olive Belle Hamon, known on the vaudeville stage as Loma Worth, and Roy David Gatewood, St. Joseph, Mo., obtained a marriage license here last night.

Miss Hamon, a musician, is the daughter of the late Jake L. Hamon, oil man and Republican National Committeeman from Oklahoma, who was fatally wounded by Clara Smith Hamon at Ardmore, Okla., ten years ago.

Gatewood gave his age as 29 and Miss Hamon as 21.

Floridan Held for Shooting in Street Quarrel

TALLAHASSEE (Fla.) Sept. 16. (AP)—Fred O. Eberhardt, Tallahassee publisher, exonerated recently of charges he conspired to cause the assassination of Gov. Doyle E. Carlton, shot and wounded O. L. Bankston of Crestview, Fla., in a street fight here today.

Witnesses said Bankston met Eberhardt on a street corner and assaulted him. The publisher drew a pistol and Bankston was shot in the hand as he attempted to push the gun away.

Eberhardt told authorities he does not know his assailant and can ascribe no reason for the attack.

He and Bankston and J. M. Harvel, who was seen in company with Bankston here, were arrested and held for an investigation.

Officer Called by Radio Slain

CHICAGO, Sept. 16. (AP)—A burglar alarm flashed over police radio brought death early today to Patrolman William E. McCann, 32 years of age.

Hunting the prowlers who Leon Davis, a Negro, had telephoned were attempting to force a window of his flat, McCann was fatally shot by Davis, who said that he had mistaken the officer for a prowler.

McCann and Patrolman Adolph Avery heard the alarm while cruising in the radio-equipped police squad car. Avery stood guard at the front of the building in which Davis lived while McCann went around to the rear. As he passed a window five shots from a revolver felled him.

WIFE TIRES OF JOB AS PUNCHING BAG

DENVER, Sept. 16. (AP)—Suit for divorce has been filed against George Manley, Denver light-heavyweight boxer, by his wife, the former Mrs. Helen Wilfley, wealthy widow, whom he married July 12.

Mrs. Manley says her husband riddled her $2100 automobile with bullets last week and beat her so severely her entire body is covered with bruises. Manley is at liberty on $1000 bond for assault on two Colorado peace officers who sought to arrest him last week.

SCHOOL DEDICATION

SOUTH GATE, Sept. 16.—Dedication exercises for the new South Gate High School Building have been arranged for the evening of the 23rd inst. Vierling Kersey, superintendent of public instruction, is expected to be present and deliver an address. Other interesting features are being arranged. The entire plant will be thrown open for inspection on that evening.

POSTAL LEASE SURVEY READY

Report will be Submitted to Hoover This Week

Postmaster-General Wants to Own Buildings

Better Service at Less Cost Believed Possible

WASHINGTON, Sept. 16. (AP)—A survey of the postoffice lease situation, requested by President Hoover in March, has been completed by Postmaster-General Brown. It is to be delivered to the President some time this week.

The just-completed summary has been considered merely another step forward in the plan to make the United States owner, not tenant, of the country's important postoffice buildings.

In addresses and annual reports, the Postmaster-General repeatedly has called attention to these facts: The department now occupies about 6500 buildings under leases running from five to twenty years, for which the annual rent bill is approximately $17,000,000. In 5000 towns the main postoffice is in a leased building, in large cities 1300 buildings are being leased for branch offices, 100 for garages, 53 for railway mail stations.

Brown, commenting the World War compelled the abandonment of Federal building at the very time the growth of the parcel post system was necessitating increased quarters, has frequently discussed the rise of the "professional bidder" for postoffices.

These men, he said, specializing in erecting and equipping postal buildings, often offer the government marked advantages over other bidders. But their financing, he said, has sometimes called down criticism and is "poor business" for the government.

He balanced rentals equaling 10½ per cent on the investment against the 4 per cent at which the government can borrow money—and with its real estate tax-free.

Looking toward ownership, the Postoffice Department now renews leases only with option to buy. Postmaster-General Brown believes such ownership would mean buildings better suited to postal needs, greater operating efficiency, better working conditions.

VETERANS' AID COSTS MOUNT

Disability Allowance Pleas Exceed Estimate

Gen. Hines's Figures Short Millions of Dollars

More than 200,000 Expected to Receive Pensions

WASHINGTON, Sept. 16. (Exclusive)—Millions of dollars more than was anticipated will be spent annually by the government in making payments to World War veterans under the disability allowance, or pension act, passed by Congress July 3, last.

This became evident today when it was announced at the Veterans' Bureau that 149,310 applications for allowances had been received up to the 1st inst. and that others are pouring in at the rate of more than 1000 a day. Brig.-Gen. Frank T. Hines, administrator of veteran affairs, estimated when the act was pending that 156,000 claimants would benefit in the first year, but it is apparent that his forecast was far too low.

Thousands of veterans were ready with their applications when the act became effective and 74,000 were in the hands of the Veterans' Bureau regional offices on August 1, less than thirty days later. During August 75,310 more came in, bringing the total number of applications within two months almost up to Gen. Hines's estimate of claimants in a year. About one-half of the cases adjudicated so far have resulted in awards to the applicants. If this ratio continues and applications come in during the next few months in anywhere near the current rate the claimants within a year are expected to number 200,000 or more.

Gen. Hines had estimated that the payments in 1931 would total $31,555,050 and in 1935 close to $80,000,000. Just how much these figures will be surpassed is problematical, but it is likely that at the end of five years the pension act will be costing well over $100,000,000 annually.

HIS FLAG TO WAVE OVER BATTLE FLEET

Admiral Chase

NAVY HEAD ENDS SERVICE TODAY

Hoover Accepts Resignation of Admiral Hughes

Chase will Assume Fleet Command in October

President Praises Record of Retiring Chief

WASHINGTON, Sept. 16. (AP)—President Hoover today accepted the resignation of Admiral Charles F. Hughes, chief of naval operations, who leaves active service in the Navy tomorrow, when he is relieved by Admiral William V. Pratt.

"During your service in the Navy," the President said, "you have successfully commanded all units of the fleet, culminating in the present highest office offered by the Navy, from which you now feel it is your duty to resign; I wish to express my appreciation of the splendid services you have performed, and also the conviction that your resignation will be received with deep regret, not only from the naval service, but from the country as a whole."

NAVAL SURVEYS DUE

Although Admiral Hughes will not have reached statutory age of retirement, 64 years, until October 14, he said he took the action at this time "because of the realization that during the next two months important surveys and plans must be made for the future development of the Navy."

The chief of naval operations is ex-officio chairman of the Navy General Board, which, late this month, will meet to prepare a navy building program within the limits of the London treaty. Admiral Hughes desired Admiral Pratt be called to duty now that he might initiate and guide through his own policies regarding the building program.

CHASE TO TAKE POST

Meanwhile at the Navy Department it was announced Rear-Admiral Jehu V. Chase will relieve Admiral Pratt as commander-in-chief of the fleet. On October 6, next, he will hoist his flag on the U.S.S. Texas, flagship of the fleet, at Los Angeles Harbor. Until that time Admiral Frank H. Schofield, commander-in-chief of the battle fleet, has been designated for the interim appointment.

A third change will take place tomorrow in the office of assistant chief of naval operations when Rear-Admiral Standley is relieved of command by Rear-Admiral John Halligan, Jr. Halligan comes from duty in command of the aircraft squadrons of the scouting fleet; Standley goes to assume command of the destroyer squadrons of the battle fleet.

GIANT NEW SUBMARINE DARES SEA

Two-Day Builder's Test of V-6 Begun After Which it will Prepare for Cruise

VALLEJO, Sept. 16. (Exclusive)—With her hull and motors complete, the United States Navy submarine V-6, built at the Mare Island navy yard at a cost of $5,850,000, put to sea today for a two-day builder's test. Lieut. Henry Schade will represent the Navy on the test. Twenty-five civilian mechanics are aboard, in addition to the seven officers and ninety sailors in the crew, to demonstrate the handling of the ship.

The new vessel, said to be one of the fastest in the United States fleet, measures 370 feet over all and is constructed to dive 300 feet. Although Congress appropriated $6,650,000 for the ship, hull construction on the west coast is held responsible for saving the difference between the appropriation and actual cost.

The usual shakedown cruise is scheduled to begin in October, after which the vessel will be turned over officially to the Navy. Lieutenant-Commander T. J. Doyle is slated for command.

MRS. KENNEDY BREACH SUIT HEARING PUT OFF

OLYMPIA (Wash.) Sept. 16. (AP)—Hearing on Rev. H. H. Clark's appeal in a breach-of-promise action against Mrs. Minnie Kennedy, scheduled for Thursday before the State Supreme Court, was put over until the winter term by stipulation of attorneys for both sides today.

The King County Court nonsuited the case of Clark, a former Seattle pastor. He appealed on the grounds the lower court had no authority to nonsuit. Mrs. Kennedy, mother of Aimee Semple McPherson, evangelist, had the right to break her engagement to Clark if she wanted to, the lower court held.

MAN KILLED IN NEW DETROIT OUTBREAK

DETROIT, Sept. 16. (AP)—A man who came out of hiding three weeks ago and told friends he feared he had not long to live, was shot to death last night in a new outbreak of gun war in Detroit. He was Tony Gravina, 39 years of age, a grocer who has no police record. Officers are seeking to learn if he had any connection with the gangster warfare which has claimed more than a dozen lives since the first of the year.

ONE KILLED IN STORM

MESSINA (Italy) Sept. 16. (AP)—One person was killed and another was injured when a roof fell during a terrific storm which struck this seaport at midnight. Several shacks floated away into flooded streets with their occupants prisoners inside them. There is considerable property damage.

NOTED VETERAN PASSES

SACRAMENTO, Sept. 16. (AP)—George W. Herr, 86 years of age, past Commander of the Grand Army of the Republic of California and Nevada and a resident of Sacramento since 1870, died here today.

CANADA TARIFF BILL PRESENTED

Duty Increases Highest in Dominion History

Hits British Trade as Well as United States

Premier Bennett Delivers Own Budget Speech

OTTAWA, Sept. 16. (Exclusive)—Sky-high protection against the world in general and the United States in particular was introduced to Canada today as the Bennett government tariff policy.

Major tariff increases effected in today's budget against farm machinery, automobile parts, gasoline, boots and shoes, iron and steel, cotton and woolen textiles, machinery and paper, and the juttisoning of the late Liberal government's counter-vailing duties against America in favor of rigid duties of about the same proportions, are but the forerunners, Bennett said, to a complete upward tariff revision next session. Some of today's increases are to 40 and 50 per cent, the highest in Canada's history.

TO AID EMPLOYMENT

The biggest specific increase affecting the United States is that increasing from 10 to 25 per cent the duty on American-made farm implements. By the budget terms the government also takes power to increase from 15 to 50 per cent the Canadian antidumping duties, which mainly concerns American goods. There are 170 upward revisions in all.

Premier Bennett as acting Finance Minister delivered his own budget speech. He calculated that the tariff increases the government is making will provide employment for at least 25,000 Canadians at present out of work.

HITS AT EMPIRE

Not only American goods are to be barred from Canada's markets by today's enactments, which are effective at once, but protection is taken in many instances against imports from the United Kingdom and other British Empire units. For instance, Canada's tiff with New Zealand over New Zealand butter importations culminates in Canada enacting a prohibitive 8 cents per pound duty against butter from anywhere in the British Empire. British textile imports also are affected.

Proposed Game Law Denounced

SAN FRANCISCO, Sept. 16. (Exclusive)—Charges that the proposed constitutional amendment giving plenary powers to the Fish and Game Commission is undemocratic, autocratic, unconstitutional and an insult to the voters of California, were made today by John B. Hauer and President M. S. Harris of the Wild Life League. Hauer, initiating the protest, said:

"This measure would give to the Fish and Game Commission the power to make laws, enforce them and judge them. Our Constitution separates all these powers. The measure is sponsored by men who want to rule for their own ulterior purposes."

Grapes Swamp Control Board

SAN FRANCISCO, Sept. 16. (AP)—Fruit Industries, Inc., is swamped with offers of twice as many grapes as it can handle, the Grape Control Board said here today.

The organization, a co-operative of by-products concerns, notified 16,000 growers it might take their surplus grapes at $17.50 for blacks and $15 for whites delivered. Two thousand accepted, offering double the tonnage the factories can handle this season, Harry Caddow of the control board said.

FILM PLAYER RETURNS

NEW YORK, Sept. 16. (AP)—Marion Davies, a motion-picture actress, returned today from Europe, where she has been traveling for three months. After a few days in New York Miss Davies will leave for Hollywood to start work on a new picture.

OCEAN TUBE TESTED OUT FOR POWER

Prof. Claude Succeeds in Pumping Cold Water from Bottom of Sea

MATANZAS (Cuba) Sept. 16. (AP) Prof. George Claude today progressed one step nearer his ambition to make the Gulf Stream produce electrical energy. He succeeded in sucking up from the depths of the ocean water at a temperature only 2½ deg. centigrade, warmer than he had calculated. He hopes to produce electrical energy by taking advantage of the difference in temperatures between surface and deep waters.

The French scientist last night saw the last section in his 1700-yard steel tube placed in position. The pumps were put to work and cold water at a temperature of 13 deg. centigrade (55.4 Fahrenheit) came through.

Prof. Claude had estimated that the water 2000 feet below sea level at this point would be 10½ deg. centigrade and was pleased his calculations had been so close.

He told the Associated Press he expects to be able to obtain water at one-half or more degrees cooler once the great steel tube has been chilled. He hopes to be able to conduct the final phase of his experiment within another day or so.

SUSPECT IN LINGLE CASE HELD IN JAIL

Chicago, However, Doubts He Did Job as Prisoner Flatly Denies Guilt

LOUISVILLE (Ky.) Sept. 16. (AP)—Ted Geisking, sought for several days as the suspected murderer of Alfred Lingle, Chicago reporter, was found today to have been in jail here on vagrancy charges since last Friday. A detective recognized him by a picture.

Hardly had the man admitted his identity before press dispatches from Chicago said authorities there were not so certain after all Geisking shot the reporter. The man himself flatly denied that he had done it or even knew Lingle. Police said he admitted rum running and hijacking.

A man brought here by George Williams, Chicago detective, and said to have seen the Lingle slayer, said "that looks like the man except for his hair," and so Geisking was given a shampoo. That, however, failed to disclose any evidence of hair dye.

Democrat Quits to Aid Britten

CHICAGO, Sept. 16. (AP)—Democratic leaders in Cook county today announced Thomas Rohan, Democratic nominee for Congress from the Ninth District, had withdrawn and said the Democrats will support Congressman Fred A. Britten of the Ninth District, a Republican and a wet.

Rohan, explained his withdrawal, said he wished to assure the election of Britten. He said he and Britten agreed on all vital issues; that their positions would be the same and any contest between them would simply divide the friends of personal liberty.

Guard Wounded in Prison Riot

BALTIMORE, Sept. 16. (AP)—Albert Owen, a prison guard, was shot, probably fatally, today when he detected nine prisoners, lifers and long-termers, in an attempt to escape over one of the walls of the Maryland State penitentiary here.

More than a score of shots were exchanged between guards and convicts, and a riot call brought 200 policemen to the prison, which is situated in the heart of the city.

In patrols, commandeered automobiles and on foot the policemen and detectives sped to the scene, followed by excited crowds. By the time they arrived, however, the situation was under control.

EL BRENDEL TO BE FILM STAR

Fox Looking for Stories to Fit Swedish Type Comic; Universal Will Film University Prize Show; Many Players Leave on Vacations

BY GRACE KINGSLEY

It has seemed quite inevitable for a long time that El Brendel, Swedish type comedian, would become a star. The public clamors for him, and that's the only way a star is ever really established.

EL BRENDEL

Fox, we have just learned, is now searching for stories that especially fit him and his style of comedy. So far no vehicle has been chosen, but three stories are now being considered.

El Brendel when we first knew him, was the comedian of "Sally." The day I met him in his dressing-room at the Biltmore he was going to have a screen test, and he declared he was "goose pimples all over." But from the moment he showed up on the screen there was never any doubt of his success.

"OH, HECTOR" TO BE UNIVERSAL FILM

One of Universal's productions for the coming year, we learn, will be "Oh, Hector," the 1930 varsity show staged by the Columbia University players at the Waldorf-Astoria in New York. This play won the first prize in a play contest conducted by Universal Pictures and College Humor magazine.

William P. Smith wrote the book of "Oh, Hector," while G. Edward Travis, William Mitchell and Homer Pearson the music, and Milton H. Pascal the lyrics.

Several hundred college play scripts from schools in every section of America were entered. Carl Laemmle, Jr., and the scenario staff at Universal, with H. N. Swanson, editor of College Humor, acted as judges.

Warner Players Decamping

Players at Warner Brothers studio are planning late vacations.

Winnie Lightner, who has completed two starring specials for Warner Brothers, namely "The Life of the Party" and "Sit Tight," in the latter of which she was costarred with Joe E. Brown, has left Hollywood for New York, where it is likely she will enter a show. In any case she will return to the studio shortly after Christmas to prepare for "Red Hot Sinners."

IRENE DELROY

Irene Delroy will leave Hollywood shortly for New York and probably Europe. She will return after the holidays. Olson and Johnson, featured comedy pair in "Fifty Million Frenchmen," have left Hollywood for a long swing about their vaudeville circuit. Although their contract for stage appearances runs more than a year, they will take time out of it in the early spring to make at least one more picture for Warners.

Roy Del Ruth, director for Warners, is planning a European trip following the editing of "Ex-Mistress."

Paramount Stars, Too

Paramount stars seem to be joining the exodus which is flowing east and to Europe on holiday. Now it is Buddy Rogers, Mitzi Green and Jack Oakie who are planning trips.

Buddy Rogers left last night for the East and Middle West, where he will make personal appearances in Boston and Minneapolis. Following that he will go to New York, shipping thence to Europe for a two-months' sojourn.

This will be Buddy's second trip abroad. The first was undertaken under humbler but perhaps more thrilling circumstances; he went as a schoolboy in vacation time to Europe on a mule boat, acting as a valet to a bunch of refractory Maudi. He saw bits of London and Paris and had a good time as an unknown. Now he will be wined and dined within an inch of his life.

Mitzi Green leaves shortly for Detroit, whence she will travel back to Chicago and Minneapolis, appearing in all three cities at Paramount picture houses.

Jack Oakie is going to Toledo for a week's personal appearance, after which he will return to Hollywood and start work on another picture.

Butler Directs Rogers

David Butler has been chosen to direct Will Rogers when the star begins work in his next Fox starring vehicle, Mark Twain's "A Connecticut Yankee in King Arthur's Court," it became known yesterday.

WILL ROGERS

Three writers are engaged in the composing of the script. They are Emmett Flynn, who directed that never-to-be-forgotten silent version of the famous story; Hayden Talbot and Harlen Thompson, both the latter well-known writers.

Al Santell Selected

Everybody has been wondering, while Fox officials wrinkled over the problem, who would direct the new air picture, "Squadrons," which Fox will produce.

The matter has been settled, and we learn that Al Santell is to have the task in hand. So far no cast has been chosen. Elliot White Springs wrote the story.

J. Farrell MacDonald Writes

When a man writes a letter which has to be sent seventy-five miles to be posted, that letter deserves a little consideration, we think.

That's what J. Farrell MacDonald has done. From him, at work on location near Tuba, Ariz., on the desert, we are in receipt of a letter telling us about a cloudburst in that section which threatened to wash out the tent city which was constructed for Pathe's "The Painted Desert."

"But that cloudburst, though exciting for a while, cleared and cooled the air, so that it is bearable to work," the actor wrote. "We have quite a sumptuous canvas hotel, with William Farnum and myself occupying a room in it."

POPULAR COMIC IN NEW FILM

Slim Summerville, Former Favorite of Silent Screen, Regains Lost Laurels

In one of the leading comedy roles in "Little Accident," which succeeds "Rain or Shine" at the Orpheum Theater Saturday, is Slim Summerville.

The lanky, awkward comedian, like many other popular players of the silent screen, found himself in a sad predicament with the advent of the talkies, because producers would cast only those with stage training. Slim had begun his career as an actor after having served as a newspaper reporter in several western cities. First an extra, he was soon starring in Mack Sennett comedies. He directed for some time, and then reverted to acting in character parts.

Summerville's first chance in the talkies was in a minor role in "The Shannons of Broadway." Carl Laemmle, Jr., was impressed with his potentialities, and cast him for the role of Tjaden in "All Quiet on the Western Front." Since then he has been in demand.

The chief roles in "Little Accident" are played by Douglas Fairbanks, Jr., Anita Page and Sally Blane. Others of the cast are Joan Marsh, ZaSu Pitts, Roscoe Karns, Bertha Mann and Henry Armetta. William James Craft directed.

EPIC FILM COMES TO PRESIDENT

Color and Sound Added to "Birth of Nation" Which Starts Run Tonight

Henry B. Walthall

Tonight D. W. Griffith's epic of silent motion pictures will be unfolded at the President Theater in the presence of many of the players who composed the original cast of the film when it was produced sixteen years ago. Sound and color have been added to the film, but in every other respect it remains as originally presented, according to an announcement.

Henry B. Walthall and Lillian Gish play the leading roles and are supported by a cast including Mae Marsh, Miriam Cooper, Robert Harron, Raoul Walsh, Spottiswoode Aiken, Walter Long, Donald Crisp, Joseph Henaberry, Wallace Reid, Mary Alden, George Seigmann and Elmer Clifton.

A gala opening is planned, featured by personal appearances of members of the cast.

'Madam Satan' Date Advanced at Criterion

The premiere date of Cecil B. De Mille's "Madam Satan" has been advanced from the 26th inst. to the 24th inst. at the Criterion Theater. This change means that "All Quiet on the Western Front" will be offered for only six more days.

With the new premiere only a week away the special staffs assigned to the picture by Metro-Goldwyn-Mayer and Fox West Coast Theaters are redoubling their efforts.

With Jeanie MacPherson as author of the story and Elsie Janis credited with an important share of the dialogue, it is said that "Madam Satan" will be of exceptional interest to women. Kay Johnson and Lillian Roth head the large cast of women. Included are Lotus Thompson, Vera Marsh, Elsa Petersen, Ynez Seabury, Betty Francisco, Julanne Johnston, Martha Sleeper, the Countess De Liguoro, Katherine Irving, Doris McMahon and Aileen Ransoom.

Principal male roles are played by Reginald Denny and Roland Young.

Equipment at Fox Wilshire House Lauded

The faintest note of Harp's harp will sound clearly in every part of the new Fox Wilshire Theater, when the Marx Brothers' act, "Animal Crackers," comes to the screen at the gala premiere of the new house Friday evening, according to reports.

This is the promise of sound experts, who, following extensive tests, pronounced the new theater one of the best in point of sound projection and design of auditorium for audience reception.

The auditorium of the new theater, seating 2500 persons, was designed in the shape of a large horn, which begins at the stage and develops outward. The covering on the upholstered chairs is a new material which enhances the carrying of sound waves, it is said.

With motion-picture celebrities participating, the opening program for the new theater will be under the direction of the Beverly Hills Chamber of Commerce.

'Cascarrabias' Scheduled for International

Ernesto Vilches, popular Spanish speaking actor, is the star of Paramount's Spanish production, "Cascarrabias," which is to have its first showing in this country beginning Friday at the International California Theater.

"Cascarrabias" is said to provide Vilches with a fine acting opportunity. The supporting cast includes Carmen Guerrero, Delia Magana, Ramon Pereda, Juan Duval, Andres De Seguerola, Paco Moreno, Celestini Dufau and Barry Norton.

Another Film Cast Goes to War

Sally Eilers and Buster Keaton
In a scene from "Dough Boys," the popular comic's latest starring vehicle, which comes to Loew's State Theater tomorrow.

FILM'S HARDSHIPS TOLD

Stories of the struggles, sacrifices and adventures, almost traditional in character, are springing up about the thousands of actors who helped to make Raoul Walsh's "The Big Trail," which has its world premiere on October 2 at Grauman's Chinese Theater.

On May 14, one month before the natives dared think of treading the Teton Pass, Walsh led his thousands of followers, for two days and two nights. They shoveled, plowed, pushed, pulled, climbed, dug over mountains of ice and sliding snow, over the ever-twisting trail, then down, down into a valley cluttered with elk, moose, wild horses, beasts which could not believe their eyes. Once again humans had raided them—a month before schedule.

Like pioneers of old, these thousand, enduring hardships for the sake of making "The Big Trail" into a mirror of reality, marched footsore and famished into Jackson, Wyo. And there, a mere ninety-five men and women, shut in for seven months deep in that valley by the mountain barriers, stared bewildered as the stalwart company burst in from the outer world.

In particular accord with the 100th anniversary of the breaking through of the big trail to the West, to which President Hoover has officially called the attention of Americans in his proclamation, is this world premiere of "The Big Trail."

NOTABLES TO CO-STAR ON STAGE

Francis X. Bushman and Aileen Pringle Commence Engagement Tonight

Francis X. Bushman and Aileen Pringle begin their co-starring engagement at the Hollywood Playhouse tonight in "Thin Ice," Percival Knight's comedy drama. The premiere promises to be a gala one, with many friends of Miss Pringle and Bushman in attendance. "Thin Ice" marks the return of the actress to the Hollywood stage after more than a year's absence. Bushman's appearance is also noteworthy, being his first here in some time.

A large attendance on the part of Hollywood celebrities is anticipated by the management of the Hollywood Playhouse. Blocks of seats for tonight's opening have been taken by several local studios.

Bushman is seen in the comedy drama as a titled Englishman and ex-soldier, who accepts a position as butler in a wealthy American family when circumstances wipe away his fortune. The supporting cast includes Edward Earle, J. Frank Glendon, Marion Burns, Harry Morvil and Rollo Dix. J. Frank Glendon directed.

"Top Speed" to Open Run Today

The Majestic Theater presents today Joe E. Brown in "Top Speed" as the feature screen attraction.

Supporting the star is a very strong cast that includes Laura Lee, Frank McHugh, Bernice Claire and Jack Whiting.

The picture was directed by Mervyn Le Roy. Other items on the program include a news weekly, a cartoon and a talking short subject, "The Only Girl."

POPULAR ACTRESS GRACES NEW FILM

Mary Doran

"Sins of the Children," current on the screen at the Tower Theater, is enacted by a notable cast, including Louis Mann, Robert Montgomery, Mary Doran, Elliott Nugent, Francis X. Bushman, Jr., and others.

The story is a simple chronicle of home life with its typical comedies and tragedies. The narrative follows the careers of the various children and the sacrifices which the parents make for them.

NEW R.-K.-O. BILL OPENS TOMORROW

"For Love o' Lil" will be Screen Attraction; Vaudeville Changes

Its cast including Jack Mulhall, Elliott Nugent, Sally Starr and Margaret Livingston, "For the Love O' Lil" opens tomorrow for a week's run at the R.-K.-O. Theater. The picture depicts the misadventures of a newly married couple.

"For the Love O' Lil" was adapted from a popular series of magazine cover illustrations. Mulhall has the part of the unsuccessful suitor who tries to disrupt the lovebirds' symphony. Nugent, author and star of the stage show, "The Poor Nut," and also a film player, enacts the youthful husband; and Sally Starr has the role opposite him. Miss Livingston is cast as a chorus girl. James Tinling directed for Columbia.

The new variety show features Milton Berle, young comedian, in "Chasin' the Blues." Dorothy Lull and eight chorines are also in the act. The Luster brothers will contribute feats of magic and acrobatics.

McCarey Tells Importance of Knowing Cast

"Know your actors" is a motto that Leo McCarey says he keeps uppermost in his mind when directing a picture. It does not imply merely a social acquaintance with them, but rather, an understanding of their capabilities and their limitations.

When McCarey was engaged in picking eight or ten stars for various roles in Paramount's production, "Let's Go Native," the film comedy romance at the Paramount Theater, he found that this faculty for cataloguing actors according to what they are best adapted for was of invaluable assistance. The picture calls for no less than a dozen characters, each requiring some special forte without which the ensemble could not be called satisfactory.

Among others he selected and who are seen in this feature are Jack Oakie, Skeets Gallagher, Kay Francis, Jeanette MacDonald, James Hall, William Austin and Eugene Pallette.

Starting tomorrow at the Paramount Theater will be "The Spoilers."

Eric Kalkhurst Cast in Comedy at El Capitan

It will not be necessary for Eric Kalkhurst to move his make-up box from El Capitan Theater when "The Poor Nut" closes, as he has been engaged for a featured role in "Parlor, Bedroom and Bath," the farce-comedy which stars Charlotte Greenwood.

Kalkhurst is one of the members of the original cast of "The Poor Nut," now supporting Elliott Nugent here. His success in this collegiate comedy established him on Broadway and he later appeared in three productions with Eva La Gallienne, with Mary Young in "Restless Women," with Laura Hope Crews in "The Silver Cord," and later as featured player with Irene Bordoni in "Paris" for two seasons.

Johnny Arthur, of "Desert Song" fame, has been engaged by Henry Duffy to play the featured comedy role opposite Miss Greenwood, while Sally Starr has been selected for the ingenue role. Grace Stafford, Mia Marvin, Eric Kalkhurst, Myra Hubert, Edward Seabrook, Hugh Kidder, Donald Campbell and Dorothy Cecil are others.

Whispers in the Wings

BY MURIEL BABCOCK

THE Mason Theater, oldest and probably most colorful Los Angeles playhouse yesterday passed under R.-K.-O. studio control under terms of a lease agreement entered into with the Erlanger interests.

Play production will start almost immediately, I learned yesterday from Charles Harris, who, with Fred Latham, has arrived here from New York to act in the respective capacities of general manager and general stage director for R.-K.-O.

The first play will probably be a new comedy-drama. Harris wouldn't tell me what it was. It evidently awaits a final okeh from studio executives.

However, it should be agreed upon definitely in a day or so when casting and rehearsals will be launched. At the latest, it is predicted the Mason will be booming along as an R.-K.-O. stronghold by October 1.

All of this confirms the exclusive wire story from New York carried in The Times about ten days ago, giving first intimation of this radical move upon R.-K.-O. to enter play production.

Further details of the project, gleaned yesterday, are that ten plays are on the production schedule. These will come along with clocklike regularity during the fall and winter season. They will be cast partly from the ranks of studio contract players and partly from the ranks of local and New York actors and actresses. Contract players will be used when they can be spared from the studio. New York "names" will be imported whenever a particular characterization seems to justify.

Whenever a production clicks with finality it will be shoved right into New York. One good dyed-in-the-wool hit on Broadway should pay expenses for the entire season.

An interesting angle to the project—so the report goes—is that while the R.-K.-O. heads plan to run the Mason as any theatrical project, they expect it also to serve as a "school" for directors, writers and performers who can sit in on production details, on rehearsing, can watch the development of the embryo plays in all phases. In one sense, it will be a practical studio laboratory to supply not only play material, but a working knowledge of the drama to pictures and picture people.

Certainly, this all sounds great. Now the question is, what are the plays going to be?

"Death Takes a Holiday"

The Biltmore draws "Death Takes a Holiday," the Arthur Collins production of a fine New York drama. It arrives the 28th inst., after a stay in San Francisco, at the Columbia.

Carmel Myers has the lead. Betty Ross Clarke, Mary Alden, Cosmo Kyle Bellew, Helene Sullivan, Alfred Hickman and Roland Drew are in the cast.

Duffy Starts Up North Again

From San Francisco comes word that Henry Duffy will be on the theatrical map there again shortly with a production of "Brothers," similar to that seen here at El Capitan Theater.

"Brothers," with Bert Lytell and Grace Mencken, is scheduled to open at the Alcazar under the Duffy banner about October 1.

Along the Eastern Front

And here's some wire news from New York about the new shows.

Changes in the opening dates of the seven new shows coming to Broadway next week leave only one play scheduled to have its premiere on Monday night. This is "Love Technique," the Lou Tellegen vehicle due at the Belmont. The revised schedule for the rest of next week now stands as follows: Tuesday night at the Empire, "Stepdaughters of War," Chester Erskine's first production for the Frohman company; at Erlanger's, "Fine and Dandy," Joe Cook's new musical show; Wednesday night, at the Music Box, "Once in a Life Time," the comedy about Hollywood by Moss Hart, and George S. Kaufman; Thursday night, at the Sam Harris Theater, Zoe Akin's play, "The Greeks Had a Word for It;" Friday night, at the Longacre, Arthur Hopkins's second production of the season, "Roadside," a comedy by Lynn Riggs, and, at the Republic, John M. Kirkland's play, "Frankie and Johnnie."

Al Jolson will return to the New York stage after an absence of five years on the 26th inst., when he will make personal appearances at the Capitol for a week.

Ruby Keeler, in private life Mrs. Jolson, will also return to the stage to appear in the Lew Fields-Lyle D. Andrews production, "Vanderbilt Revue," which will go into rehearsal today.

Frederick Stanhope is directing "When Hell Froze," the second starring vehicle in which Jane Cowl will appear this season at Maxine Elliott's Theater.

Albertina Rasch will stage all of the dances and ensembles of a musical show for the first time in "Three's A Crowd."

Oakie Stars in Film as "Sap"

JACK OAKIE

"The Sap from Syracuse," a Paramount film starring Jack Oakie, starts a week's run tomorrow at the Million Dollar Theater. The comedian plays a role, tailored to his order, as a pilot on a ditch-digger who inherits some money and takes a trip to Europe—or rather, starts on the journey. The antics Oakie goes through on the ocean liner are said to be nonsensical yet very funny. The supporting cast includes Ginger Rogers, Granville Bates and others.

The current screen offering at the Million Dollar is "Hell's Island," costarring Jack Holt and Ralph Graves with Dorothy Sebastian.

NEIGHBORS URGE FRANCE DISARM

Italy and Germany Add Plea to England's Hint

Potential Rivals Willing to Reduce, They Say

"United States of Europe" to Come Up Today

GENEVA, Sept. 16. (AP)—The voices of two neighbors of France, Italy and Germany, today were joined with those of British Foreign Secretary Henderson and others in a plea for strong measures toward disarmament without waiting for security.

Signor Scialoja, spokesman of the Mussolini government in the absence of Foreign Minister Grandi, declared in the League of Nations Assembly today that Italy still is ready for a disarmament agreement which will reduce armaments to the very lowest level consistent with national safety.

GERMANY AGREES

Closely following upon the address of the Italian statesman Germany's Foreign Minister, Julius Curtius, announced his own emphatic agreement with the principles enunciated by his British and Italian colleagues in their appeal for the execution of that provision of the Versailles Treaty which commits the victorious powers in the World War to enter an agreement for general reduction of their armed forces.

The position of these leaders—that disarmament is the world's greatest immediate need and must not wait upon security for its realization—is a direct negation of the French thesis that disarmament must follow security.

After the Assembly had heard the views on disarmament, the delegates went into a night session to take up formally French Foreign Minister Briand's proposal for a "United States of Europe."

TO REFER PLAN

The Assembly, it was announced, is prepared to dispose formally of the Briand proposal tomorrow. A resolution to that end was read to the Assembly tonight, but its adoption was postponed until morning.

Leading delegates have agreed that the best way to handle the French Minister's plan is to submit to a special committee representing all European states which are members of the League for their further study.

The results of their deliberations, it is suggested, will be presented to the Assembly next September.

The personnel of the committee which will consider the Briand proposal will be selected by the concerned European governments themselves, each to name one representative.

CO-OPERATION MOVE

Minister of Foreign Affairs Mironesco of Rumania and Foreign Minister Zaleski of Poland today told their associates in the Assembly of the movement of recent weeks among the agricultural states for economic collaboration.

In this movement of Danubian and Baltic countries as expressed in conferences at Bucharest, Sinaia and Warsaw, these statesmen professed to see the seed of a European co-operation which might grow into a real federation, bringing the countries of the continent to plan and follow a common course to solve their econmic problems. Economic experts at Geneva already have viewed this movement as offering possibilities of the highest significance. These experts say if the agricultural states once get together they will be able to force their industrial neighbors to come to terms and accept the program for their common good.

SOUTHLAND STUDENTS WILL BE HONORED

BERKELEY, Sept. 16. (Exclusive) fifty-eight junior and senior students of the University of California who have won election to Phi Beta Kappa, national scholarship honor society, will be initiated at a banquet here the 25th inst. Neagle, Santa Barbara; Amelia Pinck, Delano; Harriet Elizabeth Myers, Chula Vista; Raphael Mitchell Robinson, Delano, and Jane Anne Russell, Long Beach.

RECEIVER APPOINTED FOR SHARP & SMITH

CHICAGO, Sept. 16. (AP) — The Chicago Title and Trust Company was appointed receiver in equity today for Sharp & Smith, manufacturers of surgical instruments with plants in Los Angeles, Chicago, Rochester, Minneapolis and Temple, Tex.

The petition for receivership set forth the company, while not insolvent, has not sufficient funds or credit to meet indebtedness of $360,000. It has assets valued at $500,000.

LOSING CANDIDATE REFUSED RECOUNT

COLUMBIA (S. C.) Sept. 16. (AP)—The State Democratic committee voted unanimously today not to grant Olin D. Johnston of Spartanburg, defeated candidate for the party's nomination as Governor, a recount of votes cast in the second primary. The committee officially declared Ibra C. Blackwood the Democratic nominee. Johnston had contended there were irregularities which prevented his nomination.

NOBILE RESCUE PILOT DIES OF CRASH INJURY

COPENHAGEN (Denmark) Sept. 16. (AP)—Pilot Sergeant Victor Nilsson, who participated in the expedition for the relief of Gen. Umberto Nobile when his Arctic dirigible, the Italia, was wrecked, died in a hospital here of injuries received when his airplane crashed at Lindarengen Airdrome last night.

To a Greater Los Angeles . . .
Wonder City of the West . . .
Fifth City of the Nation . . .

WE NOW DEDICATE A

Greater May Company

LIFE! GROWTH! ACHIEVEMENT! Today...at the threshold of a NEW beginning...at the dawn of NEW accomplishments...a NEW and Greater May Company stands forth.

Once but a vision...today a reality. This nation-wide organization...six large, successful stores from the Atlantic to the Pacific...a world power in modern merchandising.

As every success is but the lengthening shadow of a Man...so this great nation-wide organization...its large Los Angeles unit, with its new two million dollar building, stands a towering monument to the vision, faith and undaunted spirit of its honored founder David May...a master among merchants...a genius among men.

And the work is not yet done. To the three sons of the founder was entrusted the message to "carry on." And a new generation assumed the responsibility of bringing a father's wonderful dream to fruition.

This is but our present ideal of a great store...we are building...always building for tomorrow, when it must be even better...greater. We can do it...we will! With such ideals it is inevitable:

> "Nothing can daunt The May Company's belief in the upward and onward course of these United States. No pessimistic opinion can quell our enthusiasms or halt plans based upon expectation of continous prosperity and limitless progress.
>
> "The nation is sound, indefinitely resourced and efficiently administered. There isn't a cloud in sight that waiting brooms can't brush away.
>
> "The best opportunities that the world ever knew are here now."

Thus spoke the founder of this coast-to-coast institution. The man whose foremost endeavor was to fuse and blend The May Company's motivating force with the true spirit of Los Angeles...our beloved David May.

A healthy unrest...the leaven of progress...the pulse-beat of advancement is in the air. There is no standstill here. Keeping pace...perfectly synchronized...The Greater May Company and the City it serves.

—In ten years, Los Angeles, the dynamic, increased its population by 655,057 persons.

—In seven years, The May Company has actually more than DOUBLED its volume of business, and with present increased facilities is now fully equipped to AGAIN DOUBLE its business.

—In ten years, Los Angeles has forged ahead from tenth place to fifth city of the Nation.

—In seven years, The May Company has won and now holds first place and the leadership in Western retailing.

Toward still greater accomplishments; toward ever-broadening purposes; toward every earnest effort to better serve its multitude of friends...the entire May Company organization pledges its fidelity.

The splendid progress we have already made is evidenced concretely by our magnificent new building...possible because of the loyal patronage of our customers. Particularly during the past year has this loyalty been manifested. For in spite of constant departmental changes and new building operations, the growth of this business has gone steadily forward.

Of breath-taking magnitude...this Greater May Company...with 1,500,000 square feet of service space...equivalent to twelve city blocks. Equipped to serve Los Angeles best by effecting a better standard of living to every family that comes within its new sphere of influence.

How can we say an appropriate "thank you" for the unbounded patience and forbearance shown by our patrons during the necessary changes and turmoil of the past year? By placing The Greater May Company at the disposal of its multitude of friends in an impressive...

Every penny of this $2,000,000 improvement has been invested in Los Angeles craftsmanship and materials

METAL MIXING ENDS OLD ILLS

Retired Naval Officer Has Defeated "Worm Holes"

Flaws Due to Poor Fusing Conquered at Last

Rare Earths Employed to Obtain Results

SAN FRANCISCO, Sept. 16. (AP)—One cause of "worm holes" in metal bearings, an expensive source of friction in machinery, has been "licked" by a retired American naval officer, Commander J. J. Manning.

"Worm holes" are pits in alloys caused by globules of one metal melting while the other metal does not. In thirty years in the Navy, while chief engineer of two battleships and as superintendent of shops at the Brooklyn navy yard, Commander Manning learned what worm holes cost in a machine age.

SET UP LABORATORY

Retiring in 1925 he adopted as an avocation the scientific work of metal mixing, seeking to make better alloys. At first he maintained his own laboratory and later to get more facilities joined the Marjohn Mines Company here.

Some metals fuse with difficulty and Manning told today how he has found a way to pour such metals together while molten so that they mix successfully with somewhat the same ease and results as mixing two glasses of water.

He adds a small amount of rare earth, minerals which comprise fifteen of earth's ninety-two elements, all named for the difficulties encountered in trying to separate them.

OBTAINS RESULTS

With these rare earths, he said, he obtains a plastic bronze out of lead and copper, with a grain so fine that there are no globules to melt into worm holes when the alloy is used for bearings.

Lead ordinarily melts at 700 deg. Fahr., but in Manning's alloy with copper stands 1400 deg. before melting.

He exhibited another alloy so hard it scratches glass, but retains full tensile strength while red hat, until within a few degrees of its melting point of 3100 deg. Fahr. Alloys of this sort are used for steam shovel lips, railroad brake shoes and airplane tail skids.

The commander has other alloys of steel, tungsten and chromium; steel, copper and chromium; tungsten, nickel and chromium, and aluminum and copper.

CRASH OF DESTROYERS STIRS INVESTIGATION

WASHINGTON, Sept. 16. (AP)—The destroyers Hatfield and Sands were damaged in a collision off Newport, R. I., Friday night. The Navy disclosed the accident today in announcing Vice-Admiral Arthur L. Willard, commander of the destroyer squadron of the scouting fleet, has ordered a board of investigation to ascertain its cause. No one was injured. Both vessels were sent to the New York Navy Yard for repair. The Hatfield is in command of Lieutenant-Commander R. D. Kirkpatrick, Dothan, Ala. The Sands is commanded by Commander V. J. Dixon of Los Angeles.

PRESIDENT HOOVER SEES BOBBY JONES

WASHINGTON, Sept. 16. (AP)—The President of the United States and the king of golfers met today at the White House. Robert T. Jones, American and British open champion and British amateur champion, who is on his way to the American amateur tournament, stopped in and was greeted by President Hoover, who wished him success in his attempt to capture the fourth of the major golfing crowns.

BODIE, GHOST TOWN, DRY AGAIN AS SPIRIT DEPARTS

BODIE, Sept. 16. (AP)—Bodie, ghost town of the Mono desert, is even drier than usual today. The spirit of the old West which still lives—and until last night—flowed in Bodie was noticeably missing when the morning sun rose over Potato Peak.

Prohibition agents, with little regard for tradition, visited fourteen establishments on Bodie's Main street last night, seized various illegal beverages and marched fourteen proprietors to the office of Justice of the peace Powers, where they posted $1500 bail each for asserted violation of the prohibition law.

The accused will answer the charges before the United States Commissioner in Sacramento.

EX-PRESIDENT OF PERU PUT IN ANOTHER CELL

LIMA (Peru) Sept. 16. (AP)—Augusto B. Leguia, deposed President of Peru, who is held for trial for asserted misdeeds during his administration, was transferred from the island prison of San Lorenzo to the Lima penitentiary today. His son Juan, imprisoned with him, also was transferred. They have been held by the military junta, now governing Peru.

THREE FIREMEN SHOT FOR RUSSIAN "PLOT"

MOSCOW, Sept. 16. (AP)—The secret police have announced three fire department officials were executed by a firing squad today and five others sentenced to long imprisonment as counter-revolutionaries.

They were convicted of having plotted to embarrass the government by pretending to extinguish fires.

MANY THOUSAND INDIANS IN JAIL

Total of Nationalists Now Held Put at 25,311

BOMBAY, Sept. 16. (AP)—More than 25,000 Nationalists are in jail, says an announcement of the working committee of the all-India Congress party, Bengal heading the list with more than 6000.

Most convictions have been in connection with violation of measures adopted by the government to overcome the civil disobedience campaign inaugurated by Mahatma Gandhi in his struggle to free India from British rule.

The Nationalists contend in many instances, in various parts of the country, ordinary convicts have been released to make room for political offenders. Government officials deny this statement.

The exact figures of convictions so far reported to the congress party headquarters show a total of 25,311.

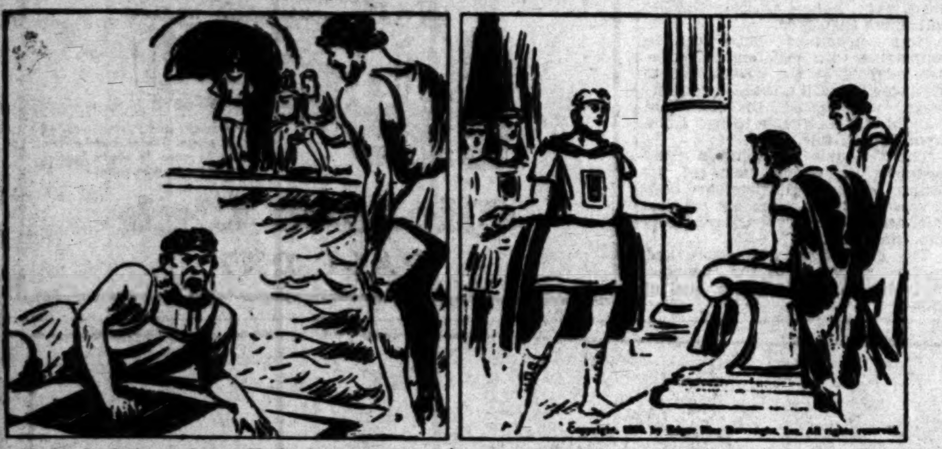
TARZAN AND THE LOST EMPIRE

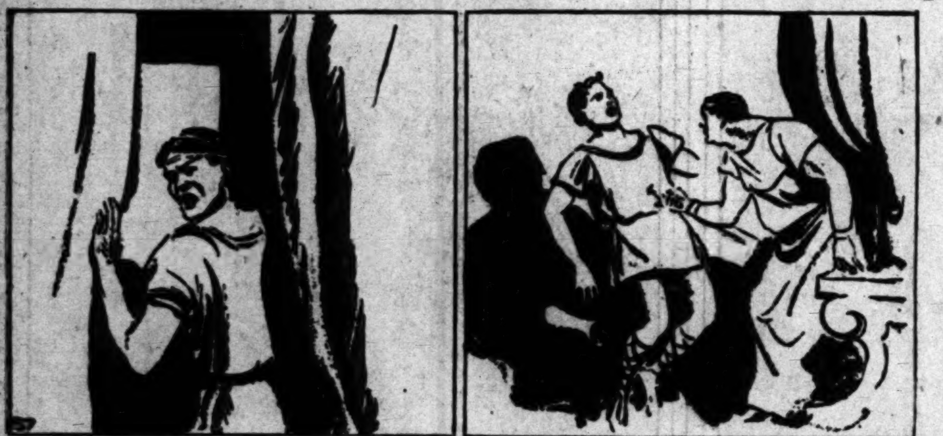
By Edgar Rice Burroughs



Copyright, 1930, by Edgar Rice Burroughs, Inc. All rights reserved.

Furiously jealous of von Harben's easy success in the eyes of the lovely Favonia, Fulvus Fupus clambered from the pool and donned his garments. Forthwith he sought an audience with the Emperor, Validus Augustus. "There is a stranger in Castrum Mare,' he said, "who is a spy from Castra Sanguinarius."

Impressed by the patrician's story, the Emperor ordered Erich von Harben brought before him. Favonius and Lepus accompanied him, introducing Erich as a chieftain from Germania. The tales that Erich told of modern Rome so interested the Emperor that he commanded the young German to write a history for him.



"There is no evidence of this man being a spy," the Emperor said to Fulvus Fupus. "Get out. I shall attend to you later." Overcome by mortification Fupus departed, vowing revenge, while Erich was escorted in honor to the Emperor's library, where he was to come every day to consult the parchments.

From these parchments von Harben learned that in the year 90 A. D., Marcus Crispus Sanguinarius, Roman prefect in Africa, had struck down with a dagger a messenger sent by the Emperor Nerva and caused word to be spread that the man had been an assassin sent from Rome and that Sanguinarius had killed in self-defense.

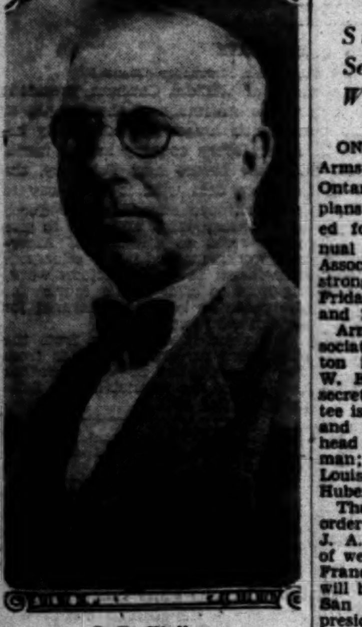
NEWS OF SOUTHERN COUNTIES

COUNCIL APPOINTS CITY MANAGER



J. P. Walker

MONTEBELLO, Sept. 16.—J. P. Walker was appointed City Manager of Montebello last evening by the members of the City Council in regular session to fill the vacancy created by the death of the late L. G. Herr.

Walker was elected City Clerk in April, having previously filled that position for six months by appointment. Immediately prior to his work as City Clerk, Walker was desk sergeant for four years in the local police department.

Before coming to California he was employed for twenty-five years by the New York Central Railroad and one of its predecessors, the old Lake Shore and Michigan Southern Railway Company. He started as a stenographer and rate clerk and worked up through the positions of chief clerk of the assistant general freight office, and freight representative of the New York Central in the Chicago freight committee. When the government took over the railroads during the war and competitive freight solicitation was done away with he was appointed to act as the personal representative for the first vice-president on the freight embargo committee which had charge of clearing all munitions of war through that very congested gateway.

Walker will immediately assume the duties of City Manager while at the same time he will continue to carry on the work of City Clerk. He will be assisted by a purchasing agent in the person of S. R. Macbeth, who also will still retain his position as street superintendent.

Valley Schools Show Nice Gains

EL CENTRO, Sept. 16.—Substantial gains were made in the opening-day attendance of practically all Imperial Valley schools yesterday, according to figures made public by County Superintendent of Schools Horace C. Coe, today. In El Centro the grammar-school enrollment was 1139, as compared with 1005 last year. The high school reported 495 students, as compared with 403 a year ago. In Brawley's west-side grammar school, 630 pupils reported on the opening day. Last year's attendance at the end of the first week was 439. Other schools in the city showed similar gains. Calexico reported an opening-day attendance of 1158, a gain of 93 pupils over the 1929 figures. The increase in the high-school enrollment was 51. High-school and grammar-school enrollment in Calipatria schools showed a gain of 69 students this year.

VALLEY ANNEX TAXES WILL BE ABOUT SAME

VAN NUYS, Sept. 16.—Tax rates throughout the San Fernando Valley annex to Los Angeles will be generally higher for 1930-31. The increase will be partly offset by reductions in assessed valuations, but in the end it is stated tax bills proportionately will be about the same or a trifle more than last year. The combined city and county rate to apply in the valley this year is $4.27. Last year on an assessed valuation of $77,327,455 the valley annex paid in $3,286,416 for city and county taxes. This year on the reported valuation of $73,534,130 the city and county tax bill for the valley will be $3,139,907.

NURSERYMEN CONVENTION AT ONTARIO

State Association in Session Three Days Next Week

ONTARIO, Sept. 16.—J. Awdry Armstrong, of Armstrong Nurseries, Ontario, today announced elaborate plans have been virtually completed for holding the twentieth annual convention of the California Association of Nurserymen at Armstrong Assembly Hall, Thursday, Friday and Saturday, the 25th, 26th and 27th inst.

Armstrong is president of the association; H. J. Scherer of Compton is first vice-president; Henry W. Kruckeberg of Los Angeles is secretary. The reception committee is made up of local nurserymen, and includes John S. Armstrong, head of Armstrong Nurseries, chairman; R. E. Page, A. W. Elmslie, Louis Matlin, A. A. Kramer, and Hubert Lucas.

The convention will be called to order at 9:30 o'clock by President J. A. Armstrong, and the address of welcome is to be made by Mayor Francis P. Williams. The response will be made by John E. Pickett of San Francisco, followed by the president's annual address, and reports by the treasurer and secretary. R. D. Hartman of San Jose, chairman of the board of directors, is on the program for a short talk.

Committee chairmen who will be called upon for annual reports include Edward H. Rust, Pasadena, "Arbitration;" H. J. Scherer, Compton, "Plant Standardization;" T. D. Chenoweth, Beverly Hills, "Legislation;" J. D. Meriwether, San Fernando, "Transportation;" Roy F. Wilcox, Montebello, "Insects and Disease;" Arthur E. Howard, Montebello, "California Gardens."

Papers will also be presented by Theodore Payne, Los Angeles; Ernest Braunton, Los Angeles; R. E. Page, Chino; J. E. Bergtholdt, New Castle; F. A. Tetley, Jr., Riverside; S. A. Gebhart, Fresno; George C. Roeding, Jr., Niles; J. M. Asher, Los Angeles; J. C. Watt, Ontario; Gilbert L. Skutt, Pasadena; Toicho Domoto, Oakland; F. G. Peterson, Chico; Fred H. Howard, Montebello; G. E. Woodhams, Sacramento; William Dexter Curtis, Los Angeles; Herman Nater, Los Angeles; A. D. Shamel, Riverside; L. B. Scott, Shafter.

The annual banquet will take place Friday evening at Hotel Ontario. It will be featured with a musical program and an address by Alfred Cookman of Pomona, on "The Romance of Bird Life; Its Application to Plants and Gardens."

Following the banquet officers for the new year will be installed.

On Saturday the delegates will be taken on an automobile tour of the citrus belt.

Many Floats to Participate in Tunnel Parade

SAN FERNANDO, Sept. 16.—More than 300 floats and cars will participate in the Sepulveda Tunnel dedication on the 27th inst., it is announced here today by William A. Robinson, local chairman in charge of the parade arrangements.

The Long Beach entries will leave Long Beach at noon and proceed along the old Sepulveda trail, picking up other participants as the procession proceeds toward the tunnel in Santa Monica Mountains, south of Sepulveda Boulevard in the southwest section of the Van Nuys district.

The San Fernando Valley end of the huge parade will form here on South Brand Boulevard, timing its departure to meet the other part of the parade at the tunnel. Gov. C. C. Young is scheduled to cut the tape at the bore. Later, he will make an address on the tunnel-building achievement. All civic, service and patriotic club members of San Fernando Valley have accepted the invitation to take part in the ceremonies. The new tunnel will connect San Fernando Valley towns with roads on the south side of the mountains that lead direct into the Los Angeles Harbor District.

AUTOMOBILE DEALER MAYOR OF GARDENA

GARDENA, Sept. 16.—Wayne Bogart, local automobile dealer, was made Mayor of this city in the first meeting of the newly elected City Council last night. The Councilmen, elected at the time of the incorporation several weeks ago awaited official confirmation of the incorporation and the receipt of the city charter for their first formal meeting.

No appointments, other than the formal confirmation of the appointment of Lester Luce of Inglewood as City Attorney, were made last night.

Arrangements now being made provide for a lease of the American Legion building as a Council chamber and offices of the city departments, which are expected to be in running order after the regular meeting set for next Tuesday at 7:30 p.m.

Members of the Council in addition to Mayor Bogart are Earl Stewart, Charles Hale, S. M. Sever and A. A. Bamford. Miss Adelma Gregory is City Clerk and Bernice Barnett, city treasurer.

TODAY LAST DAY FOR BIDS ON NEW SCHOOL

NORTH HOLLYWOOD, Sept. 16. Bids will be received until tomorrow by the Los Angeles Board of Education for the erection of the proposed $84,000 school building to be built at the Rio Vista school site, 4224 Satsuma avenue, it is announced here today by school board officials. The building will be a two-story Class B structure containing twenty rooms, to take care of the increased enrollment of pupils in the Rio Vista part of the North Hollywood area.

CITY TO BUY INDIAN LANDS

San Diego will Use Property for Reservoir Site

Capitan Grande Tribe will be Relocated

Funds Provided by Bond Issue of $400,000

SAN DIEGO, Sept. 16.—With the sale of $400,000 water bonds scheduled to take place tomorrow, the City Council proposes to go ahead with plans for building the El Capitan reservoir, it was announced today. As soon as the money is received in the bond transaction, the United States Interior Department will be tendered $368,000 in payment for the land occupied by the Capitan Grande Indians, Mayor Harry C. Clark said today.

This is the price fixed in the deal by which Congress granted the city the Indian lands for a reservoir site, it was stated by City Attorney M. W. Conkling. When the money is accepted by the Indian Department the city will be clear of the transaction, it was stated today by Mayor Clark and City Attorney Conkling.

Acquiring new land and moving the Indians will devolve upon the Indian Bureau, Mayor Clark said. Heretofore there had been some disposition on the part of the city to assist in relocating the Indians, but on account of the numerous transactions involved, city officials said they now prefer to allow the Indian Bureau to negotiate the deal.

Conkling said that by the time the city has the money available for the Indian Department the United States Supreme Court may have decided that it has no jurisdiction in fixing the paramount rights to the San Diego River waters, in which event all litigation would be at an end, and the city would be in undisputed possession of the river, under State Supreme Court decision. Conkling declared that all mention of a "joker" in the transaction with the Federal government is child's talk. The City Attorney holds, and he said that Attorney T. B. Cosgrove has the same view, that the so-called "joker" does not in any way affect the city's undisputed title to the San Diego River water.

PROBATION IS REFUSED DEFAULTER

Expectant Mother Must Go to Prison, Rules Court at Santa Ana

SANTA ANA, Sept. 16.—Dramatically accusing "other parties" of guilty knowledge concerning the $11,000 defalcations of pretty Mrs. Tressa Carothers, expectant mother, former assistant secretary of the Orange Building and Loan Association, and reciting the extravagant spending of the young woman upon clothes and jewelry from a list of items prepared by herself, Superior Judge James L. Allen today refused to reconsider his former denial of probation and sentenced her to a term of from one to ten years at San Quentin.

Those near her who were in part beneficiaries of her spending and who knew that she drew a salary of only $150 a month must have known that something was wrong, declared Judge Allen as he read from a list showing expenditures of approximately $7000 by Mrs. Carothers during the year that her misappropriation of funds of the building and loan association was going on.

Judge Allen refused the plea by Mrs. Carothers's counsel, Franklin G. West, that the probation matter be reconsidered or that judgment be suspended, West suggesting a County Jail sentence as an alternative to San Quentin. The attorney told the court simply that he had "more than a normal interest" in the case and that he had been much concerned over the fact that Mrs. Carothers is an expectant mother. He pleaded against placing the stigma of prison birth upon her babe. Judge Allen replied that the State arranged to prevent such a stigma by permitting birth outside of the prison and that conditions at San Quentin would be more favorable to the mother's health than the closer confinement of the County Jail.

"I have sympathy for this defendant, but I am here to perform the duties of my office," remarked the court in commenting upon the probation law, which, he declared, is the most abused law on the statute books.

Gift Provides Nurses' Home

REDLANDS, Sept. 16.—William A. Miller, for several years resident of Redlands, has given a $30,000 nurses' home to the Redlands Community Hospital. Announcement of the gift was made by Lawrence L. Moore, the secretary of the board, today.

Mr. Miller gives the nurses' home as a memorial to his wife, Minnie Miller, who died in Redlands. For many years he was one of the best-known cattle men of the South, for thirty years he drove cattle from Mexico to the Dakotas and sold them. The day Custer was massacred he was not fifteen miles away with a big herd of cattle.

Mr. Miller has been at the hospital several times and was so grateful for the care given him that he decided to build the home. It will have single rooms for fifteen nurses, a large lounge, kitchen, dining-room and a central lavatory with several tubs and shower baths. It will be of concrete with a tile roof, have radios and each room will be beautifully furnished.

ENTRY LIST AT FAIR BIGGEST EVER

Orange County Classic Benefits by Change of Date

How'd You Like to be a Cow?
One of the many thoroughbreds to be exhibited at Santa Ana.

ORANGE, Sept. 16.—The change of date of the fourteenth Orange County Fair to September 30-October 5, from that of past years, when the date conflicted with the California State Fair at Sacramento, is resulting beneficially from the standpoint of live stock and other entries. Exhibitors of high-class live stock from other States, as well as California, heretofore naturally have chosen the greater fair, but now with the Orange county event placed at the date above mentioned, a number of these exhibitors are including this fair in their showing.

The entertainment features will be far more varied and spectacular than in any former years. Several nationally known troupes of actors have been secured and performances, twice daily, will take place. These, with horse shows, rodeo and stage revues, according to H. A. Lake, president, will fill out a most attractive program.

MEXICAN CELEBRATION

Americans Cross Border to Take Part in Independence Fiesta Staged at Mexicali

MEXICALI, Sept. 16.—To enable Mexican residents on the American side of the line to take part in the most elaborate independence day fiestas ever held in this city, United States customs officials announced today that the international line gate will remain open until midnight tonight. Gov. Arturo Bernal formally opened the festivities when he appeared on the balcony of the Territorial palace at 11 o'clock last night and gave the customary salute, "Viva la Mexico; viva la Independencia."

Early today a sunrise salute of twenty-one guns was fired by the army battalion on duty here. The Governor marched with other officials in a parade this morning and the remainder of the day was given over to band concerts, speaking and sports.

A state edict closed all bar rooms in Mexicali at 5 o'clock yesterday. Under the original order they would have remained closed today, but protests from business interests here resulted in the reopening of the cantinas at noon today. Old-time Mexican residents assert that today's celebration is the most typically Mexican ever held in this border town.

VENTURA COUNTY TOWNS STAGE CELEBRATION

VENTURA, Sept. 16. — A gay Main-street parade, three blocks long with six colorful floats and more than 500 marchers, was the tribute the Mexicans of Ventura county paid this morning to the memory of Mexico's Independence Day, September 16, 1810.

Only one of many events on a two-day program, today and yesterday, the parade started at Ash and Santa Clara streets, moved to Main and then to Ventura avenue, and down to Seaside Park, center of the patriotic celebration.

The local fiesta is the first joint county celebration. Previously each town, Ventura, Santa Paula, Oxnard, Moorpark, Fillmore and Santa Susana, held its own fete. More than 2000 Mexicans flocked in to Ventura for the two days, it is estimated by I. E. Villanueva, Oxnard, master of ceremonies.

Following a series of speeches and songs this afternoon, one address of which was to be by Rafael Trujillo, lawyer, known as one of the best Mexican speakers in California, a grand ball was scheduled for 7 o'clock at the Seaside Park pavilion.

ARMISTICE PARADE TO HAVE MOUNTED SCOUTS

CAHUENGA PARK, Sept. 16.—It is now assured that when the Armistice Day celebration takes place this year at Van Nuys, near here, one of the features of the long parade will be a mounted troop of Boy Scouts trained to ride with military precision. The new troop is being sponsored by C. C. Allbright, prominent Cahuenga Park business man. The mounted troopers will be chosen from the numerous Boy Scout troops in the San Fernando Valley Council of Boy Scouts. The horses will be furnished by Mr. Allbright, who also has engaged a professional horseman to instruct the boys.

Grade-Crossing Cost Stipulated in Valley Area

NORTH HOLLYWOOD, Sept. 16. Construction of the grade separation on Victory Boulevard under the tracks of the Southern Pacific near here is assured now.

The county has voted $19,000 as its share of the cost of $86,000, of which $66,000 will go for the structure under the tracks and $20,000 for auxiliary paving, curbing and sidewalks. Of the cost, Los Angeles will pay $15,000, Burbank and Glendale $5000 each, property owners in the vicinity $20,000, and the railway company the remainder.

The width of the subway will be forty feet from curb to curb, with a five-foot sidewalk on each side.

FIVE INJURED IN COLLISION

Two Women May Die from Injuries Suffered While Returning from Eastern Star Meeting

GLENDALE, Sept. 16.—Two women are near death and two more are seriously injured as the result of an automobile collision that occurred shortly after midnight at Verdugo Road and La Crescenta avenue.

The women most seriously injured are Mrs. Evelyn Jones, 1229 East Broadway, fractured skull, concussion and lacerations, and Mrs. Ann Stanley, 1719 Landis street, Burbank, possible skull fracture, compound fracture of the left leg and concussion. Miss Carmen Jones, a daughter of Mrs. Evelyn Jones, was bruised about the legs and cut on the forehead, and Mrs. Roscoe Miller, 554 West Oak street, received contusions and was gashed on the lower lip.

The four women had just left a meeting of the Crescenta Valley chapter of the Order of the Eastern Star, and were driving home in Mrs. Stanley's car when they crashed head-on into another machine driven by G. T. Pearson, 4724 North La Canada avenue, who received a deep gash on the chin, a possible fracture of the lower jaw and body bruises.

The crash occurred at the bottleneck on Verdugo Road, and police were unable to find any eyewitnesses. The victims were so badly injured that they were unable to give a coherent account of the collision.

Detective Sergeant Browne reported that the tracks showed that Pearson was driving to the left of the center of the narrow roadway. The other car, driven by Mrs. Stanley, forced both machines southward on the pavement for forty feet, Browne reported, wrecking both cars.

The women were taken to the Emergency Hospital and Mrs. Stanley and Mrs. Jones were later removed to the General Hospital.

Stanley Bates, La Crescenta, who arrived on the scene of the accident immediately after the crash, rendered first aid to Mrs. Stanley to prevent her bleeding to death from a gash in her leg.

Another accident in which a motorist lost a finger from his left hand occurred when James Aigle, auditor for the Union Ice Company, struck a deep depression on the street at Chevy Chase and Brunswick street. His car turned over twice and came to rest 120 feet distant from the depression. Aigle's hand was so badly crushed that it was found necessary to amputate the finger.

LITIGATION COSTS MONEY

Fees in Stanley McCormick Case $180,000

Attorneys Thought to Have Been Paid $150,000

Medical Experts Got $300 a Day Plus Hotel Bills

SANTA BARBARA, Sept. 16.—Litigation over the care and treatment of Stanley McCormick, incompetent multimillionaire of Montecito, which attracted the attention of the nation several months ago, cost more than $180,000, according to reliable reports about the Courthouse here.

The case, which arose over the disagreement as to the employment of Dr. E. J. Kemph, and the use of his psychoanalytic methods cost approximately $10,000 a day. This sum was paid or the payment was arranged out of the personal expenses of the guardians and not out of the estate, the reports state.

Attorneys' fees for the eighteen days the case was in court totaled about $150,000, it is believed. Attorney Newton Baker, former Secretary of War and counsel for Mrs. Katherine Dexter McCormick, the wife of the court ward, was paid about $100,000 for his services, his associate, Paul Patterson, and others.

Oscar Lawler of Los Angeles, chief attorney for Anita McCormick Blaine and Harold McCormick, the other guardians, and Attorneys C. E. Cassell and Amos Miller of Chicago, and the local attorneys, John P. Heaney and W. G. Griffith, are reported to have received $50,000 for their services.

The court costs, expert witnesses' fees and hotel bills are reported to have totaled about $30,000. Dr. Adolph Meyer of Johns Hopkins Hospital, Baltimore, Md., and Dr. William A. White of St. Elizabeth's Hospital, Washington, have received about $300 a day for their services.

The outcome of the disagreement between the guardians resulted in the discontinuation of the psychoanalyst and the appointment of Drs. Langley Porter and William Ophuls, heads of the medical colleges of the University of California and Stanford to the board of guardians.

The guardians are expected to recommend the employment of two more doctors to direct the medical and psychological treatment of McCormick, who has been confined behind the walls of his magnificent Montecito estate for more than thirty years with a hitherto incurable mental disorder.

Three Students Given Diplomas at Redlands

REDLANDS, Sept. 16.—At a faculty meeting of the University of Redlands held this morning diplomas of the University of Redlands were awarded to Kenneth Bandell, Harrie Collins and Florence Ketner. These three were to receive diplomas on the completion of certain additional hours during the summer. All requirements had been met and the diplomas were granted. Bandell lives in Coronado and majored in history, Miss Ketner lives in Long Beach and majored in history, and Harrie Collins majored in economics. His home is in Los Angeles.

New faculty members greeted were Fred J. Sales of the department of education; Nadine Cragg, physical education; Harold Woodrow, chemistry, and Joseph Baccus, department of speech. Assignments to rooms and classrooms in the new Hall of Letters were made.

Announcement also was made that Mrs. N. Shirey, formerly of Pomona, has been appointed house mother of California Hall, boys' dormitory. She will hold the position formerly held by Mrs. Warren Van Camp. She has held similar positions at Pomona College and the University of Southern California. Mrs. Ruth Esterly, formerly of Occidental College, is house mother at Fairmont Hall, taking the place made vacant by the death of Miss Mary Chesmore during the summer.

Activities today on the campus were given over to freshmen in several conferences and meetings.

RIVERSIDE WOMAN SHOT

Refusal of Drink of Liquor said to be Cause of Shooting

RIVERSIDE, Sept. 16.—A refusal to furnish liquor to a man this morning probably cost Mrs. Emma Hodges, North Market street laundress, her life.

Wounded in both arms and the breast, she was rushed to the Community Hospital by police after they had found her semiconscious on a bed at her Market-street home. Near by lay James Murphy, his head bearing a slight bullet wound, whom she accuses of firing the bullets into her body.

"He demanded I give him some booze; I wouldn't do it," she gasped to Police Inspector Scott and Deputy District Attorney George French at the hospital.

Murphy admitted he had asked for liquor, and had been refused. "She wouldn't give me any and I must have gone crazy," he told the authorities.

Murphy, with his wound bandaged, was placed under arrest on a charge of attempted murder. Police found Murphy's gun beside the bed on which the shooting occurred. Empty cartridges were scattered about on the floor and a leather pouch containing shells was found by the officers on a bureau. Murphy's home is said to be at Ivanpah, a small town in the Mojave desert.

According to Joe Hilts, who lives at the home of the laundress, Murphy has been living at the Hodges home for the past two weeks. Most of that time he has been drunk, Hilts is said to have also told the authorities. Hilts declares he did not see the shooting, but was in another part of the house when he heard the shots. Running to the bedroom, he snatched the gun from Murphy's hands.

Police believe Murphy inflicted the wound in his head in an effort to end his life after realizing what he had done.

Mrs. Hodges is well known to local authorities. She was arrested last year for bootlegging, and fined heavily in court. She had been out of jail but a short while when officers rearrested her and again charged her with bootlegging. For that offense she served a month in jail. When the judge said "A month" in pronouncing sentence, she fainted in court and was carried out shouting hysterically. The court allowed her to direct her laundry business from behind the County Jail bars.

Police expressed the opinion she had returned to the bootlegging before the probably fatal climax today.

AIRPLANE IN DISTRESS

Rangers and Deputy Sheriffs Search in Vain Craft Reported in Trouble Late Monday

ANA, Sept. 16.—An airplane in distress sighted just before by the forest lookout on Santiago peak and believed to forced down to almost certain wreck in the rough terrain of the range was the object of search today between and Black Star Canyon.

sheriffs and forest rangers to penetrate the area yes- impending darkness and natural barriers

by air was planned to- Jernigan but fog The Saddle- reported the mystery in erratic fashion to- of the range with trouble. Finally, the motor quit entirely and the plane went out of view.

Deputy Sheriffs Harry Carter, Hunter Leach and Joe Thornhill drove into Silverado Canyon searching for trace of the plane; Forest Ranger Redman also went to the head of that canyon searching.

No trace of fire nor other sign of a wreck was found in the area which they were able to command. Meanwhile the presumably lost plane has not been identified. No craft has been reported missing from any of the near-by airports, it was said.

WATER BONDS PREMIUM HIGH

City Gets Best Bargain in Two Decades

Six National Groups Submit Competitive Bids

Coast House Heads Winning Banking Syndicate

Reflecting the recently improved condition of the municipal bond market, the City Council yesterday, in awarding the $5,000,000 issue of water works bonds to a syndicate headed by the Anglo and London-Paris Company for a premium of $67,850, obtained the best bargain the city has secured in twenty-three years, according to City Treasurer Powell.

Six syndicates, representing about twenty-five bond houses of Los Angeles, San Francisco, Chicago and New York, submitted bids for the bonds, which are dated October 1, next, bear interest at the rate of 4½ per cent annually, and mature $125,000 par value on October 1, 1931 to 1970, inclusive.

The group headed by R. H. Moulton & Company was the second highest bidder with a premium of $42,569, followed by Guaranty Company of New York and associates with a premium of $31,950; Chase Securities Corporation and associates with a premium of $27,551; Halsey, Stuart & Company, Inc., and associates, with a premium of $36,400, and National City Company and associates with a premium of $11,495.

The premium offered by the successful syndicate, which included National Bankitaly Company, First National Bank of New York, Eldridge & Co. and First Detroit Co., Inc., was equivalent to nearly $10 per $1000 bond, and brought the interest cost on the bonds to the city to about 4.10 per cent for the longer maturities, or ½ of 1 per cent lower than it had to pay on bonds sold about a year ago. The bonds are part of the $38,000,000 waterworks bonds voted May 20, 1930.

The proceeds of the bonds which are expected to be offered by the purchasing syndicate today will be used by the Board of Water and Power Commissioners for the purchase of lands in the Owens River Valley.

Tri-Utilities Tells Profits

NEW YORK, Sept. 16.—Tri-Utilities Corporation reported today consolidated net income for the twelve months ended June 30, of $1,501,746 after all charges including minority interest and subsidiary dividends, equivalent after Tri-Utilities preferred dividends to $3.56 a share on 297,618 shares of common stock outstanding.

Consolidated gross revenues aggregated $37,682,443 against $34,236,434 in the preceding year. Earnings for the year ended June 30, last, do not include any operating income from the corporation's subsidiary Southern Natural Gas Corporation which owns and put into operation this year one of the largest natural gas transmission systems.

Aviation Credit Control Passes

NEW YORK, Sept. 16.—Commercial Credit Corporation has acquired to date 133,150 shares of the common stock of Aviation Credit Corporation constituting more than 80 per cent of the aviation unit's outstanding capitalization, it was announced here today.

Commercial Credit paid $23.06 a share for the stock and offers to purchase the remaining outstanding stock at the same price. Stockholders desiring to accept this offer may present their stock at the offices of the company on or before the close of business October 1, next.

Building Slower in New York City

NEW YORK, Sept. 16.—Contracts awarded for construction in the metropolitan area of New York from the 2nd inst. through the 12th were valued at $28,740,000, according to the F. W. Dodge Corporation. This was at the rate of $2,870,000 per business day against $2,950,300 in August and $2,310,700 daily in September 1929.

For the year to date new construction of all types undertaken in this area amounted to $686,777,000 against $871,819,000 for the like period in 1929.

The success of the Elwood oil field operators in "beaning" down producing wells to enable new projects to go on production, has inspired operators to try the plan in other fields, according to a resolution adopted at yesterday's session of the general committee on State-wide oil curtailment.

According to the resolution adopted by the general committee, each operator shall absorb any new well excess in advance of the completion of any project. This will enable new producers to flow wide open during the five-day flow test without endangering the oil-curtailment program, members of the committee asserted.

This method was put into effect at Elwood several months ago when the Barnsdall-Rio Grande combination and the Pacific Western Oil Company found it necessary to "bean" down producing wells to the minimum. The practice built up an underage which in the end permitted new wells to flow at their maximum.

That the plan was practical was recently proved when the Barnsdall-Rio Grande combination's Tideland Permit No. 88-4 established itself as the best producer in the State by yielding in excess of 14,000 barrels daily. To accommodate this new well the operators built up an underage that would carry them across the five-day test. The same plan will be put into operation again because of the completion yesterday of the operator's Tideland Permit No. 88-5, which is flowing at the rate of 10,200 barrels daily and is rapidly building up its yield.

Swabbing to Complete

The Doyle Petroleum Company's Son-Crail No. 9 at Maricopa Flat yesterday was swabbing for production with bottom of the hole at 3723 feet. On Section 10, 11-23 the Wellington Oil Company's No. 1, with bottom at 3500 feet, failed to effect a complete water shutoff and is preparing to go back to about 3000 feet to test upper oil sand showings.

Skids Derrick

Because of mechanical difficulties and unable to prevent sides of the hole from caving in, George F. Getty, Inc., skidded derrick from Lincoln Drilling-Getty No. 1, a deep test at Lost Hills, and will start a new hole. Cement foundation is being poured. Getty's initial project drilled to 1900 feet.

Standing Cemented

The St. Helens Petroleum Company's Monterey No. 15, a deep test in the extreme southeasterly portion of the Montebello field, landed six and five-eighths-inch casing to 5196 feet, with bottom at 5210 feet. This is the only active deep test in the Montebello field at present.

Drill Pipe Frozen

A frozen drill pipe halted drilling operations in the Prairie Oil and Gas Company's Sexton No. 1 wildcat on the Sexton ranch due east of the Ventura-avenue oil field. Three-inch drill pipe froze with bottom at 7415 feet.

COTTON MARKET

NEW YORK, Sept. 16. (AP)—Cotton prices ruled generally steady in a very quiet market here today. Early advances of about 10 to 12 points on the more active positions were attributed to trade buying and covering promoted by steady Liverpool cables and an idea that some sections of the South might be getting more rain than desired.

Demand was supplied by realizing or scattered selling which eased prices off a few points from the best, but the midafternoon market showed net advances of about 6 to 10 points with new October selling at 10.94 and March at 11.34.

STOCKS STILL SELLING HIGH

Blue Chip Issues Not Yet Down to Levels Dictated by Conservative Appraisal; Yardsticks Questioned

BY EARLE E. CROWE

Waiting for stocks to drop into the buying zones tentatively outlined by prebull-market yardsticks is proving a tiresome proposition. The so-called blue-chip group is still selling at relatively fancy prices if conservative methods of appraisal are used, and now some doubt is arising if the older ideas of values are really applicable.

Investment trust and corporate funds evidently have flowed freely into the standard stocks despite the decreases in rate of earnings and the reduction and omission of dividends in some instances. Accumulation from these sources has maintained the prices at relatively high levels so that ratios of prices to earnings are still around 1929 figures.

PREPARED TO HOLD

Confidence in the prospects of these seasoned companies and knowledge of large surplus accounts and hidden earnings probably account for the active demand for the stocks regardless of current conditions. The large buyers of the blue-chip issues apparently are prepared to wait a reasonable time for business improvement to justify their commitments.

But if events should influence these large holders to believe that improvement will be postponed beyond original expectations, then it might be logical to look for closer reconciliation of stock prices and earnings in conformance with the older ideas. Loss of confidence in the ability of the seasoned companies to quickly emerge from business depression would naturally show up in selling of investment shares.

Col. Leonard P. Ayres, the Cleveland economist, touched on the relatively high levels of current stock prices in his latest monthly comment. He remarked that prices of high-grade common stocks are still high when considered in relation to earnings or the dividends paid.

"If we measure stock prices as multiples of earnings, the astonishing fact comes to light," he declared, "that the prices have been a good deal higher during the first half of this year than they were a year ago at the top of the bull market. This may explain in some measure the declines in prices that have taken place in the second and third quarters of this year."

RATIO HIGH

Stocks used in the composite index of the Standard Statistics Company are selling at prices to impel the conclusion by this economic service that "equity shares in general are still liberally appraised on an earnings basis." The ninety stocks used in the index are currently quoted, on the average, at approximately 15.6 times estimated 1930 earnings.

"Never in the past decade has an important general recession, even of proportions not approaching a major bear market, run its course with average earnings ratios as high as the present," the Standard Statistics Company comments. "At the low levels of the intermediate reaction terminated in April, 1926, stocks included in the index were available at an average price-earnings ratio of 9.8. Both in 1923 and 1921, prices continued downward until these securities could be obtained for approximately nine times net per share."

Because corporations are richer, more diversified and fortified, and more efficiently managed, it is possible that older yardsticks of deflation in stock prices are not fully applicable. At the same time it is not likely that the "new era" measure of fifteen times earnings will hold good in a bear market. The influence points to still further deflation in the leading shares before the upward trend is resumed.

Grape Prices Shade Down on Eastern Marts

FRESNO, Sept. 16. (AP)—Average prices for grapes today on the eastern auctions were off, in one case as much as 34 cents a package. Thompson's, which have held steady at about $1.25, were off only 1 cent, while Malagas advanced 2 cents on the average to $1.11. Muscats advanced 3 cents to an average of 86 cents, and zinfandels advanced 1 cent to 96 cents. Alicantes were off 2 cents to $1.04.

The Boston market showed some improvement over the previous two market days, and New York was stronger on most varieties. There was a wide range of prices in most table grape sales, and some reports of the continuance of low delivered prices recorded Monday on some cars. Plenty of sales were reported at prices which left no allowance to the grower for his grapes, or which represented losses to shippers, and some few in which cars did not bring freight charges. Juice seedless sold in Jersey City for 62 cents a package.

Shipments from the State on Monday totalled 498 cars, bringing the total for the season to that date, according to the Federal State market news service, to 12,473 cars, as compared with 10,677 cars to the same date last year. There were 641 cars ordered placed for grape loading in the State yesterday.

Export Copper Prices Sliced

NEW YORK, Sept. 16. (AP)—The price of copper for export was reduced one-quarter of 1 cent a pound to 11.05 cents c.i.f. European base ports, today by Copper Exporters, Inc. The cut was made to bring the export price in line with the domestic price of 10½ cents a pound delivered, made yesterday by at least one custom smelter.

Leading producers, who had been holding the metal at 11 cents, reduced the price to 10 3-4 cents a pound yesterday. The new domestic prices, the lowest in 30 years, compared with the 18-cent level in effect from April, 1929, to April, 1930, when the decline began.

CEMENT RATE CUT

NEW YORK, Sept. 16.—Lehigh Portland Cement Company declared today a quarterly dividend of 25 cents a share on the common stock, a $1 annual basis against $2.50 formerly. The dividend is payable November 1 to stockholders of record October 14.

GRAIN EXPORTS

WASHINGTON, Sept. 16. (AP)—Exports of grain from the United States in the week ended the 13th inst. totaled 2,570,000 bushels compared with 3,872,000 bushels the preceding week and 5,148,000 bushels in the corresponding week of 1929.

GOLD OUTPUT HITS RECORD

Canadian Production for 1929 Nears Valuation of $40,000,000

OTTAWA, Sept. 16. (AP)—Canada's gold production in 1929 again established a record with a total of 1,928,038 fine ounces, worth at current rates $39,861,663.

Figures of the Dominion Bureau of Statistics showed the total today in comparison with the 1928 output of 1,890,592 ounces, worth $39,082,005. Ontario produced 1,622,267 fine ounces, worth $33,535,234.

SHIFTING OF SALES FROM EAST SHOWN

Survey Traces Sharp Rise in Local Stock Speculation After New York Close

Bearing out the contention that stock market operations are shifted to the Pacific Coast after the close of the New York exchanges, a statistical compilation of trading on the Los Angeles Stock Exchange, issued yesterday by F. E. Sanford, secretary and manager, reveals a sharp gain in the volume of dealings during the latter part of an average session.

By dividing the session into fourteen half-hour periods the compilation shows a spurt in trading after the close of eastern markets, with the greatest percentage of sales particularly evident in the final half hour.

Trading on the Los Angeles Exchange during the closing half hour averages more than 10 per cent of the total sales for each day, according to the survey, and is 3 per cent higher than the pro rata average of 7.1 per cent for each of the fourteen periods. This report, which covers a period of seventeen weeks, excludes all less than board-lot transactions.

Under the present daylight saving time in effect in the East, the Los Angeles market has the advantage of three and one-half hours trading after the close of the New York exchanges. Traders have the opportunity of continuing market operations in fifty-six securities which are listed or traded on both the New York Stock and Curb exchanges.

DIVIDEND CUT

NEW YORK, Sept. 16.—Madison Square Garden Corporation today declared a quarterly dividend of 25 cents, placing the stock on a $1 annual basis, as against $1.50 previously. The dividend is payable October 14 to stock of record October 4.

TARIFF THREAT IN BRITAIN

Board of Trade President Issues Significant Warning in Address Before League of Nations

BY JOHN F. SINCLAIR

[Copyright, 1930, by the North American Newspaper Alliance]

NEW YORK, Sept. 16.—The warning of William Graham, president of the British Board of Trade, before the Assembly of the League of Nations, that England could not stand much longer the constantly increasing tariff walls being raised in nearly every country in the world, is timely. If the movement does not cease before next February, the British government, too, would be forced to deal with it in a way to protect British interests, he said.

It's the first official warning given by Great Britain that the movement toward intense nationalism, which has been developing since the war (and which, incidentally, was one of the factors making for the last war) is one that no nation, particularly Great Britain, which has for 100 years been the great free trade nation of the world, could ignore longer.

Should England embark on a program of protection, undoubtedly the emphasis will be on getting the various British commonwealths into a tariff union, which will grant a large amount of free trade within that territory, with protection against all goods coming in from the outside.

So this tariff business shows itself up as a two-edged sword which cuts as deep with one edge as it does with the other.

With the unemployment fund of $20,000,000 out of the way, the Bennett government of Canada concentrates next on raising Canadian tariff schedules.

I have been informed by one who is close to the situation that the tariff is likely to be increased on more than 175 individual items, centering largely about cotton, steel, automobile, agricultural implements, boot and shoe and woolen industries.

Already a strong "Canada first" movement is under way and the large cities of Canada are surveying the various fields to determine which goods can be manufactured best in their respective communities.

It's a strong nationalist movement—probably a backwash of the "Chinese wall movement" in industry, now rising all over the world.

The Bennett government has moved rapidly since it took over the government six weeks ago. Every item due for a rise has been studied individually and an increase of from 5 to 50 per cent is contemplated.

Unlike American schedules, which require months of agitation in Congress, the Canadian schedules can be put into practice in twenty-four hours by government decree. The new schedules should be announced early this week.

Senator Barkley's contention with Ogden Mills, Undersecretary of the Treasury, that tourist trade is no substitute for American goods sold abroad is strictly to the point.

It's the contention of Senator Barkley that, while many different factors enter into squaring the international financial accounts, every item going into that account should be analyzed with a view to knowing whether it is helping or hurting the American standard of living.

If American tourists left $300,000,000 in Europe this year that fund becomes a credit which can be used by Europeans to buy American goods, but the Kentucky Senator makes the point that such a transaction by no means is equal to the same amount of American goods going abroad.

"Tourists are not produced by American labor and very few American laborers under present conditions can become tourists," says Senator Barkley. "But American goods shipped abroad are produced by American labor and help to give employment to millions of American workmen; and it will offer poor consolation to the American working man to offer him a tourist for the goods he has manufactured for foreign consumption."

The point is well taken from the standpoint of labor; for it is from the human point of view rather than from the financial that Senator Barkley speaks.

Drop Shown in Daily Average Output of Oil

NEW YORK, Sept. 16. (AP)—The daily average gross crude oil production in the United States decreased 17,300 barrels for the week ended the 13th inst., totaling 2,419,750 barrels, according to the weekly summary of the American Petroleum Institute. The daily average production east of California was 1,806,050 barrels, a decrease of 24,700.

Refineries, representing 95.6 per cent of the estimated daily potential refining capacity, operating at 69.4 per cent of their capacity, reported daily average run of crude oil to stills as 2,446,300 barrels. Daily average the previous week was 2,362,400 barrels for refineries representing 95.6 per cent of potential capacity operating at 67.0 per cent of their capacity.

NEW YORK BOND PRICES

NEW YORK, Sept. 16. (AP)—High-grade domestic issues held a firm trend in the bond market today and a few issues established new highs for the year. The volume of business improved but the heavy volume of new offerings apparently detracted from the activity in the listed market.

Buying was of a selective nature, but demand was sufficient to carry the market to a new high for the year in the composite average of 30 bonds. The price movement was irregular with changes of small proportions.

New Peaks were registered by Big Four 4½s (Cairo division), Hocking Valley 4½s and Buffalo, Rochester and Pittsburgh 4½s and Pennsylvania 4½s. Columbia Gas 5s and Laclede Gas Light 5s reached new highs.

American Sugar Refining 5s, Armour & Co. 5½s, National Dairy 5¼s, and Wheeling Steel 4½s advanced. General Steel 6s rose 4½ points. Ajax Rubber 8s dropped nearly 5.

The government issues regained some of the ground lost yesterday. The 3⅜s closed ⅛ net higher, and the 7s advanced ½. In a large turnover, International Telephone 4½s sagged ¾. Pathe warrant 7s lost 2 points.

Offerings will be made tomorrow of $5,000,000 4¼ water bonds of the city of Los Angeles, Cal.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

Every
Investor
Should Consider
Bonds

Debenture bond prices have not advanced appreciably above the levels of 1929—the year of lowest prices since 1925. Present market conditions and low interest rates indicate a strong bond market in the near future accompanied by rising bond prices.

For safety and a good return we recommend Associated Gas and Electric Company Gold Debenture Bonds, due 1968—priced to yield over 5¾%.

Stock Market Holds Steady Level of Prices as Transamerica Dominates Trading

Transamerica Corporation, demonstrating trading strength by fluctuating closely within narrow limits as a total of 8800 shares crossed the board, was the outstanding issue yesterday on the Los Angeles Stock Exchange. The balance of the list was highly irregular, and excluding a few soft spots among the inactive shares the prices were substantially unchanged. The bank holding company held within one-half point throughout the entire session and ended up one-eighth net at 23⅞, the day's high.

Richfield Oil slipped back ½ under pressure of 1700 shares to end the session at 16. Pacific Western yielded 3-8 to 15 5-8, and Macmillan dropped ½ to hit the year's low at 11. Rio Grande was particularly quiet, easing 1-8 to 15⅛, while other petroleums held unchanged.

Weak spots in the list included Pacific Finance, which broke 1 5-8 points to a new bottom at 20 1-8, and closed at 20½. The issue, formerly an active performer, has not been traded for some time. Lincoln Mortgage, another inactive, dropped 5 cents to mark a new low at 20 cents on sales of more than 4000 shares. Signal Oil, also an occasional trader, fell off 1½ points to a new bottom at 24.

In the other direction, Southern California Edison 5½ per cent preferred and San Joaquin 7 per cent preferred continued to burst into new high territory for the year. The former strengthened 1-8 to 25 3-4, and the latter ½ to 124. Edison common and Pacific Public Service eased 1-8 each.

International Re-Insurance firmed up 5-8 on a board lot to 39 1-8. Western Air Express continued to sell at 33. There were no other substantial changes.

Sales totaled 20,616 shares, valued at $475,678; previous day, 12,348 shares, valued at $433,704.

SAN FRANCISCO

SAN FRANCISCO, Sept. 16. (AP)—San Francisco's Stock Exchange strengthened after a weak opening today and closed the session with a better position evident, and more gains than losses. The utility group, in which six of eight active stocks strengthened, made the best showing.

Pacific Telephone and Telegraph preferred strengthened 1¾ to 128½, the common stock 1 to 141, and Pacific Lighting common 1¼ to 81½. Fractional betterment was shown by Pacific Public Service, Pacific Gas common and Pacific Lighting preferred. Movement among the industrials was fractional.

Transamerica opened at 23⅞, touched 24⅛, receded to 23½ and closed at 24, up ⅛. In the oils, Richfield preferred and Standard of California were up fractionally.

NEW YORK CURB STOCKS

NEW YORK, Sept. 16. (AP)—The curb market finished narrowly irregular today. A rally in the final hour saved many pivotal issues from sinking to new lows on the current selling movement, which set in last week. Changes were fractional for the most part with few outstanding examples of strength or weakness, except among inactive industrial issues.

The trend was toward lower levels. There were several ineffectual efforts to stage a recovery, but advances brought out a volume of offerings sufficient to force a decline. Late buying principally attributed to covering operations by shorts carried prices to the best levels of the session, the sales totaled 349,600 shares.

Bears, concentrating on utilities, found Electric Bond and Share, American and Foreign Power warrants, United Light and Power A, Central States Electric, American Superpower open to attack. Electric Bond and Share sagged 2 points, and American and Foreign Power more than 1. At the finish the former was off only ¼ and the latter was firm. Short covering carried public utility holding up more than a point.

Oil shares were less affected by the selling movement. Cosden and Humble gained about ½ point each. Cities Service closed net unchanged, while Standard of Indiana, Gulf, Vacuum and Standard of Nebraska were slightly lower.

In the specialty group, Technicolor duplicated its performance on Monday. It reached another new low at 20¾, a net loss of 2¼ points. Translux lost ½. Deere moved up more than a point on thin buying.

The late rally carried Goldman-Sachs slightly higher. Aviation stocks were irregular. National Aviation was strong. Western Air Express sagged 2 points.

The closing price is omitted when same as the low, and both low and close when same as the high.

LOS ANGELES CURB

Closing prices on most of the active dollar issues on the Los Angeles Curb yesterday showed small losses with two issues marking up new lows. Grigsby-Grunow continued under pressure and on a turnover of 700 shares touched a new bottom for the local board at 8 1-4, closing at 8 7-8, off 1 3-4. Tidewater Associated hit a new low at 13, off 7-8.

Chapman Ice Cream gained 1 point to 23 while Gladding McBean, Intercoast Trading, Mexican Seaboard and United Linen were all fractionally higher.

Montgomery, Ward dropped 2 1-8 to 35 7-8 and Radio-Keith-Orpheum was off 1 1-2 to 34. Consolidated Steel common and preferred, Fokker Aircraft, General Motors, Pacific Associates and Southern California Gas Corporation 6 1-2 per cent preferred were among the issues to show fractional declines.

Lincoln Drilling, with sales of 8550 shares, was the most active issue in the cent stocks and showed a gain of 2 1-2 cents in the closing price of $1.95. Kinner Airplane on a turnover of 2600 shares, lost 5 cents to 45 cents. Bandini Petroleum was off 20 cents to $4. American Royalty, Imperial Mining and United Vanadium Mining all registered new lows.

Wheat Futures Ease Off After Brisk Advance

CHICAGO, Sept. 16. (AP)—Soaring almost 4c a bushel as the result of a buyers' stampede, wheat today suddenly jerked backward at the last, losing part of the gain. The market showed evidence of having become greatly oversold, with many traders nervous about a sharp let-up in rural deliveries of wheat in Canada. There also was much concern apparent relative to advices that the 1930 wheat crop in France would amount to only 208,000,000 bushels and would be of poor quality, indicating unavoidable big imports.

Closing quotations on wheat were unsettled, 1⅞@2⅝c higher than yesterday's finish. Corn closed up ½@1⅛c, oats ¾@1⅛c advance and provisions varying from 10c decline to a rise of 7c.

Bulges in wheat values today were in the face of new low-record prices at Liverpool. Setbacks in British wheat quotations had only a transient influence here, Chicago traders taking much more notice of advices at hand saying that despite heavy import duties, an evident willingness to purchase wheat abroad was being shown on the part of European continental millers. Friends of higher prices contended also the persistent successive price breaks of late in wheat were showing signs of having culminated, and recoveries were to be looked for. Under such circumstances, offerings of wheat future deliveries became unusually scarce here at times, and the market jumped at a rapid rate just before the final gong.

Specially arousing the anxiety of wheat traders, who have been on the selling side, were late dispatches showing country marketings of wheat in Canada had decreased to 2,238,000 bushels for twenty-four hours, against 3,952,000 bushels a year ago.

Corn and oats followed wheat down early and up later. Frost predictions for tonight as far south as Northern Iowa contributed at times to the strengthening of all grain prices, but was offset a good deal by spreading operations between wheat and corn, with corn being sold against purchases of wheat.

Provisions averaged higher, largely as a consequence of a bigger decrease than was looked for in Chicago stocks of lard.

LOS ANGELES MARKET

CATTLE—Tuesday's offerings were very light and included 152 head of holdovers, some of which arrived too late for Monday's trade. No killing steers were included in the run. Quality considered, most sales were fully steady with spots showing a little strength.

A few head of thin feeder steers brought 6.00@6.80 and some rough dairy types were unsold.

Odd light weight heiferish cows sold up to 6.50 with a few head of medium weight cows at 6.25. A load of 1035-pound Colorado cows and a part load of 995-pound Utahs brought 6.00 with a few dairy-type cows selling at the same price. Bulk of common to medium cows cashed at 4.50@5.75, with low cutters and cutters at 2.50@4.25. About a load of medium Colorado bulls brought 5.75 with odd head of better bulls at 5.85@6.25 and common kinds down to 4.50.

CALVES—A large supply of calves were on hand, most of which were Arizona and Texas stock that arrived late Monday. Trade was medium to good native and Imperial vealers brought 10.00@11.75 with some 246-pound Arizona calves at 10.00. Bulk of the calves averaging 209 to 451 pounds scored 7.50@9.50 with most of the southerns stopping at 9.00. About three loads of 260 to 361-pound Brahma-type Texas steers brought 6.40@7.40.

HOGS—Salable supply was confined to part loads of trucked-in Imperial and local-fed butchers which sold at strong rates, quality considered. About 50 head of 199-pound Imperial butchers brought 11.80 with 172 to 218-pound locals at 11.50@11.60. A few 260 to 280-pound locals brought 11.00 with 353-pound packing sows at 8.50. Good eastern butchers are quoted around 12.15.

SHEEP—Nothing was offered in this division but it was evident that good lambs would sell readily. Good to choice lambs, 75 pounds down, are quoted at 6.50@8.00, or possibly a little higher. Medium to choice light ewes are quoted at 3.00@4.00.

METAL MARKETS

CLEVELAND, Sept. 16. (Exclusive)—Daily Steel Trade today says: Efforts are being made to stiffen steel prices for fourth quarter. In the west producers are reported ready to issue price announcement of $1.75 Chicago as a minimum on bars, plates and shapes, but aside from this no noticeable strengthening in the finished steel price structure has developed. Sheet makers are booking more business, some sellers reported the largest orders in more than a month.

"TIMES" THEATER GUIDE

MOTION PICTURES

Bard's, Eighth between Broadway and Hill—"Love Among the Millionaires." Clara Bow gives and takes in the upper circles.

Boulevard, Washington at Vermont—"Our Blushing Brides." A box-office hit about the Cinderella shop-girl theme. Joan Crawford.

California, Main near Eighth—"Gals de la Paramount." "Paramount on Parade" in Spanish, with some new native players added to the cast.

Carthay Circle, Carthay Center—"Holiday." A film play of quality and design with Ann Harding at her best in defense of youth.

Chinese, 6925 Hollywood — "Hell's Angels." It took Howard Hughes four years and $4,000,000 to produce the colossus of the air; and it was worth it.

Criterion, 642 South Grand—"All Quiet on the Western Front." Erich Remarque's masterpiece of the war receives splendid treatment. Lew Ayres.

Egyptian, Hollywood Boulevard—"For the Defense." A powerful film of law and bribes. William Powell.

Figueroa, Figueroa at Santa Barbara—"The Big House." An exciting account of prison life, with Wallace Beery.

Filmarte, 1228 North Vine—"Streets of Algiers." A mad mix-up of good and evil and a lot of other nonsense.

Forum, Pico at Norton—"Bright Lights." Dorothy Mackaill in some fast doings of the big city.

Loew's State, Broadway at Seventh—"Let Us Be Gay." Norma Shearer again scintillates for society and wins back her husband.

Majestic, Bdwy. at 9th—"Scarlet Pages." Elsie Ferguson plays a modern Portia and to good effect.

Million Dollar, Broadway at Third—"Hell's Island." A story of an island prison featuring Jack Holt as one of those masculine heroes.

Pantages, Hollywood at Vine—"Our Blushing Brides."

Paramount, Hill at Sixth—"Let's Go Native." A fantasia of gay nonsense, provided mostly by Jack Oakie.

President Theater, Broadway near Eighth—"Birth of Nation." Opens tonight.

Ritz, Wilshire at La Brea—"Manslaughter." Plain and fancy dramatics by the lovely Claudette Colbert.

R.K.O., Hill at Eighth—"Last of the Lone Wolf." Bert Lytell in a somewhat old-fashioned intrigue of court jewels and whatnot.

R.K.O., Orpheum, Broadway at Ninth—"Rain or Shine." Nonsense in wild delightful disorder by Joe Cook.

United Artists, Broadway, near 9th—"What a Widow." A lightning farce that somehow forgets to be funny. Gloria Swanson.

Tower, Bdwy. at 8th—"Sins of the Children." A sympathetic scene of a family struggle poignantly interpreted by Louis Mann.

Uptown, Western at Tenth—"Manslaughter."

Warners' Downtown, Hill at Seventh—"The Bad Man." Walter Huston paradine a Mexican grin in Porter Emerson Browne's old western epic.

Warner's Hollywood, Hollywood Blvd. at Wilcox—"Girl of the Golden West." Ann Harding again excels in this medieval melodrama.

STAGE

Belasco, Hill at 11th—"It's a Wise Child." A splendid cast enacts this modern treatment of an old theme. Recommended to those who take comedy with a grain of salt and lots of pepper.

Biltmore, Fifth and Grand—"Dishonored Lady." A rather disconcerting drama, enacted, however, by an exceedingly capable cast headed by the glamorous Katharine Cornell.

El Capitan, Hollyw'd Blvd. nr. Highland—"The Poor Nut." The campus sap becomes a hero overnight and it's worth seeing. Elliott Nugent.

Hollywood Playhouse, Vine near Hollywood Blvd.—"Thin Ice." Opens tonight.

Vine Street, 1615 N. Vine—"A Cup of Sugar." The delightful comedienne, Dorothy Mackaye, returns in a farce about husbands and various wives.

BURLESQUE

Follies, Main at Fourth—Burlesque.

LAUREL CANYON WORK SOON TO BE FINISHED

STUDIO CITY, Sept. 16.—Contractors state today that motorists shortly will be traveling over the new Laurel Canyon paving which is now under construction through the foothills south of here. Pouring of concrete has been completed on a sixteen-foot strip from Mulholland High Way to the foot of the grade on the San Fernando Valley side and work is proceeding rapidly on the paving on the opposite side of the foothills crest. Laurel Canyon for a number of years has been the principal outlet for the valley into the beach cities districts. Motor travel has increased so greatly within the last two years the improvement of the long scenic road was urgently necessitated.

CANADIANS ADVISED TO HOLD GRAIN

Agricultural Conference Urges Farmers to Feed Cattle and Sell Meat

WINNIPEG, Sept. 16. (AP)—The first of four conferences to consider the agricultural situation was held today at the call of Premier Bracken.

Today's conference was among bankers. The others, to be held on successive days, will be with representatives of municipalities, live stock and agricultural society representatives, and loan and credit organizations.

"After careful analysis of the crop situation," said the Premier, who has been a farmer fifty years and is one of the Dominion's leading stock breeders, "We find that a crisis faces the agricultural industry of Western Canada. It has arisen out of the low prices for cereal grain. The prices received are so low as to come nowhere near returning to the farmers the cost of producing their grains."

He suggested as a remedy that the farmers hold as much of their grain as possible on the farms, using it to feed cattle which can be sold for meat at a profit.

LA CRESCENTA SCHOOL MERGER IS PROPOSED

LA CRESCENTA, Sept. 16.—Members of La Crescenta district school board tomorrow will meet with members of the Glendale Union High School and the Glendale elementary school boards to confer with officials of the State Department of Education regarding the proposed survey to be made of the three districts.

The survey is expected to determine the practicability of joining La Crescenta district with the two Glendale districts. The financial status of the districts, present school facilities, the future increases in enrollment, and other matters that might affect the consolidation, will be gone into before the survey is completed.

All three boards have asked for the survey. North Glendale virtually has grown into La Crescenta area. It is believed La Crescenta schools will profit largely in the matter of better facilities if the merger is brought about.

U. C. PROFESSOR GETS FOREST SERVICE POST

WASHINGTON, Sept. 16. (AP)—R. Y. Stuart, chief forester of the United States, tonight announced the appointment of Francis X. Schumacher, professor of forestry at the University of California, as chief of the section of forest measurements in the forestry service. Mr. Schumacher as chief of the measurements division will measure the productive capacity of forests in the United States in terms of lumber and other products. He will assume his new duties in Washington October 1.

Los Yanquis Combaten con los Rojos

SHANGHAI, Septiembre 16.—El cañonero "Luzón", de la marina de los Estados Unidos, tuvo hoy un breve encuentro con los comunistas que han estado haciendo fuego contra los barcos extranjeros desde las riberas del río Yangtze, entre Kiukiang y Shasi. El contraalmirante Thomas Craven, jefe de la patrulla norteamericana de Yangtze, ordenó qua disparara el Luzón.

Los yanquis no tuvieron baja ninguna, y se ignora las que producirían entre los rojos los disparos hechos por el cañonero.

Cuando se hallaba el Luzón a veinticinco millas río arriba de Wusueh, en la provincia de Hupeh, los forajidos lo atacaron con artillería de campo y morteros de trinchera. La escaramuza duró cuarenta minutos, y abarcó unas quince millas del río. El cañonero barrió la ribera norte con proyectiles de tres pulgadas y con ametralladoras.

Muchos Millares de Indios en la Cárcel

BOMBAY, Septiembre 16.—Más de 25,000 nacionalistas están en la cárcel, dice un anuncia de la comisión organizadora del partido del Congreso Panindio. Bengala va a la cabeza con 6000 presos.

La mayoría de las sentencias han sido por violación de las medidas adaptadas por el gobierno para vencer la campaña de desobediencia civil inaugurada por Mahatma Gandhi en su lucha contra el yugo británico en India.

Dicen los nacionalistas que en varias partes del país muchos presos del orden común han sido dados libres para que dejen lugar a los presos políticos. Los funcionarios del gobierno, con todo, desmienten este aserto, y dicen que es exagerado el número de reclusos que citan los nacionalistas, ya que centenares de éstos están siendo puestos en libertad a cada momento, sin exigirles más que una satisfacción verbal al Estado por su comportamiento en el momento de la aprehensión.

Cambia de Prisión el Presidente del Perú

LIMA (Perú) Septiembre 16.—Augusto B. Leguía, presidente derrocado del Perú, que va a ser sometido a juicio por presuntos delitos cometidos durante su administración, fue trasladado hoy de la isla penal de San Lorenzo a la penitenciaría de Lima. También lo fue su hijo Juan, encarcelado como él. Se hallan a la disposición de la junta militar que actualmente gobierna el Perú.

El Presidente Hoover Charla con Bobby Jones

WASHINGTON, Septiembre 16.—El presidente de los Estados Unidos y el rey de los jugadores de golf se pusieron hoy al habla en la Casa Blanca. Robert T. Jones, campeón libre yanqui y británico, y campeón de aficionados británicos, que va de camino al torneo de aficionados norteamericanos, se detuvo aquí y fue saludado por el presidente Hoover, quien le deseó todo éxito en su tentativa de hacerse dueño de la cuarta gran corona de jugadores de golf.

Se Abre una Información en lo del Choque de Contratorpederos

WASHINGTON, Septiembre 16.—Los cazatorpederos Hatfield y Sands resultaron con averías en una colisión que sufrieron la noche del viernes frente a Newport (Rhode Island). La Marina hizo conocer hoy el accidente, al anunciar que el vicealmirante Arthur L. Willard, jefe de la escuadrilla de contratorpederos de la flota exploradora, ha dado órdenes de que averigüe las causas del accidente una junta investigadora. No hubo desgracias personales en el siniestro.

Ambos barcos fueron despachados al Astillero de Nueva York para su reparación. El Hatfield navega a las órdenes del capitán de coberta R. D. Kirkpatrick, de Dotham (Alabama). El Sands lo manda el capitán de fragata V. J. Dixon, de Los Angeles.

Floridano Detenido por Riña Callejera a Balazos

Fred O. Eberhardt, publicista de Tallahassee, ha poco exonerado de la acusación de haber conspirado para que fuese asesinado el gobernador Doyle E. Carlton, ha disparado ahora en riña callejera contra O. L. Bankston, de Crestview (Florida), y causándole una herida.

Los testigos oculares dicen que Bankston encontró en una esquina a Eberhardt y lo agredió. El publicista, entonces, sacó una pistola, y Bankston resultó herido en una mano al intentar desviar el arma de Eberhardt. Este último dijo a las autoridades que no conocía a su asaltante, ni se le ocurría ninguna razón por qué lo haya agredido.

El, Bankston, y J. M. Harvel, a quien se ha visto aquí en compañía de Bankston, fueron detenidos para instruir un sumario.

WATCH YOUR HUSBAN

When men develop "nerves"—complain of ex-haustion, day after day . . . when bed outbids bridge or the theatre—wives know that overwork is beginning to tell. It's time to act.

If *your* husband is giving too much of himself physically and mentally to his business . . . consider the virtues of a Winter Cruise via Red Star or *White Star Line* . . . to the Mediterranean or Around the World. For systematic rest . . . complete change of scene to erase wrinkles from a man's brow and chase worries from his mind . . . nothing can equal an ocean voyage.

It's really wonderful how quickly tired bodies and drugged minds respond to this stimulating treatment! Ocean breezes charged with salt—sunshine chockful of healthful violet rays! All in all, a sea trip is the sovereign cure! Take your husband and go. Let us tell you about the following delightful cruises, described in the unusual booklet, "Watch Your Husband."

University President Makes Clear His Loyalty

Students Urged to Achieve Mental Freedom

"Question What's Taught," Advice of Prexy

the first time since the University of California at Los Angeles was founded in 1919 a president of the University of California addressed the members of the student body yesterday when Dr. Robert Gordon Sproul spoke at the first assembly of the semester in the auditorium of Royce Hall on the Westwood campus.

The auditorium was packed by an eager and responsive student body and members of the faculty. Speaking particularly to the students who are just beginning their careers, Dr. Sproul said, in part:

"This meeting here is unique in a way. You freshmen are starting with me. You are starting as university students at the same time I start as president.

AIDED IN FOUNDING

"I am no stranger here. I am no carpet-bagger from the north. I have been a part of this institution since the time when it was first a dream. I was named a member of a commission by the late President Benjamin Ide Wheeler to investigate the possibilities for a university here. I have served on that continuously in bringing this university in Los Angeles.

"There is no doubt as to my loyalty to this institution and I only hope that you will develop a loyalty to the entire University of California as intense as is my loyalty to the University of California at Los Angeles.

"The men who founded the University of California back in 1868 did a magnificent piece of work. They were men of high standards and they founded well, as we have carried down through the years. We hear some criticism of mass education. Some of our own alumni take exception to it, but it is mass education.

MENTAL FREEDOM URGED

"Come not to learn, but to think. Not to accept what is told you, but to question. Put these questions to all that is taught you, 'Is it true and what of it?' There is a whole demand for freedom of thought among students.

"He is a good student who will question what is taught him, who will go back to his professor and seek more understanding and enlightenment. And it is a good professor who, if he is not sure of his ground, will link arms with the student and say, 'Let us go and find out.'

"Remember that fifteen units of work a semester may eventually lead to a degree, but not necessarily to a real education. It is for you to seek out a real education. The opportunity is yours. You will find that the mind is not a pail to fill, but a dynamo to start working."

GIVEN OVATION

When he had finished, Dr. Sproul was given an ovation such as no other speaker in Royce Hall ever received and he rose three times to acknowledge the demonstration of appreciation before the student body was satisfied.

Dr. Ernest Carroll Moore, director of U.C.L.A., presided at the meeting and made a few opening remarks in which he said the new organ in Royce Hall has been ranked by notable organists to be the best in existence. He announced a series of organ recitals to be held in Royce Hall on Tuesdays and Fridays at 12 noon for the next months while Alexander Schreiner, organist at the Mormon Temple in Salt Lake City, occupies the position of visiting organist at the university. These concerts will be open to the public as well as to students.

KLEINSMID GIVES ADVICE TO S.C. STUDENTS

In the opening address of the academic year at the University of Southern California, President R. B. von KleinSmid yesterday morning reminded the Trojan students assembled in Bovard Auditorium that each year only about one-tenth of the students in the country's colleges by enrollment leave their campuses as graduates.

"Allow no discouragement, no obstacle, no difficulty to stand in the way of scholastic achievement, and determine to be one of the one-tenth to graduate," he urged. "Plan to be 'peculiar' after graduation be-

JAPANESE EXTOLS MEXICANS

Ambassador Aoki Here on Way Home Forecasts Great Future for Republic

After representing his government in Mexico City for almost four years, Dr. S. Aoki, Japanese Ambassador to Mexico, said yesterday that he has been greatly impressed not only by the potentialities of the country, but by the progress he has observed during his residence there.

He is very optimistic, the Ambassador said, over the future of Mexico, especially if the nation continues to select for its chief executive post such Presidents as Calles, Portes Gil and Ortiz Rubio, with all of whom he became acquainted in his official capacity.

Ambassador Aoki has been at the Ambassador for several days preparatory to taking ship for Japan to enjoy a six months' vacation. Accompanied by his wife and two children, he will sail today on the steamship Tatsuta Maru.

His present visit to this city is his second, the previous one having been slightly more than five years ago, and he said yesterday he is amazed at the evidences of growth here. He has visited several motion-picture studios and he said he was most impressed by the scientific and technical thoroughness in the making of talking pictures.

Since the advent of the talking pictures, he said, a vigorous cinematic industry has been growing fast in Japan, but he added that he believes there will always be a market for good American talkies in Japan, even though they be in English, for ability to understand and talk English is a rapidly spreading accomplishment among the Japanese.

Santo Domingo Aid Welcomed by Red Cross

D. C. MacWatters, chairman of Los Angeles Chapter, American Red Cross, has received a wire from the National Red Cross giving reports of the disaster situation in Santo Domingo.

National Red Cross immediately contributed $40,000 out of its funds for emergency assistance. Besides this, large quantities of food, clothing and medical supplies are being contributed.

Although no formal appeal for funds is being made by the Red Cross, Los Angeles Chapter is glad to accept any voluntary contributions for forwarding to Santo Domingo. Many such contributions have already been received. The need in Santo Domingo is so great that contributions made through any channel will be gratefully accepted and immediately used by those caring for sufferers in the stricken area.

Branch Boulder Rail-Line Work Begins Today

Celebration Near Las Vegas will Mark Event

With the expectation that actual construction work on Boulder Dam will be under way some time next spring, Secretary of the Interior Wilbur and a big delegation of Southern Californians left Los Angeles last night to participate in ceremonies today near Las Vegas, Nev., marking the beginning of work on the branch-line railroad to the dam site.

Secretary Wilbur, accompanied by Mrs. Wilbur and his executive assistant, Northcutt Ely, arrived in Los Angeles yesterday morning from the north. During the day he held brief conferences with officials and leaders interested in the Boulder Dam project and at noon addressed the Pasadena Chamber of Commerce.

TALK TO BE BROADCAST

Upon his arrival in Los Angeles Secretary Wilbur made but brief comment on Boulder Dam, remarking that he was reserving any extended discussion for his formal talk at the ceremonies today. His talk will be broadcast on the radio.

When asked his opinion as to when actual work on the dam site will begin he said it probably will be some time in the spring. The construction of the railroad from the main line of the Union Pacific to the rim of the canyon is considered a great step forward in the development of the project, he said, because the railroad will be used to haul equipment and materials to the dam site.

Included in the delegation that left Los Angeles on a special train for Las Vegas last night were the Secretary's party, representatives of the City Council, the board of directors of the Metropolitan Water District, the Board of Water and Power Commissioners, officials of cities in the district and representatives of a number of civic organizations of Southern California. Some members of the City Council will fly to Las Vegas today for the ceremonies. A number of the delegates were accompanied by their wives.

The actual ceremonies will center about the driving of a silver spike presented by Gov. Balzar of Nevada. President Gray of the Union Pacific System will officiate.

PROJECT LAUDED

Commenting on the first step in the building of the dam, William C. Mullendore, vice-president of the Southern California Edison Company, who was in the party bound for Las Vegas, said: "The beginning of this great co-operative movement, the actual start of construction work, will mark the turn of a new era of activity in the Pacific Southwest. This work, to continue over a long period of years with the continuous employment of a large number of men and the use of vast supplies of materials, will give further impetus to business in general in the West. The Edison company will participate in the project as one of the contractors, having a part with other agencies in the development of a greater Southwest."

Los Angeles Councilmen in the party include Councilmen Davis, Jacobson, Martin and Randall. United States Senator Shortridge and Congressmen Evans, Crail and Swing made reservations.

RECORD POPULATION INCREASE PROPHESIED

By a "Times" Staff Correspondent

PASADENA, Sept. 16. (Exclusive) An unprecedented increase in Southern California's population and industry in the event of the successful completion of the Boulder Dam project is forecast by Secretary of the Interior Wilbur.

Dr. Wilbur was the honor guest this noon at the monthly Chamber of Commerce luncheon in the Hotel Maryland. More than 500 civic and political leaders were present.

WATER NEED STRESSED

Introduced by D. A. McDaneld, Chamber of Commerce president, the Hoover Cabinet member traced the history of the development of civilization in the Southwestern United States, and asserted that additional development rests squarely on the water question.

ELECTION CONTESTS FILED

McGinley, Candidate for Assembly, and Pasadena Justice Aspirant Attack Vote Counts

Contests to two Los Angeles county elections were filed in Superior Court yesterday, following certification of election by the Registrar of Voters after the primary election August 26.

In the contest for the Republican nomination as Assemblyman in the Seventy-second District, Frank McGinley, naming as respondent Ben A. Hill, certified as the winning candidate, sues to have this action set aside, and the proper court orders and writs issued to direct a recount of the primary ballots.

And, attacking the system of counting "single shot" votes for only one candidate, when the voters are directed to "vote for two," J. Russell Morton, who professes to have been elected justice of the peace in Pasadena, with 9438 votes, to 7548 for Walter S. McEachern, sues to be certified as elected, instead of McEachern. The election of Elliott Gibbs, who received 11,140 votes, is not contested.

Morton asserts that the total number of votes cast in the Pasadent justice precinct is unknown, but he asserts that it is not in excess of 17,000, and that he, having received more than a majority of the votes cast, is duly elected. The contestant asserts that because some voters voted for only one candidate, when they were directed to vote for two, election officials became confused, and did not return a correct count.

McGinley, incumbent, who lost the Republican nomination for the Assembly in the Seventy-second District, including Wilmington and San Pedro, after a spirited contest with Ben A. Hill, had 6051 votes to Hill's 6062, a difference of only eleven in a total of 12,113.

The contestant asserts that Republican ballots were given to voters who had registered as of some other party, that more than one member of an election board left the polling place simultaneously, and that in Precinct 1259 the vote was counted in secret, and in Precinct 1206 votes were tallied on other than official blanks.

TURNER TO HOUSE LION

Lieut.-Col Roscoe Turner, aviator, yesterday was granted a four months' permit to keep a lion in his house at 136½ North Sycamore street, after Commissioner Drake had made a motion to gratify his desire. The lion is now six months old.

G. A. BARTH SUCCUMBS SUDDENLY

Veteran Investigator of City Prosecutor's Staff Heart-Attack Victim

Gus A. Barth, veteran investigator of the City Prosecutor's office, died suddenly at his home, 156 West Fifty-ninth street, at 3 a.m. yesterday. His widow attributed his death to a heart attack.

Barth, who was discharged soon after City Prosecutor Johnson assumed office last month, had been reinstated and was to go back to work yesterday morning, Johnson said. The prosecutor denied that any investigation or charges of graft had been made against Barth.

Barth was appointed an investigator by Municipal Judge Lickley when the latter was City Prosecutor and served under Lickley, Nix and Johnson. He was a Spanish War veteran and an official of several patriotic societies. Funeral arrangements have not yet been announced.

Compromise on Golf Curfew to be Offered

A compromise ordinance regulating miniature golf courses has been worked out by the Police and Fire Committee and will be submitted to the City Council for enactment Friday, it was stated yesterday by members of the committee.

The new measure provides that lights must be out by 12:30 a.m., with only noiseless work on the courses to follow that hour, that radios must be silent after 10 p.m. and that lights must be shaded.

CLUBMAN PUTS BULLET IN HEAD

George O. Bittinger Balks Trial by Trying Suicide

Unconscious Form Found in Downtown Club's Room

Action Ends Prosecution on Grand-Theft Charge

George E. Bittinger, 60 years of age, clubman and former general manager of two local finance companies, yesterday attempted suicide to escape the risk of being branded a felon. While deputy sheriffs with a bench warrant hunted him because he had neglected to appear at his trial on charges of grand theft, he shot himself behind the right ear with a bullet from an old .38 caliber pistol as he brooded alone in a room at the California Club, 538 South Flower street.

Bittinger was found unconscious about 6 p.m. by Leo Hauser, club superintendent of service. He was lying on a couch. The revolver was on the floor, and one of his business cards was on the dresser. On the back of it he had written: "Please notify Mrs. J. C. Stevick, Building and Loan Association, Hollywood, or M. A. Bettinger." Houser notified Dr. Bryant, a member of the club, who rushed Bittinger to Georgia-street Receiving Hospital, where at a late hour last night he was reported as having only a slim chance of life.

Charged with four counts of grand theft growing out of his asserted misappropriation of $9500 in funds of the Mortgage Discount Company and the Calivada Securities Company, of which he had been general manager, Bittinger went to trial Monday before Superior Judge Hahn. He left the courtroom with character indorsements ringing in his ears, Lieut.-Gov. Carnahan, former Superior Judge L. H. Valentine, W. L. Porterfield and Archie Lovelace having testified to his good reputation.

CONFERENCE HELD

Early yesterday morning he conferred with his attorney, William E. Simpson, in the latter's office. Throughout the conference, Simpson informed the court later, he appeared to be in a highly nervous condition, although he gave no hint of contemplated suicide. He left the attorney's office shortly after 9 a.m., promising to meet Simpson in court an hour later.

Instead of going to court, however, Bittinger went to his home at 1124 South Tremaine street, tarried a moment and left, telling his wife he was due in court. Mrs. Bittinger had no inkling that her husband had obtained from his room the old pistol, which, according to his attorney, had lain about the house for years.

From his home, Bittinger went almost directly to the California Club; for E. G. Thompson, club manager, told police he registered there shortly before noon. He was assigned a room, and none saw him again until Hauser found him unconscious in the evening.

Meanwhile Bittinger's absence from the courtroom had been noted and Judge Hahn issued a bench warrant for his appearance. Deputies hurried to his home, reporting shortly afterward that they had been unable to locate him there or find any clew to his whereabouts.

Several times during the day a maid knocked for admittance to Bittinger's room at the club, but received no response. As she went off duty she reported the matter to Manager Thompson, who, in turn, instructed Hauser to enter with a pass-key.

When Mrs. Bittinger learned her husband had not appeared in court and was being sought, she became alarmed; and a search of the house revealed he had taken the old pistol from his room. She communicated the matter to the couple's son, Merritt A. Bittinger, who tried vainly during the day to locate the missing map.

CHARGES LISTED

Bittinger was indicted by the county grand jury April 3, last, in connection with his asserted manipulation of funds as general manager of the Mortgage Discount Company and of the Calivada Securities Company. He is asserted to have stolen the $9500 through transactions he negotiated between the two companies and by which the money passed into his keeping.

The indictment charges he stole $6300 from the Mortgage Discount Company April 4, 1927; $700 from the Calivada Securities Company April 12, 1927; $1000 from the same concern June 20, 1928, and $1500 from the Mortgage Discount Company October 30, 1928.

SON AND HUSBAND WORRIED OVER HER

Mrs. Noah Beery

NOAH BEERY SPURS HUNT FOR WIFE

Reward May be Offered and Detectives Hired by Film Actor

Offer of a reward and private operatives may be resorted to by Noah Beery, motion-picture actor and club owner, unless definite clews as to the whereabouts of his wife, Mrs. Marguerite W. L. Beery, are unearthed within the next forty-eight hours, he announced last night. Mrs. Beery disappeared from the Beery ranch in North Hollywood on the 8th inst., leaving no clew as to her destination.

Beery requested the aid of the Los Angeles police and the Sheriff's office yesterday due to the pleas of his son, Noah III, and to fears that she may have met with foul play or an accident. He did not enlist the aid of police authorities immediately, in the belief he would be able to locate her.

TOOK CAR AND MONEY

Mrs. Beery left his home in a large sedan with approximately $750 on her person and some of her clothing. He has not the remotest idea where she might have gone inasmuch as none of their friends have seen her since. She was last seen by servants when she appeared at the home of his brother, Wallace Beery, also a picture actor, to get a check for $150.

Beery reported to Detective Lieutenant Allen of the police missing persons bureau that for the past three years Mrs. Beery has been subject to spells that affect her mind and that she has been under the care of a specialist during that period. Not long ago she filed divorce against him but there was a reconciliation later.

At the time of the divorce proceedings he created a trust fund for her, which still is in existence and from which, monthly, she receives the income. She had the income from this trust in her possession as well as the $150 check at the time she left, he stated.

NO CLEW FOUND

"I am at a loss to explain her disappearance," he said yesterday. "Whether she is under the influence of some other person seeking her money or whether it is due to her mental condition I do not know.

"I have not left anything undone to find her and when everything I could do failed I called in the police to assist me. Not a clew has been found and unless something happens soon to relieve the strain I intend to offer a reward and start private detectives on the trail."

In his report to the police he described Mrs. Beery as being 49 years of age, 5 feet 4 inches tall, weighing 165 pounds, gray hair, light blue eyes, sometimes wearing light-colored clothing, more often blue.

Beery gave his address as 11912 Moorpark street, North Hollywood.

The Lancer

by Harry Carr

THE actual beginning of Boulder Dam construction work is a glad day for Las Vegas.

The ten years that the dam will be building will make Las Vegas a city. This was bound to happen, anyhow. There is no city between Salt Lake City and San Bernardino. It is just on the cards that one should spring up.

But don't get so excited about it that you start buying Las Vegas property without looking at it.

The place is filled with real estate sharpshooters. What they say is literally true; but they don't tell it all. They sell "business lots" for a town "within a few miles of the dam," but they do not mention that a range of mountains lies between. They sell "villa lots" within "one mile of Las Vegas," but do not add that the city limits of Las Vegas start at the equator and reach within one mile of the North Pole.

Nevertheless, Las Vegas is climbing onto the map.

SUPERSTITIONS

The death of Milton Sills will give Hollywood the nervous squibbles. Like all theatrical communities it lives on superstitions; and the firmest conviction of every heart is that if one star dies, two more must die. Lon Chaney, then Milton Sills—

YOUNG LOVE—AND SUCH

The success of Milton Sills should be a lesson to all showmen.

The belief of theater and movie people is that "young love" is the only subject in which the public—women—are interested. Kissing games between little he flappers and little she flappers.

Witness, then, the successes of the year: "Journey's End," in which not a petticoat appeared; "All Quiet on the Western Front" (universally recognized as the best talkie ever made), in which there was no love affair. The two stars of greatest pulling power were Lon Chaney and George Arliss—both men past the age of love interest.

MOVIES MUST MOVE

Personally, I don't believe there is any set formula, or any one subject that the public demands.

"Westerns" were abandoned in favor of long-winded gabby plays in which nothing happened—except that somebody thought he wouldn't go somewhere; then after a few hours' miscellaneous debate, decided that he didn't know whether he would or not.

In a panic, the producers went back to westerns. But was it not that the public demanded action and movement rather than that they demanded cow hands?

THE REIGN OF WOODROW

With all these dangerous Communistic activities what this country needs is something to arouse its patriotism.

And not the World War kind of patriotism, where a policeman stood on one side of you and a spy on the other to see if you whooped right.

No country in the world has ever shown the solid front of patriotism that has held England together through bitter misfortunes; yet there was no reign of terror there during the war. I sat in a cafe in London while the battle of Loos was going on and listened to a British colonel proclaiming the Kaiser to be the world's one great genius. He probably didn't mean it, but nobody objected to his saying so. In this country he would have been killed by a mob; and the remains sent to jail.

SILLS RITES PLANS DELAYED

Funeral Awaits Arrival of Brother from Chicago; Angina Pectoris Blamed for Death

Completion of funeral arrangements for Milton Sills, outstanding motion-picture actor for many years, who died unexpectedly at his home Monday night, were delayed yesterday pending arrival of a brother, Clarence Sills, from Chicago. The actor died from an attack of angina pectoris, a heart ailment, County Autopsy Surgeon Webb announced last night following a postmortem examination.

The widow, known professionally as Doris Kenyon, who was prostrated by the sudden death of Sills after a tennis match, is reported improving by Dr. J. C. Steele, who is attending her.

"She broke down when Mr. Sills died," Dr. Steele said, "but she is recovering. The shock was very sudden and the grief a great strain on her physically. The entire family is in a seriously shocked state.

"I was called in the case for the emergency and had never attended Mr. Sills before. When I arrived at the house he was lying on his face on the living-room floor and, while I believed him already beyond aid, I sent for the inhalator of the West Los Angeles Fire Department."

The report of the inhalator crew of the station, with Fireman Leo B. Friedman in charge, shows that the crew worked from 6:55 p.m. until 7:44 p.m.—forty-nine minutes—in an effort to revive Sills.

The funeral arrangements for the actor are expected to be completed today. Clarence Sills, a Chicago banker and business agent for his brother, is reported flying westward. He was in communication by long-distance telephone shortly after Sills died.

The actor, who had been ill intermittently since March, 1929, was playing tennis Monday evening with Miss Kenyon and his daughter Dorothy and a group of friends when the first seizure occurred. He

BONES REVIVE STORY OF GOLD

Skulls Unearthed by Veteran Woman Prospector may Prove Clew to Location of Fabulously Rich Mine Lost Through Murders

ANNIE L ROSE

Discovery of two human skulls and some human bones in the fastness of the Tehachapi Mountains by a spinster prospector who has been searching the region for gold for twenty years was believed by investigators last night to be the key to the solution of a quadruple murder and probably will lead to the relocation of one of California's richest gold mines.

Miss Annie L. Rose, a native Californian, who has spent most of her life in the Tehachapis, reported to deputy sheriffs yesterday that she had come across the grewsome remains of two men, buried in the ashes of what she believed was an Indian chief's tent at the head of Castaic Canyon, seven miles to the east of the Ridge Route near Sandberg's.

The discovery was made, Miss Rose declared, while she was picking her way through the brush along the canyon slopes on the quest she has followed nearly half her life—that of discovering the Lost Horse or Lost Padre gold mine, a fabulously rich bore that yielded $800,000 in two years and on the day of the murder in 1878 gave up $93,000.

Deputy Sheriffs Stewart and MacVine today will go with Miss Rose to the mountain spot. They believe that the remains of two more men—one hardly more than a boy—will be unearthed.

For in the mountain region is the history of the Lost Padre and the murders that led to its closing.

The story goes that in 1843 native Indians came out of the mountains with handfuls of quartz and enlisted the aid of the Spanish padres in teaching them how to extract the precious metal from the rock.

But before the Indians could do little more than scratch the surface they were driven out and the location of the mine was kept a secret until an old Indian chief in 1876 disclosed it to Dr. B. F. Bragg, a then colorful figure in the sporting life of the State, who was associated with E. J. (Lucky) Baldwin.

Dr. Bragg, according to Miss Rose and R. E. Atmore, a veteran of the mountain country, who now resides at Lake Hughes, hired the Indian and three Mexicans to work the rediscovered ledge.

They toiled for two years and Dr. Bragg became wealthier. Gold fairly poured from the mine, according to the accounts. Then in one day

OIL OUTPUT SLASH URGED

Kettleman Hills Committee will Meet Today in Effort to Reduce Daily Production

The Kettleman Hills oil-and-gas conservation committee, headed by William Reinhardt of the Shell Oil Company, has been instructed by the general committee on State-wide oil curtailment to urge oil operators in that field to cut the daily production of oil to at least 15,000 barrels in the belief that that district represents a genuine menace to the curtailment program now in effect.

Mr. Reinhardt's committee will meet today in the offices of the California Oil and Gas Association to determine ways and means to reduce the flush flow at Kettleman Hills. The committee includes the same members that have been working on a co-operative plan for the orderly development of the field.

Belief that the Kettleman Hills oil field is the key to the production situation in California is based on its present assumed potential of 90,000 barrels daily. With a cut of 83.33 per cent, the field would produce at the rate of 15,000 barrels daily. Of the assumed potential, 10,000 barrels daily is asserted to be unobtainable curtailment.

Simultaneously with the request that the Kettleman Hills field be subjected to a severe slash in production, the general committee adopted a resolution calling for a State-wide yield of 550,000 barrels daily, against the old quota of 596,000 barrels daily. This new curtailment figure, according to the resolution, will remain in effect until January 1, 1931.

Under the new schedule, the State has a total assumed potential of 1,186,600 barrels daily, an increase of 4500 barrels daily over the last proration period. Since there is no definite allotment for the Venice oil field because there is at present no recognized market or price quotation for its oil, no provision is made in the schedule

er

r hurt her again, e will never suffer ill she?"

e were the sob-broken words that came from the lips of Mrs. Ruth B. Weimer yesterday in the County Morgue as she looked for perhaps the last time on the body of the sister she killed three days ago.

The scene in the morgue was one of the most unusual ever witnessed in this place where death and sorrow are commonplace.

Appearing at the morgue before the inquest that was to be conducted over the body of the deceased—Mrs. Mabel Agnes Steele, mother of three children—Mrs. Weimer begged the authorities for just one last chance to see her dead sister.

"I know I killed her, but I loved her just the same; I only did it to end her suffering because her husband had taken her children away; I want to see her once again," she begged.

CONVULSED WITH SOBS

Supposedly hard-hearted policemen, Detective Lieutenants Condaffer and Ryan, have big hearts in their more than six feet three inches of height, because presently each took an arm of the pleading woman and led her to the little room where the stricken sister lay cold in death on a marble slab.

As the policemen held her slight form Mrs. Weimer bent over the still body of the woman she had slain, her body convulsed with sobs. She mumbled unintelligible words. A minute passed and then Condaffer and Ryan led her gently into another room.

But Mrs. Weimer was not satisfied.

LAST FAREWELL

"Just let me see her once more," she begged, turning her tragic and tear-wet face up toward the detectives.

Once more the policemen steadied her and she walked again to the side of her sister and bent over to kiss the silent lips.

"No one can ever hurt her again, can they?" she repeated over and over again as she was drawn again away from the body. She collapsed in the arms of the officers and was placed on a lounge in the morgue, where she remained for more than fifteen minutes until the inquest began.

At the inquest Mrs. Weimer refused to testify on the advice of Attorney Benjamin Sheldon, an old friend of the family, but outside the official records she told reporters and policemen how she came to kill her sister, Mrs. Steele.

EXPLAINS KILLING

"She never had any peace of mind since her husband took away two of her three young children more than a year ago," said the accused woman. "At first she hunted everywhere, but she couldn't find any trace of them. She brooded until her mind was affected. We had to send her to a sanatorium and when I went to see her she wanted me to kill her. She was sent to the State Hospital for the Insane and seemed to get better. She was paroled to me a month ago, but immediately began to brood about the children again. She wept almost all the time. It used to drive me almost crazy to see her suffer so much."

"Could you give us your reasoning at the time you made up your mind to kill your sister?" Mrs. Weimer was asked.

"Did you ever see anyone you thought would be better off dead?" came the answer without hesitation. "I thought she would be better off dead and that I would be better off dead, too. There are lots of things worse than death. Do you think I am sorry? I am sorry for the people I have dragged into it.

"I am not sorry for my sister and I am not sorry for myself. I don't want a lawyer and I want them to hurry up and do what they want to me."

JURY FINDING

The finding of the Coroner's jury was that Mrs. Weimer shot her sister with homicidal intent. The accused woman told reporters her only interest in the case is to "hurry it up, and get it over with."

Her brother, Arthur Rains, of Roseville, was called as a witness to identify the slain woman. Her niece, Evelyn Rains, 17 years of age, told again of seeing Mrs. Weimer fire the fatal shots.

"She seemed to go out of her mind," she said of Mrs. Weimer. The girl had called Russell Smith, a neighbor, to the scene of the shooting, and he testified hearing Mrs. Weimer cry: "The worst part is I missed myself."

TASK ASSIGNED AMERICA

Dr. Bonn Says This Country Can Best Serve World by Demonstrating Advantages of Capitalism

The greatest service the United States can render to the rest of the world is to combat the menace of Bolshevism by demonstrating the advantages of the existing social system over experimental systems advocated by any variety of radical philosophy, it was stated yesterday by Dr. Moritz J. Bonn of the University of Berlin, who was the speaker at the Advertising Club's opening luncheon of the new club year at the Biltmore.

Dr. Bonn, who has been exchange professor at three American universities, took as his topic, "What Does Europe Expect of the United States?" He said at the outset, however, that he would not discuss whether this country should join the League of Nations or would he attempt to give Americans any advice on what course they should take in regard to the problems of war debts and reparations. All that Europe can ask of America on these matters, he said, is that we use ordinary common sense and he added that he is confident we will do that.

However, as to the present Bolshevist experiment in Russia and the effect it may have in the rest of the world, he said it is distinctly up to the United States to prove that our present system is the better.

"Of all the capitalistic countries in the world," he pointed out, "the United States is the only one which can compare in natural wealth and opportunities with Russia. If you cannot make the United States the mother country of economic progress we can't do it in the rest of the world."

"If," he concluded, "you make this country as near an economic paradise as nature will permit, you will not only have done a great deal for yourselves, but will also have done a great service for the rest of the world, and this is all we can ask of you."

POLICE PERJURY POINTS SCORED

State Witness Denies Story of Max Berenzweig

He Attacks Officer's Tale of Raid on Still

Defense will Present Its Evidence Today

Supporting charges brought by the District Attorney that Max Berenzweig, former Los Angeles police officer, perjured himself while testifying at a liquor trial here in 1928, John Barr yesterday took the witness stand in Superior Judge Craig's court and contradicted Berenzweig's former statement.

Barr is the man whom Berenzgeig is asserted to have exonerated by giving testimony asserted to be false during a liquor trial in December, 1928.

The former officer, according to court records, testified that Barr was seated downstairs in a house at 4179 South Figueroa street with a baby in his lap at the time officers discovered a still on an upper floor.

Yesterday Barr declared that he was not seated in the downstairs room at the time but was on the upper floor near the place where the still was discovered.

Arthur Veitch, deputy District Attorney prosecuting the case, contends that influence was used to cause Berenzweig to give false testimony.

Berenzweig denies the charges, according to William T. Kendrick, Jr., and Clifford Thoms, defense attorneys, asserting that he testified to what he believed was the truth.

Just before court adjourned last night the prosecution rested. Today the defense will begin calling witnesses to substantiate Berenzweig's version of the story.

WILBUR LEAVES FOR DAM FETE

ent time is one not for conservation, but for replacement," he declared.

"To obtain water in Pasadena which once lay just beneath the surface you are now forced to sink 125-foot wells and you will soon reach the limit of your growth unless you get additional supplies. Do not forget that water bore the first population waves here and that it alone will bring the next influx.

WARNS OF PROBLEMS

When additional water supplies are obtained from the Colorado River and the doubling of the present population begins, problems for caring for the increased population will arise which should be anticipated by immediate action," he warned.

"The California beaches are passing into the hands of a few, and if the population doubles, what will you do to get a salt water or sun bath at the beach? Now is the time to reserve the beaches, mountains and desert beauty spots for public recreation and education.

"It is not unnatural for communities to differ, (apparently referring to differences between States interested in the Boulder project) but unless you work and plan together you're licked—the desert will get you!"

RECORD ATTENDANCE

Dr. Wilbur asserted that while construction of the Union Pacific spur line, which he personally will start tomorrow by driving a silver spike, is an essential step in the Boulder project, the first actual work at the dam site may not be undertaken for a few months.

A dynamite blast, he declared, will inaugurate work on the dam itself.

The luncheon was attended by possibly the largest number of local leaders ever gathered together and by a distinguished group of visitors.

Among those on hand to greet Secretary and Mrs. Wilbur were: Senator Shortridge, Representatives Phil D. Swing, Joe S. Crail and W. E. Evans, W. P. Whitsett, chairman of the board of directors, Metropolitan Water District; Carl R. Gray, president, Union Pacific Railway; F. H. Knickerbocker, general manager, Union Pacific Railway; Hiram Wadsworth, president of the Colorado River Aqueduct Association; Miss Eleanor Miller, Assemblywoman; Mrs. Clara Burdette, leader in women's club and political organizations; Mayor Garlinghouse of South Pasadena; Mayor Kimlin of Glendale; Mayor Benedict of Huntington Park, and Prof. R. L. Daugherty, head of the local city government.

Shortly afterward he was stricken again and started for the house, but collapsed on the way. He was carried into the living-room and placed on a davenport by two men in the party. His condition gradually grew critical.

Presently Dr. Steele was called, but it was apparent that he was too late to aid.

Sills, in addition to being one of the principal actors in motion pictures, was an outstanding advocate of better working conditions in the industry and closer co-operation between the producers, actors and technicians.

He was one of the founders of the Academy of Motion Picture Arts and Sciences and a member of the board of directors.

DUNCAN RENALDO

Love that flourished under an African moon broke up the home of Mrs. Suzette Duncan, wife of Renault Duncan, whose film name is Duncan Renaldo, according to Mrs. Duncan's $50,000 suit for alienation of affections, filed against Edwina Booth, screen actress, yesterday.

The heart-balm suit, which follows two divorces, in which the parties to the suit were involved, was the result of Miss Booth, whose real name is Josephine Constance Woodruff Schuck, and Renaldo being on a trip to Africa for the filming of "Trader Horn" by the M.-G.-M. studio, according to the plaintiff's petition. It is asserted Miss Booth poisoned the mind of the plaintiff's husband and entered on a course of stealing his love from her.

It is further asserted that Miss Booth induced her husband, Anthony G. Schuck, to have his marriage to her annulled, because he was married while still a minor, under the pretense that such a marriage was interfering with Mrs. Schuck's career.

About the same time, according to court records, Duncan sued his wife for divorce and an interlocutory decree was granted last January. He left home December 29, last, according to the heart-balm complaint, which was prepared by Attorney Paul Shapiro.

According to the resolution, each operator shall absorb any new well excess in advance of the completion and in case the excess is greater than the operator's estimated excess, the overproduction shall be absorbed under the direction of the umpire. This plan proved practicable, especially in the Elwood oil field where operators have reduced the yield of their producing wells to pave the way for new projects to be placed on production.

STATE OFFICIAL WARNS AGAINST GASOLINE FAKES

Vigorous prosecution of dealers or operators who sell low-grade oil at prices charged for superior products, and who misrepresent their goods was promised here yesterday by J. S. Casey, Chief of the Division of Weights and Measures of the State Department of Agriculture, who announced that since the oil companies had increased their prices, he had instructed his deputies all over the State to be on the lookout for fraud.

"What the motorist pays for his gasoline is no concern of ours," he said, "but the law is very plain and we intend to enforce it to the letter, to the end that the public may get exactly what it pays for. The rise in price is an incentive to unscrupulous dealers to substitute an inferior gasoline and sell the same at a higher price. I have issued instructions to my deputies throughout the State to carefully check gasoline pumps and outlets and to arrest and prosecute any offender who charges the higher price for a gasoline labeled as a certain product but which is in fact something cheaper and inferior."

With the Texas Company announcing an advance of 1 cent in their prices at the close of the day yesterday, all the major companies now have advanced their prices, following the lead of the Standard Oil Company. The announcement was made by R. T. Herndon, manager of the retail department and a vice-president of the company.

The Associated Oil Company, according to a report from San Francisco late yesterday, announced at the company headquarters in the Bay City, that it had joined the companies boosting the price of gasoline 1 cent to the retail dealers.

The Standard Oil, Richfield, Union and other major companies have advanced their tank-wagon prices to the point where it costs the station man 16.5 cents. Most of the filling stations about the city have advanced their prices to 20.5 cents, passing the 1-cent increase along to the public.

VENICE PROTECTION URGED

Councilman Williams Offers Plan to Save Beach from Oil-Drilling Contamination

Councilman Williams yesterday introduced in the City Council a set of resolutions adopted recently by the Venice branch of the Chamber of Commerce concerning protection of the bathing beach from contamination from oil drilling, with a comprehensive plan for the construction of contiguous bulkheads along the threatened strand.

The matter was referred to the City Planning Committee.

The resolutions followed negotiations participated in by Williams, President Maguire of the Board of Public Works and Venice Chamber of Commerce officials.

The Council yesterday instructed the City Attrney to draft thirty-two ordinances permitting oil drilling in Venice. Williams voted against thirteen, which are west of the Speedway, and said he will continue to do so until some systematic bulkhead plan is adopted. He approved the other nineteen. These applicants include Lorris Brown, Elizabeth Dolan, Arthur Fry, C. Gardner Walker, John C. Leavitt, the Del Rey Company, Florence McKenney, George Magnus, William M. Kirk, Louis Blatz, Lillie Simmons, Harry O'Day, Leak Emmer, G. B Logan, Alice Danforth, W. A. Bonynge, Joseph M. Schenck, Frank G. Jansen, Bellamy Corporation, Pearl Staufenbeil, Edward Murphy, Emily Barkschat, Thomas Strain, Grace Hall, Madeleine McGill, E. T. O'Sullivan and Elizabeth Gardner.

The City Planning Commission reported favorably to the Council on the applications of G. M. Jones, William H. Theis, T. E. Klipstein, J. I. McKenna and Roderica Scott.

Councilman Lewis protested about the traffic jam in the Speedway, and Councilman Barthel, who represents the district, said the Venice police have orders to clear traffic jams in the street.

BONES REVIVE STORY OF GOLD

(Continued from First Page)

the four unearthed the $93,000 strike. This single fortune was transported down the old stage road that connected Los Angeles and Bakersfield through Antelope Valley, but before the quartet arose for another day's work they were shot to death.

Suspicion rested on a mountain character known as "Bronco Charlie" Riley. He is said by aged natives of the country to have boasted that he "paid off" the Indian and three Mexicans with bullets. But their bodies were never found and Riley could not be held for their deaths.

He laid claim to the mine. Dr. Bragg was fearful of his life and never returned to the district. "Bronco Charlie" tried to work the mine alone. It was too deep. No one would work for him and before he could enlist outside help his bullet-riddled body was found in his cabin near the mine.

During the four years Riley tried to get help brush grew over the small entrance to the Lost Padre. Riley also helped nature to erase the location by starting a landslide when he foresaw he probably would never be able to extract the remaining fortune.

Miss Rose's discovery at last ascertains the approximate location of the ledge, as it is known that the Indian and his helpers camped near the opening.

The skulls, the woman said, were found about two feet beneath the surface, surrounded by ashes that formed the floor of the chief's tent. She did not dig for the other two believed buried there, but notified the authorities so the remains can be removed and she can proceed with her attempt to find the rich gold ledge.

During the twenty years of her search she has staked twenty-seven claims and has patents on all the surrounding land. Her half-brother, Henry E. Woest of Orville, holds an interest in some of the claims, but it is to Miss Rose's unceasing prospecting of the rough territory that natives of the district attribute the discovery and probable relocation of the Lost Padre.

The woman was born in San Francisco the same year that the quadruple slaying occurred. She was brought to the old Gorman stage station—about twenty miles from where the mine is supposed to be—when she was a baby. She grew up in the district and was fascinated by the story of the hidden gold and has kept up her search in the face of tremendous odds.

GIRL ENDS WAR WITH SURGEONS

Alma Hodges Dismisses Suit to Enjoin Hospital in Proposed Operation

Because Alma Hodges, 15-year-old girl, who sued for an injunction to prevent General Hospital surgeons from operating on her, has been taken from the hospital, the suit, on which a temporary injunction had been granted, was dismissed by Superior Judge Gates yesterday.

The dismissal came after Attorney Thomas Morris, representing the girl, and Deputy County Counsel Lippold had agreed to the dismissal. On behalf of Dr. N. N. Wood, defendant and superintendent of the hospital, Deputy Lippold filed an answer stating that at no time had any attempt been made to compel the girl to undergo an operation and that the operation previously had been agreed to by the patient's mother, Mrs. George I. Holmes, of 1808 South Hoover avenue.

Injection in Heart May Cheat Death

A saline solution injected in the heart virtually recalled Alexander Thomson, 62 years of age, from the dead at Georgia-street Hospital last night, according to Dr. Lopizich, attending hospital physician.

Thomson, living at 1165 North Avenue 54, suffered an eight-inch cut on one side of the face and a six-inch cut on the other yesterday in an automobile collision. He was placed on the operating table at the hospital, where, Dr. Lopizich declares, his heart stopped beating.

"Very faintly it resumed beating after the saline injection," he said. "Despite his grave injuries, Mr. Thomson has a chance to recover."

Inquest Verdict Holds Mrs. Weimer Shot Sister with Homicidal Intent

SLAYER WEEPS OVER REMAINS

Dramatic Scene Enacted at Morgue

Sororicide Tells Motive for Shooting

Remains Silent at Inquiry by Coroner

"No one can ever hurt her again, can they? She will never suffer any more, will she?"

These were the sob-broken words that came from the lips of Mrs. Ruth B. Weimer yesterday in the County Morgue as she looked for perhaps the last time on the body of the sister she killed three days ago.

The scene in the morgue was one of the most unusual ever witnessed in this place where death and sorrow are commonplace.

Appearing at the morgue before the inquest that was to be conducted over the body of the deceased—Mrs. Mabel Agnes Steele, mother of three children—Mrs. Weimer begged the authorities for just one last chance to see her dead sister.

"I know I killed her, but I loved her just the same; I only did it to end her suffering because her husband had taken her children away; I want to see her once again," she begged.

CONVULSED WITH SOBS

Supposedly hard-hearted policemen, Detective Lieutenants Condaffer and Ryan, have big hearts in their more than six feet three inches of height, because presently each took an arm of the pleading woman and led her to the little room where the stricken sister lay cold in death on a marble slab.

As the policemen held her slight form, Mrs. Weimer bent over the still body of the woman she had slain, her body convulsed with sobs. She mumbled unintelligible words. A minute passed and then Condaffer and Ryan led her gently into another room.

But Mrs. Weimer was not satisfied.

LAST FAREWELL

"Just let me see her once more," she begged, turning her tragic and tear-wet face up toward the detectives.

Once more the policemen steadied her and she walked again to the side of her sister and bent over to kiss the silent lips.

"No one can ever hurt her again, can they?" she repeated over and over again as she was drawn again away from the body. She collapsed in the arms of the officers and was placed on a lounge in the morgue, where she remained for more than fifteen minutes until the inquest began.

At the inquest Mrs. Weimer refused to testify on the advice of Attorney Benjamin Sheldon, an old friend of the family, but outside the official records she told reporters and policemen how she came to kill her sister, Mrs. Steele.

EXPLAINS KILLING

"She never had any peace of mind since her husband took away two of her three young children more than a year ago," said the accused woman. "At first she hunted everywhere, but she couldn't find any trace of them. She brooded until her mind was affected. We had to send her to a sanatorium and when I went to see her she wanted me to kill her. She was sent to the State Hospital for the Insane and seemed to get better. She was paroled to me a month ago, but immediately began to brood about the children again. She wept almost all the time. It used to drive me almost crazy to see her suffer so much."

"Could you give us your reasoning at the time you made up your mind to kill your sister?" Mrs. Weimer was asked.

"Did you ever see anyone you thought would be better off dead?" came the answer without hesitation. "I thought she would be better off dead and that I would be better off dead, too. There are lots of things worse than death. Do you think I am sorry? I am sorry for the people I have dragged into it.

"I am not sorry for my sister and I am not sorry for myself. I don't want a lawyer and I want them to hurry up and do what they want to me."

JURY FINDING

The finding of the Coroner's jury was that Mrs. Weimer shot her sister with homicidal intent. The accused woman told reporters her only interest in the case is to "hurry it up, and get it over with."

Her brother, Arthur Rains, of Roseville, was called as a witness to identify the slain woman. Her niece, Evelyn Rains, 17 years of age, told again of seeing Mrs. Weimer fire the fatal shots.

"She seemed to go out of her mind," she said of Mrs. Weimer. The girl had called Russell Smith, a neighbor, to the scene of the shooting, and he testified hearing Mrs. Weimer cry: "The worst part is I missed myself."

TASK ASSIGNED AMERICA

Dr. Bonn Says This Country Can Best Serve World by Demonstrating Advantages of Capitalism

The greatest service the United States can render to the rest of the world is to combat the menace of Bolshevism by demonstrating the advantages of the existing social system over experimental systems advocated by any variety of radical philosophy, it was stated yesterday by Dr. Moritz J. Bonn of the University of Berlin, who was the speaker at the Advertising Club's opening luncheon of the new club year at the Biltmore.

Dr. Bonn, who has been exchange professor at three American universities, took as his topic, "What Does Europe Expect of the United States?" He said at the outset, however, that he would not discuss whether this country should join the League of Nations or would he attempt to give Americans any advice on what course they should take in regard to the problems of war debts and reparations. All that Europe can ask of America on these matters, he said, is that we use ordinary common sense and he added that he is confident we will do that.

However, as to the present Bolshevist experiment in Russia and the effect it may have in the rest of the world, he said it is distinctly up to the United States to prove that our present system is the better.

"Of all the capitalistic countries in the world," he pointed out, "the United States is the only one which can compare in natural wealth and opportunities with Russia. If you cannot make the United States the mother country of economic progress we can't do it in the rest of the world."

"If," he concluded, "you make this country as near an economic paradise as nature will permit, you will not only have done a great deal for yourselves, but will also have done a great service for the rest of the world, and this is all we can ask of you."

Shortly afterward he was stricken again and started for the house, but collapsed on the way. He was carried into the living-room and placed on a davenport by two men in the party. His condition gradually grew critical.

Presently Dr. Steele was called, but it was apparent that he was too late to aid.

Sills, in addition to being one of the principal actors in motion pictures, was an outstanding advocate of better working conditions in the industry and closer co-operation between the producers, actors and technicians.

He was one of the founders of the Academy of Motion Picture Arts and Sciences and a member of the board of directors.

POLICE PERJURY POINTS SCORED

State Witness Denies Story of Max Berenzweig

He Attacks Officer's Tale of Raid on Still

Defense will Present Its Evidence Today

Supporting charges brought by the District Attorney that Max Berenzweig, former Los Angeles police officer, perjured himself while testifying at a liquor trial here in 1928, John Barr yesterday took the witness stand in Superior Judge Craig's court and contradicted Berenzweig's former statement.

Barr is the man whom Berenzgeig is asserted to have exonerated by giving testimony asserted to be false during a liquor trial in December, 1928.

The former officer, according to court records, testified that Barr was seated downstairs in a house at 4179 South Figueroa street with a baby in his lap at the time officers discovered a still on an upper floor.

Yesterday Barr declared that he was not seated in the downstairs room at the time but was on the upper floor near the place where the still was discovered.

Arthur Veitch, deputy District Attorney prosecuting the case, contends that influence was used to cause Berenzweig to give false testimony.

Berenzweig denies the charges, according to William T. Kendrick, Jr., and Clifford Thoms, defense attorneys, asserting that he testified to what he believed was the truth.

Just before court adjourned last night the prosecution rested. Today the defense will begin calling witnesses to substantiate Berenzweig's version of the story.

WILBUR LEAVES FOR DAM FETE

ent time is one not for conservation, but for replacement," he declared.

"To obtain water in Pasadena which once lay just beneath the surface you are now forced to sink 125-foot wells and you will soon reach the limit of your growth unless you get additional supplies. Do not forget that water bore the first population waves here and that it alone will bring the next influx.

WARNS OF PROBLEMS

When additional water supplies are obtained from the Colorado River and the doubling of the present population begins, problems for caring for the increased population will arise which should be anticipated by immediate action, he warned.

"The California beaches are passing into the hands of a few, and if the population doubles, what will you do to get a salt water or sun bath at the beach? Now is the time to reserve the beaches, mountains and desert beauty spots for public recreation and education.

"It is not unnatural for communities to differ, (apparently referring to differences between States interested in the Boulder project) but unless you work and plan together you're licked—the desert will get you!"

RECORD ATTENDANCE

Dr. Wilbur asserted that while construction of the Union Pacific spur line, which he personally will start tomorrow by driving a silver spike, is an essential step in the Boulder project, the first actual work at the dam site may not be undertaken for a few months.

A dynamite blast, he declared, will inaugurate work on the dam itself.

The luncheon was attended by possibly the largest number of local leaders ever gathered together and by a distinguished group of visitors.

Among those on hand to greet Secretary and Mrs. Wilbur were: Senator Shortridge, Representatives Phil D. Swing, Joe S. Crail and W. E. Evans, W. P. Whitsett, chairman of the board of directors, Metropolitan Water District; Carl R. Gray, president, Union Pacific Railway; F. H. Knickerbocker, general manager, Union Pacific Railway; Hiram Wadsworth, president of the Colorado River Aqueduct Association; Miss Eleanor Miller, Assemblywoman; Mrs. Clara Burdette, leader in women's club and political organizations; Mayor Garlinghouse of South Pasadena; Mayor Kimlin of Glendale; Mayor Benedict of Huntington Park, and Prof. R. DUNCAN RENALDO

Love that flourished under an African moon broke up the home of Mrs. Suzette Duncan, wife of Renault Duncan, whose film name is Duncan Renaldo, according to Mrs. Duncan's $50,000 suit for alienation of affections, filed against Edwina Booth, screen actress, yesterday.

The heart-balm suit, which follows two divorces, in which the parties to the suit were involved, was the result of Miss Booth, whose real name is Josephine Constance Woodruff Schuck, and Renaldo being on a trip to Africa for the filming of "Trader Horn" by the M-G-M studio, according to the plaintiff's petition. It is asserted Miss Booth poisoned the mind of the plaintiff's husband and entered on a course of stealing his love from her.

It is further asserted that Miss Booth induced her husband, Anthony G. Schuck, to have his marriage to her annulled, because he was married while still a minor, under the pretense that such a marriage was interfering with Mrs. Schuck's career.

About the same time, according to court records, Duncan sued his wife for divorce and an interlocutory decree was granted last January. He left home December 29, last, according to the heart-balm complaint, which was prepared by Attorney Paul Shapiro.

During the four years Riley tried to get help brush grew over the small entrance to the Lost Padre. Riley also helped nature to erase the location by starting a landslide when he foresaw he probably would never be able to extract the remaining fortune.

Miss Rose's discovery at last ascertains the approximate location of the ledge, as it is known that the Indian and his helpers camped near the opening.

The skulls, the woman said, were found about two feet beneath the surface, surrounded by ashes that formed the floor of the chief's tent. She did not dig for the other two believed buried there, but notified the authorities so the remains can be removed and she can proceed with her attempt to find the rich gold ledge.

During the twenty years of her search she has staked twenty-seven claims and has patents on all the surrounding land. Her half-brother, Henry E. Woest of Orville, holds an interest in some of the claims, but it is to Miss Rose's unceasing prospecting of the rough territory that natives of the district attribute the discovery and probable relocation of the Lost Padre.

The woman was born in San Francisco the same year that the quadruple slaying occurred. She was brought to the old Gorman stage station—about twenty miles from where the mine is supposed to be—when she was a baby. She grew up in the district and was fascinated by the story of the hidden gold and has kept up her search in the face of tremendous odds.

"In the realm of politics I believe you shall see a more complete reorganization of political form in your generation than in any previous generation. In economics, too, you will see many changes in your generation. In religion there will be a finer understanding of the purpose of it all, because the present generation of college students has dared to think and to hold up to the keen, piercing light of analysis, religious creeds and dogmas."

VENICE PROTECTION URGED

Councilman Williams Offers Plan to Save Beach from Oil-Drilling Contamination

Councilman Williams yesterday introduced in the City Council a set of resolutions adopted recently by the Venice branch of the Chamber of Commerce concerning protection of the bathing beach from contamination from oil drilling, with a comprehensive plan for the construction of contiguous bulkheads along the threatened strand.

The matter was referred to the City Planning Committee.

The resolutions followed negotiations participated in by Williams, President Maguire of the Board of Public Works and Venice Chamber of Commerce officials.

The Council yesterday instructed the City Attrney to draft thirty-two ordinances permitting oil drilling in Venice. Williams voted against thirteen, which are west of the Speedway, and said he will continue to do so until some systematic bulkhead plan is adopted. He approved the other nineteen. These applicants include Lorris Brown, Elizabeth Dolan, Arthur Fry, C. Gardner Walker, John C. Leavitt, the Del Rey Company, Florence McKenney, George Magnus, William M. Kirk, Louis Blatz, Lillie Simmons, Harry O'Day, Leak Emmer, G. B Logan, Alice Danforth, W. A. Bonynge, Joseph M. Schenck, Frank G. Jansen, Bellamy Corporation, Pearl Staufenbeil, Edward Murphy, Emily Barkschat, Thomas Strain, Grace Hall, Madeleine McGill, E. T. O'Sullivan and Elizabeth Gardner.

The City Planning Commission reported favorably to the Council on the applications of G. M. Jones, William H. Theis, T. E. Klipstein, J. I. McKenna and Roderica Scott.

Councilman Lewis protested about the traffic jam in the Speedway, and Councilman Barthel, who represents the district, said the Venice police have orders to clear traffic jams in the street.

PLAINTIFF IN SUIT AGAINST OPERATION

Alma Hodges

GIRL ENDS WAR WITH SURGEONS

Alma Hodges Dismisses Suit to Enjoin Hospital in Proposed Operation

Because Alma Hodges, 15-year-old girl, who sued for an injunction to prevent General Hospital surgeons from operating on her, has been taken from the hospital, the suit, on which a temporary injunction had been granted, was dismissed by Superior Judge Gates yesterday.

The dismissal came after Attorney Thomas Morris, representing the girl, and Deputy County Counsel Lippold had agreed to the dismissal. On behalf of Dr. N. N. Wood, defendant and superintendent of the hospital, Deputy Lippold filed an answer stating that at no time had any attempt been made to compel the girl to undergo an operation and that the operation previously had been agreed to by the patient's mother, Mrs. George I. Holmes, of 1808 South Hoover avenue.

Injection in Heart May Cheat Death

A saline solution injected in the heart virtually recalled Alexander Thomson, 62 years of age, from the dead at Georgia-street Hospital last night, according to Dr. Lopizich, attending hospital physician.

Thomson, living at 1105 North Avenue 54, suffered an eight-inch cut on one side of the face and a six-inch cut on the other yesterday in an automobile collision. He was placed on the operating table at the hospital, where, Dr. Lopizich declares, his heart stopped beating.

"Very faintly it resumed beating after the saline injection," he said. "Despite his grave injuries, Mr. Thomson has a chance to recover."

Goebel Arrives in One-Stop Hop

Art Goebel arrived in Burbank yesterday at 1:10 p.m., concluding a one-stop flight across the United States from Farmington, N. Y. He landed at the Lockheed Aircraft Company air field.

His one stop was at Wichita, Kan., where he stopped overnight. He made the hop from the Kansas town in a bit more than nine hours. No record was attempted.

Today's Bible Text

Wherefore in all things it behooved him to be made like unto his brethren; that he might be a merciful and faithful high priest in things pertaining to God, to make reconciliation for the sins of the people. For in that he himself hath suffered being tempted,—he is able to succour them that are tempted.—Heb. 2:17, 18.

BED-TIME STORY

One of our darest-devil riders, who has been bumped up several times without any lasting damage, fell out of bed the other night and broke two ribs. There is no use in talking, a guy who goes to bed takes his life in his hands.

GOING UP

Looks as if the price of gasoline would have to go up to stay. If the producers have been marketing it at a loss they must be a lot of money out by this time. If they put it up too high people can at least stay home. But it is a big bet that they won't.

THEN AND NOW

The other day a woman of 85 indulged in a long ride in an airplane. It was her first venture into the azure, but in the doing she recalled that her first ride as a child was made in a pioneer oxcart with solid wooden wheels. It is a far cry from the one to the other.

GREAT PERFORMER

This wonder horse, Gallant Fox, has made a great cleaning up this season. His total winnings so far have exceeded $317,000 and have surpassed the earnings of any other American horse that ever lived. As a stepper he is a handy thing to have in the family. Who says that horses are completely out of the running?

THE ROYAL PAIR

Dieudonne Coste and Maurice Bellonte, the renowned French flyers, will be here for three days in the course of their good-will tour and there are those here who will give them good will in heaping measure. If Lindbergh hadn't done it first these boys would be the air heroes of the world. Coste at 38 has been made a commander of the Legion of Honor—the youngest man ever to be so signally recognized. They form a wonderful team.

PASADENA'S PRIDE

Speaking of educational plants for the higher-up stuff it might be mentioned that even now the California Institute of Technology at Pasadena is indulging a building program calling for eighteen separate structures—for many purposes and uses. Some of these have just been or are being finished and the rest are on the cards for early action. This institution is destined to become one of the greatest scientific centers of the world. It lures great minds from everywhere.

A DISCOMFORTING DISCOVERY

Highway patrolmen of the State of Washington, which has one motor vehicle for every 4.27 persons, have made an important discovery that may have a salutary effect upon motoring all over the country. In co-operation with the police of various Washington cities the patrolmen have been stopping drivers of motor cars at random to test their brakes. The report of the results of these tests is illuminating. Seventy-five per cent of all cars examined were found to have defective or improperly adjusted brakes.

Here is an educational campaign in the interest of accident reduction that might well be imitated by other States, for nobody will doubt that the Washington experiment has afforded a look-in upon the general situation.

Some of the Washington drivers were inclined to regard the demand that they stop and have their brakes examined as an arbitrary action, but it was warranted by a law which in turn was justified by the terrible traffic toll of deaths and injuries in recent years. All those found with defective braking apparatus promised to have the defects remedied.

No car can be driven on a crowded highway with safety to the public unless its brakes are in a condition to permit of its being stopped on very short notice. If 75 or any other per cent of those now running on California highways are not thus equipped then their drivers should not be permitted to operate such menaces to the public, but should be required to put them in proper shape immediately.

CHINESE TRADE

The investigation of Chinese trade carried on here by a subcommittee of the United States Senate committee on foreign relations was necessarily something in the nature of an autopsy. Chinese trade has dropped off tremendously, her exports to this country having lessened 30 to 40 per cent in the last six months and her imports from this country 40 to 60 per cent. Generally speaking, witnesses before the subcommittee blamed the low price of silver, an opinion that would seem to be given weight by the fact that China's exports fell off less than her imports. Explanation of the Chinese export decline in spite of the drop in silver—which should stimulate exports—may be sought in internal Chinese conditions and general world trade conditions.

In the differential between exports and imports may be seen a sign of coming trade revival, since this builds up China's purchasing power, or would do so normally if her domestic troubles should subside.

Whether or not the committee learned anything on which legislation can be based, it at least got as clear a view of the situation as is possible at this distance, together with an opinion by at least one of the witnesses that the series of Chinese revolutions will not come to an end without foreign intervention. This opinion has been voiced before. There is considerable ground for the contention that, conditions in China being what they are, only concerted action by the world powers can bring peace to that turbulent country.

It should be noted that between the defensive measures taken by American gunboats, which frequently reply to the fire of Chinese bandit parties, and armed intervention for the purpose of restoring order, there is a vast difference. Intervention would be an extremely serious matter, not to be undertaken in any casual way, and requiring the most careful consideration.

Of more immediate promise for Chinese trade is the organization of the Pacific Travel Association, Ltd., just announced at San Francisco. Trade and tourist traffic are necessarily closely connected and whatever promotes one will aid the other. David Whitcomb of Seattle is president of the new organization. It proposes to raise a fund of $450,000 a year for three years, $250,000 in the United States and $200,000 in the Near West and in other Pacific ports, to be used in gathering and disseminating information regarding resources, opportunities and tourist attractions of all the nations bordering on the Pacific, in which, of course, China is included. Such organizations are necessarily beneficial, not only to tourist traffic and to commerce, but also to good international relations.

Recurring to the Senate subcommittee, of which Senator Pittman is chairman and Senators Swanson and Shipstead other members, its principal usefulness will be in devising a plan through which China can be permitted to help herself, if such a thing is possible. What the committee can do, beyond formulating a rather obvious report, is somewhat obscure. One suggestion made to it was that American tea standards are so strict that much Chinese tea cannot meet them. The standards can be reexamined and if found desirable revised, though of course protection of the American consumer from inferior food products must be maintained. Other suggestions were that Chinese credit might be stabilized, that an international commission be established to regulate the flow of silver and that better communications with interior China need to be established. The connection of American legislation with any of these matters is remote.

China trade, along with other things Chinese, is in a bad way and any practical suggestions for its improvement ought to be gratefully received.

THE FATE OF KEATON

Fixing of a hanging penalty by Superior Judge Schauer for Frank D. Keaton, murderer of Motley Flint, must be received with general approval. The crime was cold-blooded and deliberate, entirely without justification and without mitigating circumstances. No other penalty fitted the gravity of the offense, the slaying of a human being for a fancied grievance, and Keaton must pay that penalty, not only because it is the one fixed by law, but also as an object lesson for the protection of the general public.

In testimony of alienists, but not by any direct statement of the defendant's—he did not take the stand—two names were mentioned as those whose unmeasured words furnished the misinformation which impelled Keaton to fix upon Motley Flint as the author of his financial troubles. Orations by C. C. Julian and by Rev. R. P. Shuler were referred to by the slayer in his talks with the psychiatrists. No measure of responsibility was attributed to either in the court proceedings, as it is plain no legal responsibility rested upon either.

If indeed their utterances incited Keaton to murder, their responsibility was purely moral. It was Keaton himself who decided upon the slaying. But moral responsibility can be none the less heavy. Rudyard Kipling summed up such a situation in his poem, "Cleared:"

"If words are words or death is death or
powder sends the ball,
You spoke the words that sped the shot—
the curse be on you all!"

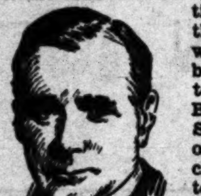
WORLD BUSINESS

Any distress that business feels is not an American specialty. As a matter of fact, conditions and times are better in this country than in any other nation that can be cited. There is extensive unemployment in every country of Europe and the continental papers are conceding the fact. Recently a wall of woe arose from the small merchants of Japan. The chain store and other combinations are giving them a lot of embarrassment and hundreds of them have had to go out of business. The trouble with most of them is that they have no place to go. They can't go back to the farm, as the agricultural lands are all occupied. So for the time being they are up in the air. What is true in Japan is the truth in other countries—oriental and otherwise. Just at this moment business is genuinely good at no point of the compass and no political party can make it so.

The LEE SIDE O' L.A.

BY Lee Shippey

IT'S a long trip from editor of the world's smallest newspaper to the presidency of a national bank, but it is the road covered by Frank C. Mortimer, head of the organization which recently bought the Western National Bank at 414 West Sixth street, reorganized it and changed its name to Central National Bank.



And the important thing is that probably it was his newspaper training which mainly is responsible for Mortimer's rise to prominence. To edit his little paper he had to learn to look into things and get at the essential facts, to keep the whole scene in mind, to maintain a sense of balance—and to express himself clearly. The result is that now when Mortimer makes a speech before a bankers' convention it often is the speech which attracts most attention, which is headlined in the financial journals as well as in newspapers. It was a speech he made which first interested Frank A. Vanderlip in him and won him an executive position with the National City Bank of New York. That ability to express himself later made him vice-president in charge of public relations of the Citizens National Bank here.

So don't discourage your boy's journalistic aspirations. They may lead to something after all.

An Editor at 12

Mortimer grew up in Shellville, Sonoma county, and when 12 years old started a vest-pocket newspaper, the Shellville Ray, which he edited, printed and circulated himself. That was a weekly, about three by four inches in size, but averaging about twelve pages. The next year the ambitious young editor started a daily, the Star, which was much smaller than the Ray. In 1891 he became a high school boy in San Francisco and launched another paper, the Young American.

Surprising enough, his efforts as an amateur journalist brought him into touch with other men now famous in financial circles who then had editorial aspirations. One was William A. Day, now deputy governor of the Federal Reserve Bank, who in 1891 published the Stage Coach in San Francisco. Edward M. Loud, later an associate of Jack London and president of the National Amateur Press Association, was publishing the Pagan in Oakland and the late H. C. Morris of San Francisco was publishing Ocean Waves. Mortimer is a member of the Fossils, an organization of former amateur editors which includes Thomas A. Edison, Charles Scribner, H. Gordon Selfridge, Cyrus H. K. Curtis, Joseph Daniels, Senator Moses and other notables.

The Idea Charms Us

Orally, you may say many questionable things without being challenged. Every radio fan knows that. But what you say in cold type is open to study and cannot be backed away from. The man who writes for the public must learn two things—to give due thought to what he says, yet to say only what is interesting. Mortimer learned those things—and then went into the old California Bank in San Francisco. The great firequake of 1906 almost did for him because he was a little too much in the habit of using his head—he saw the fire coming and began stowing valuable records away in a vault. Dynamiters came to blow up the building, Mortimer was forgotten in the vault and the door was all but closed on him. He saw it closing and pushed just in time.

Mortimer never took any part in newspaper work after he left school. But though actions speak louder than words, it takes words to call attention to actions. Many a good man is overlooked just because he is dumb. Mortimer's youthful pastime made him vocal. So now he is known as the originator of ideas which have influenced banking throughout the country.

We know we said something like that before, but you can't imagine how cheering it is to a newspaper man to hear of a scribe's becoming a bank president. If any other boards of directors are looking for a president, we'd like them to remember that we, too, can express ourself.

Bond Market Note

When a Hollywood actress goes in for matrimonial bonds she usually makes sure they're convertible.

Sacred American Institution Menaced

We note with alarm and sadness the passing of the hot-dog stand.

Don't laugh, for this is not a joke. You may still see "warm bowwows," "Coney Islands," "hot puppies" and other nicknames for wienerwurst sandwiches flaunted on booths at the beaches, but a marked—or marked-up—change is noticeable along our highways. The lunch stands which used to hot dog our footsteps to the ends of the earth now flaunt signs advertising hamburgers and sandwiches, but not mentioning "hot dogs."

This does not indicate any loss of public interest in "hot dogs." The public's love for the "hot dog" is as lasting as its love for other dogs. On the contrary, it indicates oppression, banditry, illegal combination in restraint of trade—otherwise known as gentlemen's agreements. The lunch-stand men have put their heads together and banished the "hot dog" because it is too cheap. The prevailing price is 10 cents. You can't sell a "hot dog" for more than 10 cents without raising the cry of "Robber!" But you can sell hamburgers and other sandwiches for as much as 25 cents without being openly accused. Nearly every spot in which the old familiar sign of "Auto Camp" has given way for that of "Motor Apartments" or "Motor Inn" now has a lunch stand which charges you 25 cents for any kind of hot sandwich, if it is on a main-traveled highway, and when you ask for "hot dogs" you're told they don't have them. Though they are far easier to preserve and transport than the mess they call hamburger, they just decline to have them.

By golly, this is something the Senate ought to investigate!

HENRY DOESN'T TIP

The Frenchmen were kicking because Henry Ford, who is now in France, has been giving no tips. He didn't give a sou to the boys who rowed him from his ship to the shore. Even Rockefeller with his dimes would be a better prospect, according to their way of thinking. There have been a lot of Ford tips in this country, but most of them have been alongside the road and were also mentioned as spills.

THE KEY TO A MYSTERY

By James J. Montague

The French Institute has discovered that all really great writing is done with a steel pen.

Although I've always done my best
The lyric muse to fetter,
It must be honestly confessed
That Keats wrote rather better.
My odes about this earthly zone
And ether draped environs
Have never been, I freely own,
As good as Mr. Byron's.

P. Shelley's works are rhymed delight
And people love to quote 'em,
But things like these I cannot write
As well as Percy wrote 'em.
Nor does the verse that I turn out
Through people's minds run rippling,
And travel all the world about
Like that of Mr. Kipling.

This thing a puzzle was to me
Whose key I could not seize on,
Until last night I chanced to see
A piece that gave the reason.
These widely celebrated men,
When inspirations gripped 'em,
Wrote out their poems with a pen—
While I have always typed 'em.

The chance for fame has passed me by,
And I could never grab it,
Because through all my lifetime I
Have had the typing habit.
But though I've penned no noble rhyme
Of great and heroic action,
At least I've saved a lot of time,
And that's some satisfaction.

WHAT OTHERS THINK ABOUT IT

TRADING WITH THIEVES

[Washington Post.]

Senator Burton K. Wheeler of Montana has returned from a visit to soviet Russia convinced that "the United States is a bunch of suckers." The Senator means by this crude remark that other nations are finding new markets for their goods in Russia, and that the United States is in an unfavorable position to extend its Russia trade because of the refusal of the government to recognize the Communist regime.

"Russia, to my mind," says Senator Wheeler, "represents the greatest potential market in the world for American-made goods. If the Russian people get into a position to buy what they need, our trade will increase immensely. What Russia wants now is credit. It will have to have long-term credits."

On the same day that the Senator from Montana calls his countrymen "suckers" for being suspicious of the soviet a court in London awards a British company, which recently held a gold-mining concession in Russia, damages amounting to nearly $65,000,000. The court found that the soviet government failed to live up to its agreement and that it permitted theft of from 30 to 40 per cent of the company's output of gold. This private concern was invited to invest in Russia under a liberal concession. But when once the investment was made the Moscow clique became hostile and allowed, if it did not actually encourage, thieves to prey upon this hated capitalistic enterprise. Now the company has a judgment for $65,000,000 that is worthless because the soviet doesn't believe in paying its debts.

Truly, America is missing a wonderful opportunity for squandering its surplus wealth by lending it to the Communists.

THE PLIGHT OF THE MUSICIAN

[Kansas City Star.]

Walter Damrosch has long been more hopeful over the influence of "canned" music than many of his colleagues in this country.

Therefore, his comment upon the campaign to combat the use of reproducing machines in place of theater orchestras is not surprising. Mr. Damrosch believes it will prove as futile as the efforts of the hand weavers to stop the development of the machine age in their profession, and advises the musicians to give it up. He hopes that public taste, fostered by the new inventions, will create a demand for symphony orchestras in the smaller cities and thus help to relieve unemployment among musicians.

Many persons will agree with Mr. Damrosch that the progress of mechanical invention and scientific discovery cannot be halted in the interest of any particular group, while sharing his sympathy for the musicians who have been thrown out of employment.

But it is not so easy to agree with him concerning the future effect of the radio and the talking film upon musical taste.

Rings the Bell

PASADENA, Sept. 15.—[To the Editor of The Times:] Your excellent editorial on Franklin Roosevelt and the strong wet note he has struck rings the bell. I am glad to find such dry sentiments as yours still being expressed, though they are rarely to be found in the metropolitan press of this country.

While traveling from city to city in the East and Middle West recently I was amazed and disgusted to find the leading newspapers so uniformly opposed to the Eighteenth Amendment and in so many different ways. They keep it up from day to day and are getting worse. Wet, wet, all wet.

What we need is a law to make the preaching of direct opposition to any clause of the Constitution a penal offense.

More Use For River Bed

OCEAN PARK, Sept. 12.—[To the Editor of The Times:] Mr. W. A. Spalding's idea in his letter of the 12th concerning the clean up of the Los Angeles River bed seems to me very good. After that, why not cover over a section of it near downtown for a take-off and landing field for transcontinental airplanes. F. H. BESSINGER.

Candlelight Extinguished

LOS ANGELES, Sept. 11.—[To the Editor of The Times:] The subjoined article is from the San Francisco Chronicle of this date and I would like to ask whether such a piece of vandalism, as therein described, should be permitted.

If this had occurred in soviet Russia we would have held up our hands in holy horror, but this was done in Santa Barbara in the State of California, U.S.A.

[The Chronicle's article described the destruction of sets and scenery used in the stage play, "Candlelight," by United States custom agents at expiration of permit.]

Should the Authors Escape?

LA HABRA, Sept. 12.—[To the Editor of The Times:] In today's Times J. Q. H.'s query regarding a beautiful abandoned babe, "What of the father?" will be pondered by many readers. Much is being done, and very efficiently, by taxpayers and philanthropists in caring for the progeny of unconscionable young libertines who infest our cities. Funds are always being solicited for new homes and increasing requirements. The Salvation Army is scouring the country today to provide for about 120 girl mothers, four of them 13 years of age. These societies necessarily work on results rather than on such preventive measures as parental control and proper dress.

Also Lost Fathers?

LOS ANGELES, Sept. 14.—[To the Editor of The Times:] May I give a bit of information to J. Q. H., whose letter, pertaining to the deserted baby, appeared in Friday's issue of your paper. J. Q. H. says, "I wondered at the complacency of our societies where they discuss various schemes to care for lost cats and dogs—but lost babes don't interest."

The Society for the Prevention of Cruelty to Animals organized the first Society for the Prevention of Cruelty to Children. The organizations for animal relief did all the work for neglected children for many years until it was thought best to separate the two.

The humane society organized and incorporated for the prevention of cruelty to animals endeavors to induce men, women and children to become more humane, to appreciate the intelligence of animals, to stop the beating, overloading and underfeeding of suffering horses, to introduce drinking fountains, better roads, better methods for transportation of cattle, to induce boys not to molest birds' nests, to teach kindness and to cultivate in mankind the spirit that will put an end to all forms of cruelty. It is a work that should appeal to every man, woman and child.

"HIGHER EDUCATION"

Making higher education as free as the air is the purpose of the New York University in a plan described by Dr. John W. Withers, dean of the school of education, who proposes a unique extension course. Expert educators will be sent out to remote cities and towns of New York by airplane to give instructions to teachers in grade and high schools. It is believed that through this means of quick transportation and carefully planned routes "higher education" may be made as free and universal as is fine music and oratory through the radio.

THE HALO

For virtue rare, what can compare
With that man's prideful "line,"
Who takes a rub in ice-cold tub
Each morning, rain or shine—

Except the mien of graceful queen
Who tells with triumph quiet—
"I eat each day what comes my way
And never need to diet"?

The antiquity of the umbrella may be realized when it is remembered that they were used by the Kings of Nineveh. Umbrellas were their exclusive property, but a slave always did the toting.

BILL THE BURGLAR

BY EUGENE BROWN

"Great Scott! If it isn't our old friend Bill the Burglar himself," I exclaimed on meeting that amiable scout as he was emerging from a Spring-street bank. "Been doing some of your stuff?" I added, suspiciously.

"In a manner of speaking, yes," responded Bill, blandly. "I have just been cashing a check that was given me by a bloke who hasn't enough funds in the bank to buy a dollar shirt."

"Don't you know that the bank will come back on you?" inquired I.

"Maybe so," replied the burglar, cheerily. "But I moved into a new flat yesterday and am not in the telephone book. When they find me it will be time to worry."

"What are you doing now, anyhow?" I continued.

"Nothing worth mentioning," said he. "Me and Jimmy have practically retired. There seems to be too much competition. The inside jobs pay best, but I love my climate and the great outdoors. As a loyal son of Harvale I can't stoop to small stuff."

"So you're a college man?" said I, in some surprise.

"I broke into the university when I was a pup," answered Bill, with some pride.

"Is that how you got into the breaking and entering habit?" inquired I. "Did you find that a diploma helped you in the practice of your profession?"

"Possibly," responded the burglar. "It has helped me to recognize good stuff and also aided me in planning my getaways. I have little hesitation in saying that a college upbringing will help a guy in becoming a better burglar."

"You ought to know," said I. "You're the only college-bred Raffles I ever met. From what I hear you have done fairly well and managed to keep out of the hoosegow."

"And now I'm retiring," commented Bill, "unless I can help you a bit. Is there any job you want tackled? Don't you want to break into politics? Me and Jimmy will help you all we can—and that is quite a lot."

"Speak for yourself, Bill," retorted I. "It is true that the bone drys have been looking for a man of their kind to run against Jim Rolph, but that has nothing to do with me."

"Why not try it?" said Bill, sarcastically. "It would help Jim a lot."

"The Lord knows I am dry enough," answered I, "but these people want a candidate so dry that he squeaks when he walks."

"Can't you carry a lemon squeezer in your hip pocket and give an imitation?" suggested the burglar.

"I don't think I want the job, anyhow," said I in return. "When I break into politics I don't want to start at the losing end."

"Maybe you better negotiate with Bob Shuler and get a running start," retorted Bill, with a grin. "But any time you want to break into anything from the City Hall down to a crap game me and Jimmy will be ready to do our bit."

"Now that you are retiring, I wouldn't care to bother you," responded I. "But it isn't by any chance that you are switching to the bootlegging industry?"

"Not on your life," answered the burglar, with emphasis. "I may have done some questionable acts in my time, but I never tried to flood the interiors of my fellow-man with bogus gin and I never will. I have no use for bozos who bull the market with bogus booze. It's a crook's game and I'm no crook."

"Of course not," responded I, soothingly. "You're only a well-intentioned burglar with maybe a price on his head."

"I read the other day," continued Bill, heatedly, "where some woman was urging that the Boy Scouts and other infants be enlisted as spies in trailing stills and home brewers. It was figured that the kids could loiter around where a regular officer would be spotted at once. I despise the idea. We have too much government by espionage and inspection now. If we are to become a race of peekaboos I want to be out of it. If every man is expected to keep watch and ward over his neighbor I am in a hurry to go blind."

"Fraidicat!" exclaimed I. "You talk like a burglar. No wonder you don't want anybody browsing around. You might get pinched yourself. But you needn't worry. The Boy Scouts will never be listed as Paul Prys. But that doesn't stop the spying business. Even the Senators seem to enjoy it. Here is Senator Nye trying to find out how Ruth Hanna McCormick spent her money in the primaries and the lady gets back by putting a flock of real detectives on the Senator's trail. They are digging up his past, present and prospects for the future."

"That's the stuff!" exclaimed Bill, admiringly. "Three cheers for Ruth. I hope she finds what the Senator really has been doing. Anyhow, I notice that she had him worried. At least he tumbled to the detectives on his path and hotly inquired who was paying them. 'I am,' says Ruth. 'What are you going to do about it?' Just like that. She must have found something worth biting into."

"Don't blame the Senators," said I. "They have been brought up to believe that the chief business of a Senator is to investigate something or somebody. If they weren't boring into the past of one another they might be on your trail and then where would you be?"

"Thank heaven I have led a blameless life," exclaimed the burglar, piously. "I never held office of any kind."

Over $5,000,000 a day is spent in this country alone on beauty parlor treatments and the various kinds of cosmetics, shampoos, etc. Statistics show that in three weeks this would amount to enough money to assure ample flood protection to the Mississippi Valley for years to come.

FILM SUIT LOST BY JAMES GIRL

Court Throws Out Action Over Outlaw Picture

Judge Rules Grounds of Case Insufficient

She Asserted Role Promise Not Fulfilled

Jessie Estelle James yesterday lost her $55,000 suit against Paramount Famous-Lasky and the estate of Fred C. Thomson, film actor, when Superior Judge Mahon granted a nonsuit on motion of the defendants. Miss James had charged the picture producers and the Thomson estate failed to keep promises to cast her in the role of her great-grandmother, Mrs. Zerelda Samuels, in producing the photoplay "Jesse James," based on the life of her outlaw grandfather.

Judge Mahon granted a nonsuit on the grounds that a claim filed by a former attorney of Miss James against the executor of the Thomson estate was insufficient to sustain the suit.

Trial of the suit of Jesse E. James, Jr., son of the Missouri train robber and father of Miss James, is scheduled to begin Monday. James is seeking $9400 which he asserts is due him for aid in publicity and in providing historical data for the production of the "Jesse James" picture in which Thomson created the title role.

CAPT. HENRY TO BE GIVEN HERO RITES

Firemen will Pay Tribute to Member Who Lost His Life in Rescuing Boy

A hero's funeral will be the tribute paid tomorrow to the memory of Fire Captain Elwood H. Henry, who was killed last Sunday night in a fall down an elevator shaft from which he had a moment before helped to extricate an imprisoned boy.

The services will be conducted at 2 p.m. in Angelus Temple under auspices of the Los Angeles Firemen's Relief Association, of which Capt. Henry was a charter member and recording secretary. Capt. John Y. Cordell, chaplain of the fire department, will officiate. From Angelus Temple the funeral cortege, headed by an escort of motorcycle officers, will proceed to Inglewood Cemetery, where the body will be cremated.

Following an inquest yesterday a Coroner's jury returned a verdict that Capt. Henry met accidental death while in the performance of his duty. The jurors appended to their verdict the belief "there was negligence by parties responsible for the care of the elevator."

Although still in a critical condition, Daniel Gonzales, the 5-year-old boy Capt. Henry gave his life in rescuing, was reported yesterday as having a chance of recovery. He is in General Hospital with a depressed fracture of the skull.

M'CABE TO HEAR DOOM AS SLAYER

Convicted Murderer of University Club Clerk to Face Judge Today

Wilbur McCabe, convicted of the murder of Henry P. Miller, University Club night clerk, on the night of June 15, last, today will appear before Superior Judge McComb for sentence. Because of the fact that the jury did not recommend leniency when they found McCabe guilty of first-degree murder, the court must sentence the man to be hanged.

According to evidence introduced by Bonner Richardson, deputy District Attorney, McCabe entered the University Club lobby through a rear door and attempted to rob the office safe. When Miller resisted and fought the man with a pocket knife, McCabe shot him three times, wounding him mortally.

The defendant was traced to his rooms by blood spots on the sidewalk.

Occidental's College Year Begins Today

Beginning its forty-third year, Occidental College's 1930 season opens today with the events of freshman week. The program begins with an assembly at 11 a.m., at which President Remsen D. Bird, Dean Robert G. Cleland and Dr. Arthur Coons, executive secretary, will welcome the freshmen.

At noon a freshman luncheon will be presided over by Leonard Janossky, president of the Associated Students. Preliminary registration is from 1:30 to 3:30 p.m., followed by tea for freshman women in Orr Gardens.

Actual freshman registration will take place Friday, advanced students will register Saturday and classes will begin Monday morning. According to Miss Florence Brady, registrar, the freshman enrollment, limited to 200, will be filled to capacity.

EQUESTRIAN'S DEATH DECLARED ACCIDENT

A Coroner's jury yesterday found that Tommy Mintz, 25 years of age, motion-picture actor of 755 Ridgewood Place, came to his death accidentally last Sunday as the result of injuries sustained when he came in contact with a telephone pole while riding a horse in Griffith Park. No one was held to be negligent.

Of Interest to Women

Society

by JUANA NEAL LEVY

Mr. and Mrs. George Leslie Smith, who have been abroad for the entire summer, are being welcomed home by their friends in the Southland, having arrived on the Chief last Friday evening.

They sailed aboard the Columbus from Los Angeles Harbor the latter part of April by way of the Panama Canal, docking several days in New York before continuing their cruise.

They joined Arturo Toscanini, conductor of the New York Symphony Orchestra, and Mrs. Toscanini in Leipsic and toured the continent with them and the orchestra until it closed its season abroad, June 4, in London.

Then they went over to Paris for two weeks and on to Milan and Lake Como, where they met the Beverly Scotts, and later motored to Vichy for three weeks, where Mr. Smith took the cure and then on to Vienna, where they visited with the late Walter Rothwell's mother and sister, Mrs. Berta Rothwell and Miss Elsie Rothwell.

Their next destination was Budapest, Prague and Carlsbad, after which they went down to Oberammergau to the Passion Play, returning to Paris for ten days before sailing aboard the France for home. They remained for short visits in New York and Chicago on their way to the Coast.

Mr. and Mrs. Carl Blissett Fix, the latter a sister of Mrs. Smith, also have returned from a month's vacation, motoring as far north as Lake Louise, Banff and Harrison Springs, returning to Seattle, where they visited with relatives of Mr. Fix, and motored home, stopping in San Francisco and points of interest en route.

They are at home now at 1237 Gramercy Place.

Approaching Wedding

Of more than usual interest to society of the Southland as well as in San Francisco is the wedding next Saturday evening in Coronado of Miss Harriet Holbrook, daughter of Mrs. Paul Wegeforth of Coronado and the late W. H. Holbrook of San Francisco, and Frank Garretson Belcher, son of Mr. and Mrs. Frank Belcher of San Diego, the ceremony taking place in the gardens of the Wegeforth home at 4 o'clock in the afternoon, with Rev. Charles Spalding of Christ Church, Coronado, officiating in the presence of relatives and a few close friends. A reception and wedding supper will follow the ceremony.

Miss Holbrook has chosen her cousin, Miss Grace Hamilton, daughter of Mr. and Mrs. Alexander Hamilton of Menlo Park, to assist as maid of honor, while Miss Many Leila Hamilton, sister of the maid of honor, and Miss Betty Godfrey, daughter of Mr. and Mrs. Frank Godfrey of Coronado, will be bridesmaids.

Jefferson Alison, Jr., of Coronado will serve as best man and Frank Frye, Jr., and Lieut. Jack Wells will usher.

Many lovely affairs have been given in honor of Miss Holbrook since the announcement of her engagement several months ago, sharing honors with two other brides-elect, Miss Kathleen Thompson and Miss Ann Timberlake, at a charmingly appointed tea Saturday afternoon by Mrs. Roy Pickford of Coronado, fifty guests being bidden. Mrs. Luther Kennett presided at the tea urn. Dr. and Mrs. Francis Mead of San Diego gave a dinner party for Miss Holbrook and Mr. Belcher Sunday evening, a pink-and-white color motif being effectively carried out in the decorations and appointments, dainty hand-painted brides marking the place covers. Capt. and Mrs. I. B. Snell gave an affair for them Wednesday evening aboard the cruiser Wanderer, supper being served in the wardroom.

Miss Holbrook, who is one of the most popular members of the younger set, is the granddaughter of the late Mr. and Mrs. John D. Spreckels of Coronado. After their return from an extensive wedding trip Mr. Belcher will take his bride to the southern city to make their home.

Here for Visit

Miss Louise Pickell of Baltimore arrived last Tuesday for an extended visit with her sister and brother-in-law, Judge and Mrs. Guy Bush, at their home, 158 North Serrano avenue.

Mrs. Bush, who returned recently from an extended trip with Judge Bush in the East, was the guest of honor at a beautifully appointed luncheon Saturday with which Mrs. Lisa Grey entertained at the Royal Palms in Westlake avenue, the decorations and appointments being carried out in lavender and white. An informal musicale featured the afternoon's entertainment.

Those included were Mrs. C. C. Calhoun of Washington, Mr. and Mrs. Pietro Gentile, Mmes. C. H. Wilbur, Mary Carr Moore, W. L. Heathcote, Ada Potter Wiseman, A. G. Baker, Verne Mason, Richard Drake Saunders and Beulah Storrs Lewis, Miss Margaret Campbell, Miss Senta Erd and Miss Dorothy Baker.

Engagement Announced

Mr. and Mrs. Samuel Aldlin announced the engagement of their daughter, Miss Alice Aldlin, to William Ernest Bloom Sunday evening, no date being set as yet for the wedding.

Miss Aldlin is a student at University of California at Los Angeles.

Invitations Issued

Invitations are being received from Mrs. Charles Ernest Kaltenbach of Cranford, N. J., and La Jolla for the marriage of her eldest daughter, Miss Jane Telfair Kaltenbach, to Roger Williams Aldrich, son of Mr. and Mrs. Roger C. Aldrich of Cranford, the ceremony to take place at the Kaltenbach home, Greystone, in Cranford, Friday evening, the 26th inst., at 9 p.m.

Miss Suzanne Kaltenbach will be her sister's maid of honor while Telfair Kaltenbach will be flower girl. Harold Aldrich will serve his brother as best man and Robert Kaltenbach will come from his home in Cleveland, O., to give his niece in marriage.

Miss Kaltenbach was a student at the Bishop's School in La Jolla and was graduated from Miss Hartridge's School in Plainfield, N. J., last June. Mr. Aldrich was graduated from the Stevens Institute of Technology and the Harvard School of Finance.

After the wedding trip in Maine Mr. Aldrich and his bride will return to Cranford to make their home.

Subdeb Group to be Honored Saturday

[Clifton studios]

Miss Helen Hostettler

AMONG the popular members of the subdeb set in Beverly Hills are the Misses Maurine, Helen and Nadine Hostettler, attractive daughters of Mrs. J. O. Hostettler of Hillcrest Drive, the trio planning to enter Westlake School for Girls this semester.

Saturday afternoon Mrs. Hostettler, her daughters and nieces, Misses Bessie and Camille Hostettler, are entertaining at their home, honoring the subdebs, twenty guests having been bidden. Autumn shades will be employed in the flowers and appointments of the table and house decorations.

New Mark Set by Playgrounds

Setting a new high record for attendance, Los Angeles municipal playgrounds were paid 1,443,431 visits by children and adults during the summer season, it was reported yesterday by John C. Henderson, Supervisor of Playgrounds.

Forty-one playgrounds were in operation during the season just concluded, as compared with thirty-seven in 1929.

Special activities which drew widespread participation were the handicraft classes and the model aircraft classes sponsored by The Times-Playground League.

Health Better Than Riches

"Before I was married, my mother and sister and I did all the farming work on a 64-acre farm for eleven years. I married a farmer and now in addition to my housework and the care of my children I help him with the outside work on our farm. After my last child was born, I began to suffer as many women do. Our family doctor gave me medicine but no results. One day he told me to try Lydia E. Pinkham's Vegetable Compound. I did and now I am a new woman and I know that good health is better than riches."—*Mrs. Clyde I. Sherman, R. #1, Lickdale, Pennsylvania.*

Health and Diet ADVICE

by DR. FRANK McCOY

Author of "The Fast Way to Health"

GRAPES ARE EASILY DIGESTED

It has been estimated that this year's grape crop will exceed all previous years. For this reason grapes will likely be both plentiful and inexpensive, and everyone should take advantage of this situation and use a large quantity of this valuable blood-building fruit, both in the fresh state and in the form of grapejuice.

The United States government, through the Federal Farm Bureau, is planning to place the grape and raisin crop in the hands of a control board for distribution, either fresh, or in the form of by-products, such as grapejuice, jelly or other ways helpful to the grower. In order to save the surplus grapes, which cannot be sold fresh and will not keep, a large portion of the crop will be converted into grapejuice. The tremendous quantity to be so converted will be realized when it is estimated to equal a gallon of juice for every person in North America.

In America the largest amount of grapes come from the Pacific Coast where about 80 per cent of the grapes in the American market are raised. It is interesting to know that many of the most popular grapes are from the same varieties as mentioned in the Bible. There is plenty of evidence to believe that the grape is one of the oldest fruits, the grapevine probably being one of the numerous creeping vines to grow out of the mud of the Paleozoic jungles. The records of grape cultivation go back for a least 5000 years, but the Phoenicians were the first to cultivate grapes extensively.

It was thought by many grape growers that prohibition in the United States would destroy grape culture, but this has not been generally true, for many people did not count on the extension of the practice of manufacturing wine within the homes, and the number of acres being devoted to table and wine grapes is increasing each year. One vineyard at Guasti, Cal., which is the largest in the world, actually covers over 5000 acres.

The grape cure has long been known in Europe and no doubt has produced some splendid results. With this diet the patient lives exclusively on grapes of which he may eat from four to six pounds a day for a period of one to two months. In many of the great European institutions, the method used is to make an exclusive breakfast of grapes, and then use a pound before lunch and a pound again before dinner. In my own experiments I have found that much more satisfactory results are obtained when no other food is used except grapes. Most of the grape cure institutions are located around Germany, Northern Italy, Switzerland and Northwestern Austria.

Grapes contain from 14 per cent to 20 per cent grape sugar, which is the most easily digested and nourishing of sugars, requiring practically no digestion. Different varieties of grapes, of course, differ in the composition, but the average of several varieties shows that they contain 78 per cent water, 1.35 per cent protein, 1.3 per cent fat, from 14 per cent to 20 per cent grape sugar, and .65 per cent mineral matter. The mineral matter consists principally of sodium, potassium, calcium, magnesium, phosphorus, silicon and iron. The fresh grapes also contain vitamins B and C.

An exclusive grape diet will bring the blood pressure to normal, and is useful in the treatment of hardening of the arteries, kidney trouble, gout, obesity, anemia, scrofula, bronchitis and many skin diseases. Grapes have a specific tendency to increase the intestinal peristaltic action and reduce putrefaction in the colon by changing the intestinal flora from harmful to beneficial bacteria.

WHEN THE SANDMAN COMES

A Bedtime Story

by THORNTON W. BURGESS

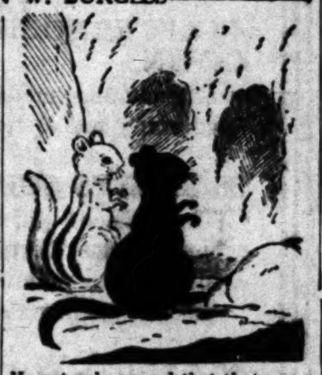
THE HEAD OF THE HOME

Who struts and boasts and swaggers 'round
Fools but himself, it will be found.
—Old Mother Nature.

Little Miss Frisky was now little Mrs. Impy. A very pretty little Chipmunk she was and Impy was very proud of her. She was even more proud of Impy, for you know his coat was coal black and a black-coated Chipmunk is seldom seen. It had pleased Impy that Mrs. Impy had been so pleased with his home. To be sure, he had changed the entrance. Impy had to admit that it was better hidden than the entrance he had made. Otherwise, she had been quite satisfied.

Now that he had a home and a mate, Impy the black Chipmunk, felt very important. Yes, indeed, he felt very important. He strutted. Why shouldn't he strut? Was he not the head of a home? He thought he was anyway. Yes, indeed, he thought he was very much the head of a home.

He and Mrs. Impy had been living together happily for several weeks and Impy was not aware that there had been any changes to amount to anything. To be sure, he discovered that Mrs. Impy had enlarged one of his storerooms; but he thought nothing of this. In fact, he decided it was an improvement. He was quite satisfied to have it so, for now that there were two of them, more storage space would be needed. Then his second storeroom was enlarged. It was done without his knowledge. He happened to be passing one day when he peeped in and discovered how much bigger it was than he remembered it.



He not only agreed that that was a good place, but actually went to work digging

"Did you make this room bigger?" he inquired of little Mrs. Impy.

"Yes," said she, "It really wasn't big enough. It might have done all right for you alone, but now that there are two of us we need plenty of room. By the way, we'll build a third storeroom shortly."

"Will we?" inquired Impy, looking a little surprised.

"Yes," replied little Mrs. Impy. "Come with me and I'll show you where we will start it."

Impy did as he was told to do. He followed little Mrs. Impy and when she showed him the place where the new storeroom was to be he not only agreed that that was a good place, but actually went to work digging as Mrs. Impy told him to. Moreover, he kept at it. Little Mrs. Impy helped at times but most of the time there was only room for one to work and, of course, Impy was that one.

Impy no longer remained out after the coming of the Black Shadows, as he had once done. He would have told you that he no longer cared to stay out. That wasn't it at all. No, indeed, that wasn't it. It was all due to little Mrs. Impy. She had told him to come in with the setting of jolly, round, red Mr. Sun and so he had done as she desired. When they went on little expeditions in search of food, little Mrs. Impy always decided where they should go and when they should go. Impy never decided anything. Mrs. Impy decided everything.

Still Impy thought himself head of the home. Little Mrs. Impy watched him strut and swagger and boast and she grinned as she watched. Sometimes, right in the midst of his strutting she would tell Impy to do something and right away he would do it. In short, that Chipmunk home was managed and managed very well indeed by little Mrs. Impy, who had been lively, pretty little Miss Frisky. And she was quite willing that Impy should continue to think himself the head of the home if it gave him any pleasure.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 6 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, outfits for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, hives, worms, vomiting, refractory children, prune juice, lime water, rupture, styes and boils and cradle cap. Before asking a personal question about one of these subjects, it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

STEPMOTHER'S TASK NOT AN EASY ONE

One of life's major tragedies is a stepmother's anxiety to do her very best for the child in her care, and the sometimes deplorable results which come about because of her diligence and conscientiousness plus her real lack of love for the child. The latter is something over which no one has much control. To love the father does not necessarily mean that one will love his child; and a stepmother takes her first big forward step when she puts discipline, even efforts at training, into the background until she has managed to win the child's affection. After that, discipline takes its rightful place in the household, not as an aim in itself, but as a natural part of living.

Making a child over—erasing all of his visible faults—is difficult enough for a mother. Many times it is a hopeless job for a stepmother, who must work against the child's own antagonism and jealousy because of the father's divided affection and the stepmother's advent in the household.

ANTICIPATING PROBLEMS

"Within a few months I am going to marry a widower with a 2-year-old girl," Miss E. writes. "I am anxious to do right by this child and be fair. I think many parents unfair to their children, but there are so many problems. What shall I do about bed wetting? About running away? About a refusal to obey and her insistence on touching things she should not? I don't believe in spanking, bribing or coaxing, for I have seen all these tried with indifferent results, but I am so helpless and know so little about children, though I am eager to do the right things.

"Will you please help me?"

I am more than glad to help you, but do not anticipate troubles. There is no use in answering problems until the problem arises. The one thing most profitable for you to do in these next two months is to read and learn all you can about children as a whole, their habits, their natural activities and their commonplace behavior problems. Those you have mentioned are typical of the child from 2 to 4. Our leaflets on "Obedience and Discipline," "The Touching and Curious Period" and "Bed Wetting" answer them in detail. These may be obtained by any reader for just a self-addressed, stamped envelope.

CONSTRUCTIVE TRAINING

These are all temporary problems of the preschool child, which evaporate easily if the mother makes no drastic efforts to punish the child but instead bends her efforts toward constructive training that is opposed to them. Thus bed wetting usually ends when the child has good dry habits in daytime. The runaway child can be helped by freedom to walk out daily, going where she chooses, with the mother right beside her. Obedience is to be expected when the commands are not so numerous, petty and tyrannical that no child can carry them out and live happily. The touching and curious period is merely indicative of the child's interest in everything about him and is managed by teaching him how to handle the things he lives with or substituting similar interests, rather than resorting to punishment.

Wrecked Auto Betrays Spouse, Wife Asserts

An automobile wreck revealed that her husband had been riding with another girl, Mrs. Ruth Irene Arnett testified yesterday in asking for a divorce from Aaron Raymond Arnett.

Mrs. Arnett, who is 16 years of age, asserted that immediately after their marriage February 8, last, her husband took her to his brother's home and demanded that she act as servant in the household. They separated two months and seven days after marriage.

Superior Judge Hahn continued the hearing until corroborating evidence is produced. Attorney Harry D. Hottel appeared for the wife.

NEWS OF THE CAFES

The opening of a new cafe on Wilshire Boulevard near Hauser Boulevard by Col. Eugene Stark, former managing director of the Hollywood Roosevelt, still is being discussed by those who attended the informal premiere Monday evening. Stark, who formerly was general manager of the Hillcrest Country Club, is being congratulated on the success of the first night, which was attended by notables from every walk of life. Popular prices for choice viands is the Stark policy, and no music, dancing, cabaret attractions or similar divertisements make necessary a cover charge. Stark plans to have a staff available for residential catering and will also offer French and Danish pastry for home consumption.

RICHARDSON RETURNS

Frank Richardson, popular vaudeville star who achieved fame as a singing comedian in Fox film musicals, will be guest of honor at George Olsen's new club, Culver City, tonight, when a gala program will be presented as an added feature with "Looking Up," Olsen's new autumn revue. Richardson has just returned from a personal appearance tour of Fox theaters in the East and Middle West and tonight's event will assume the nature of a home-coming welcome with a host of screen notables, vaudeville headliners and other "who's whos" of Hollywood in attendance. Frank will sing a group of numbers from "Movietone Follies," "Sunny Side Up," "Happy Days" and other productions in which he has appeared. And he will also comply to request selections, including his outstanding song hits, "Walking With Susie" and "Here Comes Emily Brown."

RUSSIANS AT MONTMARTRE

Never before in the history of the Hollywood Montmartre Cafe has any vaudeville attractions scored a greater triumph with motion-picture patrons of this well-known dining and dancing salon than was accorded the appearance of Vera Strelska and Vova Prozenko presenting a series of dances combined with Russian, French and English songs, according to Eddie Brandstatter, owner of the cafe. One of the striking features of their appearance will be their sponsoring of the elaborate fashion show and promenade which will take place this evening. In Moscow Miss Strelska and Prozenko are said to have created one of the most artistic dances ever shown in the Moscow Theater. Prozenko is a protege of Nijinsky, famous Russian ballet master.

ITALIAN CHEF AT TERIS

The Teris French Grill, West Sixth street at Witmer avenue, in keeping with its policy of serving the best in French and Italian foods, has acquired the services of Thomas Reed, formerly chef of the Los Angeles Athletic Club and Hermosa Beach Surf and Sand Club. Mr. Reed, a native of Italy, is a graduate of various cooking schools of Paris. According to Mrs. C. Fano, manager, many new French and Italian specialty dishes are now being served.

PIG'N WHISTLE PLEASES

A number of dinner parties are being given Sunday evening at the Hollywood Plaza Pig 'n Whistle. The special chicken dinner is proving very popular. Frank Averill, the manager, and Fred Klein, chef, have united to make this cafe the popular rendezvous it is. The summer dishes served here are also much appreciated.

HOUSEHOLD SUGGESTIONS

Now is the Time

Now is the time to get that furnace man on the job and see that everything is in good working order for next winter. If you let it go until the last minute you will have trouble getting the man for the job and perhaps, a part will be needed that would require time to get. Play safe and get that furnace in order now.

Mended First

Shirts, blouses and outside wearing apparel should be mended before sending to the laundry. Then when it comes come carefully ironed and folded it is not necessary to disturb and muss the shirt in order to mend it.

NO FRIEND LIKE AN OLD FRIEND

For thirty-five years millions have shown preference for Shredded Wheat over all other cereal foods—and it's so easy to understand why. It's the whole wheat in its most digestible form. The crisp, crunchy shreds encourage thorough chewing—and the more you chew it the better you like it. So easy to serve a quick breakfast because it is ready-cooked. Delicious for any meal.

SOUTH DOUBLES ITS POPULATION

Census Analysis Shows Gain of Southern California

Ten-Year Increase Figures Out 116.5 Per Cent

State Has More Than Eighth of Nation's Increment

Approximately 125,000 persons per year, at the indicated present rate of growth, are being added to the permanent population of California, according to an analysis issued yesterday by the research department of the State Chamber of Commerce. The report, based on annual records of school attendance, presents complete detailed population returns from the 1930 census for all counties and incorporated cities in the State and analyzes California's growth by years over the past decade.

Two-thirds of the State's population increase of 2,212,000 during the decade 1920 to 1930 occurred during the first five years, the report shows. From 1919 to 1923, inclusive, and in 1927 the increases ranged from 5.0 to 10.2 per cent. The growth in 1929 showed an increase of approximately 3.4 per cent, while in 1928 the rate of increase was only 1.7.

Urban population, the analysis shows, increased by 77.6 per cent over the decade, as compared to a gain of 40.4 per cent in rural population. At the present time more than 72 per cent of California's 5,763,009 people live in incorporated cities of 2500 population or more. About 43 per cent are in the five cities of more than 100,000 population.

Comparison of regional population shows an increase of 116.5 per cent in the ten southern counties, as against 37.1 per cent in the central coast counties, 28.7 per cent in the Sacramento Valley counties, 26.8 per cent in San Joaquin Valley, 26.1 per cent in the delta or central valley region and 20.7 per cent in the north coast counties, or Redwood Empire region.

Out of the nation's total increase of 16,987,570 over the decade, more than 13.2 is accredited to California. Density of population in the State, as a whole, is now 35.83 persons per square mile. In 1920 it was 21.65 persons per square mile.

LAEMMLE VISITS GRANDCHILD

Film Official Then Leaves for Europe

Carl Laemmle and His First Grandchild

ON THE eve of his departure for Europe on a three-month trip, Carl Laemmle, film producer, yesterday said hello and good-by to the newest member of his family—his first grandchild.

The baby was born last Friday at the Good Samaritan Hospital and is the daughter of Stanley Bergerman and Rosabelle Laemmle Bergerman. A name has not yet been selected for the child.

Laemmle's departure was urgent, so he made a hasty trip to the hospital to see the grandchild. After being swathed in sterilized garments he was permitted to fondle the baby and whisper his good-by.

Ballot Report Given Council

City Clerk Dominguez yesterday notified the City Council that Registrar of Voters Kerr will begin mailing sample ballots October 5, the matter to be in the hands of the printer by the 30th inst.

He also advised the Council to reduce to twenty words the description of the amendments, as the voting machine grooves can accommodate only this number of words.

The Council referred the report to the City Attorney.

REHEARING IN HERRON CASE RULED

High Court Allows Plea of State Bar Association Against Bay City Lawyer

In addition to hearing a number of civil cases yesterday, the State Supreme Court issued an order granting the petition of the State Bar Association for a review of the court's previous decision dismissing disbarment proceedings against William F. Herron, an attorney of San Francisco.

After investigation and hearings, the association recommended the disbarment of Herron in December, 1929. The lawyer asked the court to dismiss the proceedings on the ground that the charges against him had not been verified in a court of law. The association, he pointed out, did not conduct its hearing according to accepted rules of court procedure.

The court was scheduled to hear the action of the Ventura County Harbor District for a writ of mandamus to compel the Ventura Board of Supervisors to call a special election on a $2,000,000 harbor bond issue, but it was decided to let the case stand submitted after giving the plaintiff ten days to file final briefs.

FIVE SEIZED FOR QUIZ AS SMUGGLERS

Woman and Two Men and Pair of Chinese Arrested on Road Near El Centro

Because two automobiles hugged close to each other along the highway from El Centro to Los Angeles and seemed to be in fraternity, a woman and two men, as well as two asserted alien Chinese, are being held in the County Jail for questioning on an asserted attempt to smuggle the Chinese across the Mexican border.

Among those being held are Gertrude Meade, 34 years of age, who gave her address as Burlingame, and Harry Kelly, 34, who were arrested in the advance car, and Jack Adamson, who is said to have been driving the car following, containing two Chinese. The Chinese are held by immigration inspectors for deportation proceedings. The two cars were stopped several miles north of El Centro.

Maid Testifies to Indiscretions of Mrs. Forer

Testimony that she saw Reuben Schaffer in Mrs. Sadye Forer's room while her husband, Abraham M. Forer, was away, was offered yesterday by Mary Hill, former housemaid, at the Forers' contested divorce-suit trial in Superior Judge Archbald's court.

Charles Reimer, who was an investigator under Asa Keyes's administration of the District Attorney's office, testified to seeing Mrs. Forer and Schaffer meet and kiss in public places.

Mrs. Forer sued for divorce, asserting her husband struck her and crushed underfoot a watch she bought. Forer in a cross-complaint asserts the watch was a gift from Schaffer, with whom, he says, his wife was unduly friendly.

HALF HIS LIFETIME SPENT BEHIND BARS

United States District Judge Jacobs's recommendation that Frank Foster, who has passed thirty of his sixty years behind bars, be sent to the prison at Carson City, Nev., to serve his seventh prison term probably will be acceded to, it is believed.

Foster's seventh prison sentence is for eighteen months and was imposed for manufacturing mail box keys and stealing small sums from letters. Judge Jacobs recommended Carson City prison because of Foster's failing health.

RADICALS' CONVICTION REVERSED

Supposed Communists will Receive Another Trial as Result of Appeal

Reversal of the convictions of five asserted young Communists was ordered yesterday by the Appellate Department, Superior Court. A jury in the Municipal Court had convicted Tuffy Mallet, Israel Schulman, Abraham Shapiro, Martin Shapiro and Yetta Stromberg of disturbing the peace during a clash near Roosevelt High School on April 25, last. It was brought out that a fight followed when the five defendants, asserted young Communists and Young Pioneers, invited high school pupils to attend the May Day demonstration.

Municipal Judge Sheldon sentenced the five each to serve ninety days in jail. They were released on bail pending appeal, which was argued by Attorney Leo J. Gallagher.

Superior Judges McLucas, Shaw and Tappaan of the Appellate Department held that it was apparent from the record that the meeting was held lawfully, and that there was no evidence that any of the defendants engaged in the melee except in self-defense. The judges also found that Deputy City Prosecutor Hornaday committed misconduct at the trial and that when Attorney Gallagher objected he was overruled by Municipal Judge Sheldon. The case is sent back for a new trial.

Secret Divorce Granted Wife of Art Patron

Mrs. Helene Podeste Furman, prominent socially, and Erwin H. Furman, known as an etcher and art patron, were divorced secretly in Superior Judge Crawford's court two months ago, it was revealed yesterday when Mrs. Furman admitted she has been living alone at the Ambassador.

The divorce was not contested by Furman and was awarded to Mrs. Furman by default on Saturday, August 27, after the plaintiff had testified briefly to establish the facts in her petition. Attorneys W. I. Gilbert and William Rains appeared for Mrs. Furman.

It was asserted in the complaint that Furman was "absorbed in his own affairs" and was "sullen, morose and indifferent." He assumed an air of social and intellectual superiority, Mrs. Furman testified, that was offensive.

They were married November 29, 1918, at Stockton, and separated in Los Angeles August 6. There are no children. Furman lives at 1750 North Sycamore avenue, adjoining his studio.

Love of Another Laid to Husband

Love for another woman was told her repeatedly by her husband, it was complained yesterday by Mrs. Emma R. Bonner in obtaining a divorce from Elmer J. Bonner of Pasadena. The wife asserted he left home, saying he could not live without the other woman.

After a four days' absence, the wife continued, her husband returned. On five different occasions, she complained, he left her for four-day periods. On March 5, last, he left for good, added Mrs. Bonner.

Superior Judge Tappaan granted the wife custody of her children, Robert, 16 years of age, and Dorothy, 13.

Jury for Girnau Being Selected

Selection of a jury to try Fred Girnau, political pamphleteer accused of criminally libeling Dist.-Atty. Fitts, was started yesterday in Municipal Judge Pope's court and will be resumed today.

Girnau is charged with publishing a derogatory story concerning Fitts during the recent political campaign.

MRS. COLLINS MAY FACE NORTHCOTT AT GALLOWS

In the belief that a man standing at the brink of death will always reveal the truth, Mrs. Christine Collins through her attorney yesterday revealed plans to face Stewart Gordon Northcott in the San Quentin gallows-room on October 2, next, and implore him to say whether he murdered her son, Walter Collins.

A request for permission to conduct the dramatic affair at the foot of the sinister thirteen steps leading to the gallows trap was directed yesterday to Warden Holohan at San Quentin by Attorney S. S. Hahn, counsel for Mrs. Collins.

If permission is granted Mrs. Collins plans to enter the execution chamber and as Northcott marches to his doom between khaki-clad guards with but mere minutes to live she says she will ask him to say definitely if her boy was among victims murdered, dismembered and buried on the Wineville chicken ranch.

"None but the officers have said that Walter was killed by Northcott," Hahn said. "He has never said so himself and Mrs. Collins will not believe her son dead unless the condemned man makes an affirmative answer. As Northcott faces death she believes he will tell her the truth."

Mrs. Collins plans to discover her son's fate with $10,800 won last week in a judgment against Police Captain J. J. Jones. Her suit asserted that Capt. Jones arrested her and placed her in the psychopathic ward because she refused to accept an imposter, Arthur Hutchins, Jr., as her missing son. Hutchins admitted the hoax later and at the Northcott trial the theory developed that Northcott killed young Collins with other boy victims on the Wineville chicken ranch.

CRAWFORD AIRS THREAT ON EXTORTION FUNDS

During the course of several hours questioning on the witness stand yesterday in United States District Judge McCormick's court, Charles H. Crawford, politician, revealed that he had been repeatedly advised to split "three ways" the $75,000 he gave to Morris Lavine in a blackmail plot if it were returned to him.

The statement came during the trial of an action brought by Crawford as an intervenor to dissolve a temporary injunction preventing the District Attorney and County Clerk from paying the money to Lavine or anyone else.

The trustees of A. C. Wagy & Co. filed suits against Lavine for $5210 and against Crawford for about $45,000, said to have been illegally paid by that company to the two at a time the company was insolvent. The trustees of the insolvent company filed the injunction suit to prevent the payment of the $75,000 extortion money to either Lavine or Crawford until settlement of the suits for recovery by the trustees.

Crawford occupied the stand most of the day. He stated that some man called him and said: "If you let that dough be split three ways you will have no trouble." Crawford said he hung up the phone. He said other threats, including signs on his lawn, of "Beware," were received.

Much of the testimony presented in the State courts was reviewed yesterday. The case was continued until Thursday morning. Morris Lavine is expected to take the stand.

MRS. HARPER, DOT WEISEL HERE FOR NET TOURNAMENT

Taking tournament officials by surprise, Northern California's two leading entrants arrived yesterday for the Pacific-Southwest tournament, which starts tomorrow with exhibition matches at the Los Angeles Tennis Club. Mrs. L. A. Harper, who is expected to rank No. 1 among American women players this year, and Miss Dorothy Weisel of Sacramento, California State and Pacific Coast champion, were the arrivals.

Johnny Van Ryn, American Davis Cup ace, also arrived yesterday. Lyttleton Rogers, captain of the Irish Davis Cup team and bearing the distinction of being one of three players in the world to defeat Henri Cochet, is due to arrive this morning.

YERKES BLANKS REDS, 12-0

Seraph Southpaw Gives Angels Flying Start by Allowing Missions but Two Hits

BY BOB RAY

Carroll Yerkes, willowy Seraph southpaw, pitched the Angels off to a flying start in their series with the Missions by blanking the Reds with two hits, and turning in a 12-to-0 Angel victory at Wrigley Field last night.

CARROLL YERKES

Yerkes allowed but two of the Reds to get on the paths, Wright reaching second when he doubled in the fourth, and Burns getting to first with a single in the eighth. Neither of the two runners advanced farther. The Seraph southpaw struck out eight of the visitors, and did not issue a walk. Perfect support by his mates made the contest one of the best-pitched exhibitions of the season.

While Yerkes was taming the Reds, the Angels found the offerings of Ted Pillette and young Art Johnson to their liking, and hammered out twelve hits to produce an even dozen tallies. Pillette, who ranks as the Missions' leading hurler, lasted but two innings before the Angel attack, giving way to Johnson, the 17-year-old left-hander, from Santa Rosa High, after he had been touched for seven runs in the first two innings. After being held hitless for three rounds, the Cherubs finished up strong by nicking Johnson for five runs in their last three turns at bat.

The contest, thanks to Yerkes's brilliant mound work, was hustled over in an hour and thirty-two minutes, to make it the fastest played since night ball was started at Wrigley Field. A small gathering of but 2603 fans, of whom 1105 were women, saw the game.

Wes Schulmerich led the Angel attack with a home run and a single in three times at bat. The fielding of Carl Dittmar, Angel shortstop, was sensational.

The Angels got the jump in the first inning when Sigafoos doubled to right, went to third on T. Pillette's wild effort to pick him off second, and scored on Harper's infield out.

In the second inning the Seraphs sewed up the contest by making

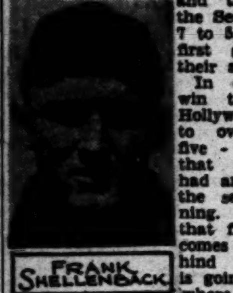
HOLLYWOOD RALLIES TO BEAT SEALS

Shellenback Hurls Stars to 7-5 Victory; Heath's Homer Ties Score

SAN FRANCISCO, Sept 16.—Oscar Vitt has his Hollywood bunch fighting like a team should fight and they beat the Seals today, 7 to 5, in the first game of their series.



FRANK SHELLENBACK

In order to win that game Hollywood had to overcome a five-run lead that the Seals had amassed in the second inning. A team that fights and comes from behind like that is going somewhere.

Elmer Jacobs started the game for the Seals and when he was given a lead of five runs it looked as if he would coast in. But he got into trouble in the fifth and had to be relieved. Turpin finished the job and was charged with the defeat.

Frank Shellenback, who started an finished the game for Hollywood, had his troubles in the second, when the Seals scored all their runs. Before and after that the Seals could do nothing with him in the way of scores.

Sheely began that inning with a hit and Caveney was passed. Oana followed with a double and Catina made an error on Coleman's grounder.

Gaston singled and Jacobs was tossed out to make the first out.

COLIMA LOSES SCRAP ON FOUL

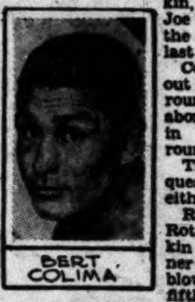
Oscar Rankin Dealt Unfair Blow in Sixth

Negro Substitute is Called Victor at Olympic

Peregrina Taken Off Card Because of Illness

BY PAUL LOWRY

Badly battered by body blows Bert Colima took the easy way out in a ten-round bout with Oscar Rankin, subbing for Joe Peregrina, at the Olympic last night.



BERT COLIMA

Colima fouled out in the sixth round after an abortive attempt in the fifth round.

There was no question about either foul.

Referee Abe Roth sent Rankin to his corner after the low blow in the fifth, and gave him the alternative of continuing the bout or having his hand raised.

Rankin chose to fight, and was given another vicious low blow eight inches below the belt in the next round.

Roth thereupon awarded the decision to Rankin.

PEREGRINA HARD UP

The latter took the fight upon a minute's notice, Peregrina having fallen heir to an attack of ptomaine poisoning after weighing in at 2 o'clock in the afternoon.

After a spirited first round in which Colima strove to annihilate Rankin in a punch the red-headed black boy stopped the Colima spurts with well-delivered body punches.

He twice had Colima crowded into a corner in the second round, pasting him with both hands to head and stomach and from then on it was apparent that Colima had no appetite for the going.

Colima opened a cut below Rankin's lower lip in the fourth round, but Rankin uncorked another body attack in the fifth round, and Colima tried his first foul swat.

As if to give it a theatrical effect, Colima flopped back on the mat as Rankin sank to the floor in pain.

Following a short rest in his corner, Rankin returned to the warfare—only to get the same dose in the next round.

PACHO COPS BOUT

Bobby Pacho, who stopped Jackie Mandell last week only to have the decision awarded to Mandell on a foul and later reversed, won from Jimmy Black, substitute for Rito Punay, in six rounds. Black was all but out on his feet in the last session.

Raymond Montoya packed too many guns for Jess Gabucco, a sub for Claude Varner, and won handily in six rounds.

Chalky Wright scored a one-round knockout over Manuel Trevino, knocking the latter

Brothers of Trojans Join Frosh Eleven

"Williamson, center; Baker, guard; Dye, tackle," sounded familiarly on Bovard Field last night, when Aubrey Devine, head S.C. frosh mentor, lined up his yearling team. Investigation showed that the youngsters, as well as two other first-year prospects, are brothers of Stan Williamson, present varsity pivot man; Kenny Baker is a brother of Johnny Baker, present varsity guard; John and Bill Dye are brothers of George Dye, last year's first-string center, and Jimmy Kemp is Rocky Kemp's "little brother," standing about six feet.

SCRIMMAGE SCHEDULED FOR BRUINS

Westwood Eleven to Work Hard This Afternoon in Practice Battle

Something resembling order, after the picture snapping of the first day, marked football practice on the second day at U.C.L.A. yesterday, with the some seventy-odd candidates working into shape as a grid squad. Drill in pigskin fundamentals and light signal practice was directed by Coach "Bunker Bill" Spaulding and his assistants.

COACH SPAULDING

The first scrimmage of the season is billed for this afternoon at Westwood, and candidates will be given an opportunity to show their stuff under fire. Practice for the remainder of this week and the first of next will be intense in preparation for the first game of the season with Southern California a week from Saturday in the Coliseum.

Indications are that Spaulding will have a difficult time in picking a first-string backfield, what with an abundance of good material on hand. Capt. Eddie Solomon, quarterback, is faced with a battle for his position with two other capable signal callers—Bob Decker, star of the 1929 frosh eleven, 185 pounds, and Leonard Bergdahl, 175 pounds, from the 1928 yearling squad. All three are good ball carriers. Other good ground gainers on the squad as halfbacks include Earle Painter, Buddy Forster, "Howie" Roberts, and Frank Murphy, a 170-pound back who transferred to U.C.L.A. from Northwestern, where he won a numeral in 1928. Norman Duncan and Reuben Thoe are the best interferring backs on the squad.

SCRIMMAGE FOR TROJANS TODAY

Jones Shifts Kirkwood to Understudy Apsit

Sophomore Halfback Takes New Position

Devine Lines Up Promising Frosh Outfit

BY BRAVEN DYER

George Kirkwood, promising young sophomore, will play inside halfback for the Trojans this year instead of the outside halfback post. This development, plus the announcement by Howard Jones that scrimmage of a mild variety would be indulged in today were the high lights of yesterday's workout at Bovard Field.

ERNY PINCKERT

Kirkwood understudied Erny Pinkert in spring practice, and it had been felt that he would stick to this post, but George is now installed at inside half, where he is backing up Marger Apsit.

PINCKERT STURDY

There are two reasons for this change. In the first place, Pinckert is the sturdiest of all the Trojans, and as a result is seldom injured. Apsit, on the other hand, was hurt a couple of times last year, and Jones figures that it is, therefore, more important to have Marger properly understudied than Pinckert.

Secondly, Apsit is a senior while Pinckert is only a junior, and Kirkwood is too valuable a player to be kept on the bench for the better part of two seasons, as might be the case were he to continue as Erny's understudy.

Kirkwood is an expert punter. In fact, he was so good yesterday that he had it all over Gaius Shaver, who had been regarded as the kingpin of Troy's booters. Clif Herd, punting mentor, states that the Trojans were never more adequately supplied with good kickers than right now, what with Kirkwood, Shaver, Marshall Duffield and Orv Mohler all capable of getting off long-distance boots. Duffield is a master at placing his boots while Mohler is learning the tricks of the quick kick and can also get off punts of acceptable length. Shaver has the most power in his legs, but is not quite as consistent as Kirkwood.

Kirkwood changes places with Howard Tipton, another good sophomore prospect. Tipton is very rugged and will make a fine blocking halfback. He should understudy Pinckert very acceptably.

There was no change in the line-up of the varsity and second team yesterday. Jones had Duffield, Pinckert, Shaver and Apsit in his backfield with Arbelbide, Wilcox, Hall, Tay Brown, Baker, Shaw and Williamson on the line.

MALONEY IMPRESSES

Little Al Maloney, skippering the fourth string, is attracting considerable attention. Maloney is not the typical Jones type of quarterback, weighing only 155 pounds or

Giant Hurler Halts Cubs with Three Hits; Gotham in Running Again

NEW YORK, Sept. 16. (AP)—The New York Giants, who hold only a slim chance of getting back into the National League pennant race, but have plenty of ability to cause trouble, sank Chicago's Cubs deeper into the doldrums today by winning the first game of their important series, 7 to 0.

CARL HUBBELL

Carl Hubbell's three-hit pitching and the ineffectiveness of a pair of the younger Cub hurlers combined to leave the Cubs a game and one-half behind St. Louis and Brooklyn, virtually tied for the lead, and to place the Giants three games behind Chicago.

Jess Petty, Hubbell's opponent through most of the game, was hit rather freely, but kept most of the blows from doing damage. Two hits

DAZZY VANCE

Few more thrilling baseball battles have been fought in any series, crucial or otherwise. Two pitching giants, Dazzy Vance and Wild Bill Hallahan, who should demand a recount on his nickname, fought out a biting, scratching struggle, with honors even through the regulation nine innings. The Cardinals scored the vital run in the tenth and although the Brooklyns came back in the last half of the final inning to fill the bases with one out a lightning-fast double play ended the game as the tying run was crossing the plate.

ELEVEN FANNED

Hallahan and Vance are noted fast-ball pitchers and strike-out kings, Hallahan being the occupant of the strike-out throne at the moment, with Vance the heir-apparent. Vance won the strike-out argument today, but it did him no good in the light of the late afternoon developments. Vance forced eleven Red Birds to miss third strikes, while Hallahan scored four, but the Daz-

CARDS REGAIN LOOP LEAD

By the Associated Press

By their 1-to-0 triumph over Brooklyn in yesterday's great pitching battle, the St. Louis Cardinals regained a game they had lost and again took first place by the slender margin of one point over the Robins. The teams are practically on even terms, Brooklyn having won one more game than St. Louis and lost one more. The Robins likewise have fewer games to play than any of the four contenders with only nine left, while St. Louis has the greatest number left, eleven. The third-place Chicago Cubs, although shut out, 7 to 0, by the New York Giants, remained only one and one-half games behind first place and well within striking distance of the top. The Giants, picking up a full game, still are four and one-half games back of first place. They have been defeated five more times than St. Louis, however, and have a hard struggle ahead of them to remain in the race.

AMATEUR-PRO PLAY TODAY

California State Open Championship on Tomorrow Over Montebello Park Links

BY EDWARD LAWRENCE

Warming up for the California State open championship, which starts tomorrow and ends Sunday over the Montebello Park Golf Club course, a notable array of professionals and amateurs team up today for an eighteen-hole amateur-pro tournament over the eastside links.

Favorites mean little in an amateur-pro event where the chance of an upset is great, but one of the following combinations looms as a probable winner, Olin Dutra and Chuck Ward of Brentwood, Paul R. Jones and Bob Graxiola of Rancho, George Davies and J. Beatty of Palos Verdes, Tom Stevens and Nick Schaeffer of California, Willie Hunter and Jack Ransom of Montebello, and Dave Martin and Ernest Martin.

OLIN DUTRA

Two low amateurs in the amateur-pro will receive caps, while prizes of $35 and $15 are posted for the paid-to-play winners.

Hunter begins the defense of his open crown tomorrow when the first eighteen holes of the seventy-two-hole medal play championship are scheduled. The second eighteen holes will be played on Friday. There will be no play on Saturday, the low 32 and ties playing the final thirty-six holes on Sunday.

Approximately 150 low handicap amateurs and professionals will tee off tomorrow. Amateurs are limited to those with handicaps of 8 and under.

Among the amateurs entered are Phil Carter of Rancho, H. D. Stalnaker of San Diego, Roland Friess

STATE'S BOXERS BARRED BY N.B.A MEET DELEGATES

OMAHA (Neb.) Sept. 16. (AP)—A hard, smashing blow to gain control of the boxing game was dealt by the National Boxing Association in session here today when the delegates to the annual meet passed a resolution barring boxers who take part in fights in nonmember States from appearing in member States of the N.B.A.

Passing of the resolution was revealed tonight by Stanley M. Isaacs of Cincinnati.

The resolution, Isaacs said, reads in effect:

"After January 1, any boxer that performs in New York, California, Pennsylvania or Massachusetts, not members of the N.B.A., will not be used in the N.B.A. member States."

The resolution, Isaacs said, was introduced and pushed through by himself.

Reminded that New York was the center of the fight industry, Isaacs told reporters "either New York will have all the boxers or we (the N.B.A.) will.

"If we all stick together it will work," he continued.

"These States, I think, will come in and join the association. You must have a central body controlling boxing or you will have no boxing at all."

Passage of the resolution was by unanimous vote, Isaacs said.

HELEN HICKS DEFENDS CANADIAN GOLF CROWN

MONTREAL, Sept. 16. (AP)—Paced by the defending champion, Helen Hicks of Hawlett, N. Y., eleven players from the United States battled their way into the second round of the Canadian women's open golf championship today. Marching with them past first-round opposition were five Canadians, including the two principal Dominion threats, Ada Mackenzie of Toronto and Mrs. Alexa Stirling Fraser of Ottawa.

HELEN HICKS

Altogether it was a field day for the Americans, who won all five of the international matches in which they engaged. Seventeen Americans had qualified for the first round and the six eliminated were put out by opponents from their own country.

Miss Hicks, who with Mrs. Fraser scored 74 to lead the qualifying round yesterday, defeated Mrs. J. Dagenais of Montreal in easy fashion, 5 and 3, while another strong American contender, Maureen Orcutt of New York, eliminated another New Yorker, Mrs. Leo Federman, by the convincing margin of 7 and 5.

In the international matches, Mrs. R. C. Lake, New York, defeated Mrs. Vera Hutchings of Vancouver at the nineteenth green which Mrs. Hutchings three-putted; Fritzi Stifel of Wheeling, W. Va., disposed of Mrs. D. Wanklyn, Montreal; Bernice Wall, Oshkosh, eliminated Eileen Kinsella, Montreal, and Peggy Wattles, Buffalo, N. Y., put out Mme. Vagliano, France, 1 up.

The two Canadian threats both were forced to display their best game to survive. Mrs. Fraser eliminated Dora Virtue of Montreal, 1 up, while Miss Mackenzie also was carried to the home hole before she could shake off Mrs. Harold Soper, Montreal, 2 up.

Other Americans who survived the first round were Frances Williams, Allentown, Pa.; Mrs. Harley Higbie, Detroit; Mrs. H. A. Martelle, Hartford, Ct.; Edith Quier, Reading, Pa., and Marion Bennett, New Britain, Ct.

Tomorrow's pairings were:

Miss Hicks vs. Mrs. Lake, Mrs. Fraser vs. Cecille Smith, Toronto; Miss Orcutt vs. Miss Williams; Mrs. Higbie vs. Miss Stifel; Miss Wattles vs. Mrs. Martelle; Miss Mackenzie vs. Mrs. E. W. Whittington, Toronto; Miss Quier vs. Marjorie Kirkham, Montreal; and Miss Wall vs. Miss Bennett.

KOZELUH, RICHARDS WIN IN PRO TENNIS TOURNEY

FOREST HILLS (N. Y.) Sept. 16. (AP)—Form held its own at the opening of the fourth annual American professional lawn tennis championship today as Karel Kozeluh of Czecho-Slovakia, defending champion, and Vincent Richards of New York advanced without trouble.

Kozeluh eliminated Capt. Valerian Yavorsky, a one-time Russian nobleman now coaching at White Sulphur Springs, W. Va., 6-1, 6-0, 6-0, while Richards put out two rivals, John Collom of Baltimore, 6-1, 6-4, 7-5, and John Cardegna, Ardsley, N. Y., 6-0, 6-2, 6-2.

Revised Football Schedule for Southern California Conference Schools Announ

TWENTY-THREE NIGHT CONTESTS

After-Dark Idea Popular in Circuit

Oxy Tigers Take Initial Dummy Scrimmage

Kienholz Plans Defenses for Mexico Tilt

Surprising the railbirds who expected him to dwell, at least, several days on the preliminaries of football, Coach Eddie Kienholz of Occidental sent his varsity candidates into dummy scrimmage last night, as a trimming to second day's practice. The Tiger mentor put his "ivory" through two long sessions—morning and afternoon—expressing the opinion that he was agreeable impressed with the general condition of his players.

Word from the University of Mexico, Oxy's first opponent in a night contest at the Los Angeles Coliseum, the 26th inst., assured the Tiger mentor that Coach Reggie Root has built an excellent forward passing threat, capable of overshadowing any defects in "power" or line plays. With that information as a nucleus as a starter, Kienholz plans to work out an effective pass defense to give the squad the latter part of this week.

A revised grid schedule for the Southern California Conference colleges was announced last night by Phil Ellsworth, graduate manager of the Tiger school, revealing twenty-three night contests out of thirty-seven scheduled games. It follows:

UPSETS MARK BOWLING

A round filled with upsets, consistent bowling and some excellent individual display at the ancient game of bowls has just been completed in the Hudson-Essex League. The second round will be started next week. First place is held by the service department team, while close behind them is the accessories team. Third place is held by the shop five.

AUGIE CURTIS IN DRAW

PORTLAND (Or.) Sept. 16. (AP)—Abie Israel, 111 pounds, Portland, and Augie Curtis, 107, Los Angeles, battled through six fast rounds to a draw in the main event here tonight.

Yerkes Shuts Out Missions in 12-0 Game

three hits good for a half-dozen more tallies. Statz opened the big round with a single to right, and then Dittmar was hit by one of Pillette's pitches. Skiff sacrificed, and all hands were safe when Pillette's throw arrived too late to get Statz at third. Yerkes fanned, but Sigafoos drew a base on balls, to force Statz over the plate. Harper sent a sacrifice fly to Hafey, Dittmar scoring, and the other runners moved to second and third when the young Mission center fielder dropped the ball as he attempted to make a hurried throw. Haney then singled to center, to put Skiff and Sigafoos across the plate. After Haney had stolen second, Schulmerich hammered his twenty-fifth home run of the season into the right-field bleachers, to make it an even six runs for the round.

Johnson started pitching in the third, and held the Angels without a hit until the sixth, when his own inexperience got him in trouble, and gave the Seraphs another run. Statz led off with a hit to left. Dittmar hit one back to Johnson, who made a late and wild throw to second, both men being safe. Skiff then beat out a bunt to Johnson down the third-base line, to fill the bases. After Yerkes had fanned again, Johnson cut loose with a wild pitch that scored Statz. The youthful Mission southpaw, however, struck out Sigafoos, and retired Harper on a short fly to Berger to get out of the jam with but one run scoring.

Los Angeles picked up its ninth run in the seventh inning, when Schulmerich walked, Jacobs singled, and the two of them pulled off a double steal to third and second, and Schulmerich scored on Statz's sacrifice fly to Berger. Dittmar then singled but Berger threw Jacobs out at the plate.

THREE MORE IN EIGHTH

The Cherubs topped off their scoring activities for the evening by getting three more in the eighth. Sigafoos's single, Harper's triple, Haney's walk, another double steal and Schulmerich's single producing the trio of tallies after two were out. Score:

Seattle Trips Beavers, 2-1

SEATTLE (Wash.) Sept. 16. (AP)—Seattle took a close game, 2 to 1, from the Portland Ducks here tonight. Seattle scored their first run in the first when Holland singled, stole second, advanced to third on a passed ball and came home on Almada's single. Owen came in with the second Indian run in the sixth on Knothe's single, after singling to center and advancing to second on French's error.

Portland's lone marker came in the eighth when French beat out a bunt, took second on a passed ball, reached third on Robertson's grounder to Taylor and scored when Hale singled to short. Score:

KENEALY TO RACE TONIGHT IN LEGION ASCOT FEATURE

Mel Kenealy, the Irish daredevil, who won the championship of the Pacific Coast last year with a display of some of the most sensational driving ever exhibited in this section, will make his first appearance at the Legion Ascot Speedway in several months when he goes to the post in the forty-lap sweepstakes tonight. Kenealy is scheduled to drive either No. 48 or No. 3, the latter being the car which Jimmy Sharp customarily handles. Sharp is now in a Fresno hospital.

Mel is only one of the new arrivals. John Krieger, the Denver "Flying Dutchman," who returned to Pacific Coast racing at Fresno last week, is to throttle his Fisher Special No. 10 tonight, making his first appearance at Ascot since last spring.

Two brand-new chariots are to be pushed to the starting line tonight. One is a Stevens Special No. 60, which will be driven by Myron Stevens, one of the leading speed kings of the country a couple of years back. The other new creation is a Howard Special No. 42 from San Francisco, which will be driven by Lyn Eldredge of the Bay City. It is to be Eldredge's first trip around the Ascot saucer.

Ernie Triplett, the Belvedere "Bad Boy," who has had a long string of hard luck since returning from the East, will make his debut at the wheel of No. 43 tonight.

Among the other heavy-footed boys who will carry considerable betting money on their chances, are Walt May, Francis Quinn, Arvel Brunmier, "Speed" Hinkley, and Melvin McKee.

College, looked good among the line candidates yesterday, as did also Gordon Jones, 190-pound sophomore guard. "Fat" Norfleet, 235-pound tackle, is rapidly getting into condition, and is making a strong bid for one of the regular tackle jobs, along with Howard Willoughby, a powerful boy who tips the beam at 198 pounds. Bob Flavelle, 210-pound guard, shows promise, but is bothered with a bad case of inertia. Line Coach Jim Brader is working the line candidates at top speed, with the assistance of Babe Howell of California.

Bisbee Bees Annex Title

GLOBE (Ariz.) Sept. 16. (AP)—The Bisbee Bees were acclaimed 1930 champions of the Arizona State Baseball League today when officials of the Globe Bears refused to go to Bisbee tomorrow and play the final and deciding game of the championship series and the Bruin team was disbanded.

President Wilford Sullinger, of Tucson, league head, announced last night and reiterated today that, if Globe refused to go to Bisbee and play tomorrow's scheduled game the Bees would be awarded the pennant. Shortly after Sullinger announced that his ruling was "absolutely final," officials of the Globe club met, and late today the team officially was disbanded.

to go to work at once and effect several further alternations in preparation for racing again tomorrow.

Although still secretive about the measures being taken, the British board of strategy was understood to have decided on several slight changes in trim, all designed to produce ballast and sailability.

No more ballast was to be tossed overboard, but this afternoon some of it was shifted in an effort to get the desired balance and buoyancy the challenger so far has lacked. Some alterations to sails also were undertaken.

SIX-METER SLOOPS TO RACE FOR NEW TROPHY

Yachtsmen who have swallowed their anchors will at last have a grand-stand seat for at least one annual yacht race in local waters. Presentation was announced yesterday by the Los Angeles Yacht Club of a trophy to the club by John B. Avian and John W. Nicholas, yacht brokers, for annual competition by six-meter yachts over a new 12.5-mile course off San Pedro. First sailing of the race has been set for October 4.

Whereas all other local races start miles from shore, the donors of the Club Boat Trophy stipulate that the start and finish shall be in the Outer Harbor directly off the municipal pilot station, where thousands of spectators may get a splendid view of the contest. The yachts will then beat up the bight of the breakwater to a buoy off Cabrillo Beach, thence turning and running before the wind down the inside of the breakwater to San Pedro Light and around the lighthouse to beat up the outside of the breakwater to the Point Fermin whistling buoy. From Point Fermin they will have a long spinnaker run down to Long Beach, where they will turn Long Beach channel buoy No. 2 and then beat up the Terminal Island shore to the finish.

Ellis Wing Taylor, chairman of the trophy committee of the Los Angeles Yacht Club, predicts that the new trophy will stimulate increasing interest in Southern California's growing six-meter fleet, which now totals five boats. They include Al Rogers's Nordlinger trophy winner, Synnove; Tommy Lee's Caprice, winner of the San Diego Lipton trophy; Al Christie's recent importation, Lanai; R. S. Simmons's Clio, and the Harpoon, recently purchased by Spencer Kennelly. Milton Hesselberger, chairman of the regatta committee, announces starting time for initial sailing of the new trophy event as 1 p.m.

Donovan struck out to make the second out. Baker singled and Heath juggled a throw that should have retired Crosetti. Sheely's grounder to second retired the side.

Hollywood could no nothing until the fifth. Shellenback began that inning with a hit; Gazella was passed. Lee, Green and Barbee singled in succession and Carlyle kicked in with a sacrifice fly. Jacobs was lifted after Barbee made his hit. Heath hit into a double play to retire the side.

With two men out Shellenback hit a home run in the sixth. Heath hit another homer in the eighth to tie the score.

Hollywood won in the ninth. After Green had struck out for the third time, Barbee drew a pass. Carlyle was thrown out by Crosetti and Heath was walked on purpose. Turpin also walked Bassler, but not on purpose, to fill the bases.

Turner batted for Catina and looped a single to left to score two runs. That was the ball game.

Powells opened the last of the ninth with a single, but Gaston hit into a double play. Zinn batted for Turpin and singled, but Donovan forced him at second to end the game. The score:

so, but he has a lot of drive and has been exhibiting considerable ability as an open-field runner. He reminds me of Butch Meeker, the former Washington State dynamo, and is bound to be heard from in scrimmage sessions. He runs his team at a fast clip.

Aubrey Devine lined up his frosh for the first time yesterday and presented a formidable-looking outfit. Aubrey has a unique system of picking his teams to start with. He looks at legs and faces. If a guy has a tough physiognomy and a stout pair of limbs he gets by. Aubrey claims he knows no names beforehand. It's rather unusual that Devine rarely misses in his judgment of players for his first team last night included many of the outstanding boys on his squad.

He had Mandekic of Monrovia and McNeish of Van Nuys as his halfbacks. Sonny Brause of Monrovia played quarter and looks like a great passer. Ed Sherman of St. Paul was at fullback. Frank Williamson, brother of the varsity center, was over the ball. John Dye, brother of George, last year's pivot man, played one guard, with Kenny Baker, brother of the varsity guard, along with him. The tackles were Aaron Rosenberg of Fairfax fame and Linneau Bridges of Long Beach. For ends Aubrey selected Bescus of Huntington Park and Robinson of Van Nuys. The latter is a fine punter.

Of course, there is nothing established about this line-up and one swallow does not make a summer, but Mr. Devine was as optimistic as the lady who opened a gift shop in Scotland.

HUBBELL HURLS WIN OVER CUBS

(Continued from Ninth Page)

and a bad throw in the first gave the Giants their opening run and Lindstrom's homer in the third brought the only other tally off Petty.

But the Cubs failed to do any hitting behind Petty and he was removed for a pinch hitter in the eighth. Bob Osborn took his place and walked three men in succession before he retired in favor of Lynn Nelson. Fred Leach came in to bat for Roettger and sent an easy grounder down toward second. Blair booted the ball and allowed Ott and Hogan to score. The next two men sacrificed, Jackson scoring after Critz's fly, then Allen smacked a homer into the left-field stands to bring in two more runs, five in all for the inning.

Hubbell, pitching almost perfect ball, was in trouble only twice. Bell opened the third inning with a triple but was stranded there as the young southpaw forced Petty to hit an easy grounder, then fanning Blair and English. In the next frame he walked Cuyler and Wilson and Hartnett sacrificed, but a double play on Dan Taylor's hit to Critz ended the inning. Hubbell struck out ten Cubs, fanning Hack Wilson on two occasions.

ATHLETICS COP TWO TILTS

White Sox Beaten Twice by Philadelphia Club; Yanks Trounce Browns, 19-10

CHICAGO, Sept. 16. (AP)—The championship Philadelphia Athletics took a tighter grip on the American League pennant today by grabbing both ends of a doubleheader from the White Sox and boosting their lead over the idle Washington Senators to eight full games.

Lefty Grove pitched his twenty-seventh victory of the season to win the first game, 6 to 4. In the second the A's bunched hits in the sixth and eighth for five-run scoring splurges and the ball game, 10 to 2.

The Athletics have but nine games to play, while the Senators have eleven. Scores:

YANKS COLLECT

ST. LOUIS, Sept. 16. (AP)—Loosing a thunderous storm of hits of all sizes in the first five innings, the New York Yankees gave the Browns a sound trouncing today by a 19-to-10 score. The Yanks hammered four St. Louis pitchers for a total of twenty-three hits, twenty of them coming in the first five frames.

New York started off with four runs in the first inning only to have Goose Goslin hit his thirty-third home run after Sam Gibson, who only joined the Yankees yesterday, had walked the first two men he faced. New York, however, scored six more times in the second and made a third bunch of hits in the next frame for four runs. Gibson only lasted part of the second inning and Ed Wells pitched the major part of the game for New York, getting credit for the victory, although McEvoy was called in to stop a ninth-inning Brownie rally. Blaeholder, Kimsey, Holshauser and Stiles toiled for St. Louis. Schulte also hit a homer. Score:

BUCS BEATEN

PHILADELPHIA, Sept. 16. (AP)—The Phillies nosed out the Pirates today, 15 to 14, in a wild and woolly tenth-inning struggle. After the Pirates had scored four runs in the tenth inning, the Phils came back to score five in their half and clinched the victory. In the eighth inning Chic Thompson engineered a triple play. Paul Waner and Grantham were on first and second when Traynor hit a line drive which Thompson speared with his gloved hand, touched second doubling Paul Waner and then threw to Sherlock, who nipped Grantham for the triple play. Klein hit his thirty-fourth home run of the season. Grantham hit two home runs and Suhr one. Score:

DETROIT, Sept. 16. (AP)—Two timely hits by Dale Alexander gave Detroit a 7-to-5 victory over the Red Sox today. Alexander delivered his blows—both singles—in the third and fourth with two runners on base each time, thus driving in four runs.

Russell relieved Gaston on the mound for Boston after four innings and held the Tigers scoreless. Waite Hoyt allowed ten hits, including a home run by Webb with Miller on base. There were no strikeouts. Score:

CARDS COLLECT LENGTHY CLASH

(Continued from Ninth Page)

zler gave seven hits to five for Wild Bill.

Vance, a pitcher of uncommonly fine judgment, nodded in the tenth when he had two strikes and no balls on Andy High, opening the inning as a pinch-hitter. The big fellow then fired one over the plate, trying to sneak it by, and Andy drove it to center field for two bases. Hallahan sacrificed High to third and Taylor Douthit drove him home with a single.

Brookyyn skies brightened when Wright opened the tenth for the home club by hitting a screaming double to the center-field bleacher fence, Bissonette walked and Hendrick sent them both along with a bunt. Flowers went to bat for Finn and was purposely passed, filling the bases. The strategy won the game for Gabby Street's crew.

Lopez hit a terrific drive to Adams at short. The ball struck his hands and bounded away, but Sparky was on it like a flash and with a quick throw to Frisch, laid the foundation for a double play. Frisch threw with no lost motion to Bottomley and the ball game was over.

Hallahan absolutely confounded the Robins during the early stages of the game. He retired twenty members of the home club in order before one reached first base. Herman, the first man to get on, reached the bag on Hallahan's error.

QUICK THINKING

The Cardinals were within inches of winning the ball game in the sixth inning. Adams had singled and advanced to third base on an infield and outfield out. With two strikes on Hafey, Adams broke for the plate and seemed about to steal home but the alert Vance threw the ball right at Hafey and when the bespectacled Chick forgot to duck, the ball hit him and the runner had to return to third. Watkins then fouled out.

A capacity crowd of 25,500 spectators crowded into Ebbets Field and there will be no less at the two remaining games of the series. Managers Robinson and Street tonight were prepared to renew the battle for first place tomorrow with Flint Rhem probably pitching for the Cardinals against Adolfo Luque for the Robins.

The game enabled Vance to draw within five struckouts of Hallahan, even if it did not help him in his won column. He ran his total for the season to 160, while Hallahan now has 165. Score:

STORES FOR MEN

Men's Shirts

including Bullock-Excellos and many imported fabrics.

$2.65

Fancies only—there are no whites! Here is a beautiful collection of shirts at $2.65. (3 for $7.50.) If you know Bullock Shirts, and if you will see these fabrics—many of them imported—you must appreciate what a good buy they are. Collars are attached. An outstanding Bullock's presentation in September—$2.65.

$34.50 for this hand-tailored suit!

Still more of those suits which are making this an "Outstanding September" in Bullock's Stores for Men.

Suits with long life and good looks *hand-tailored* into them. Details worked in a higher-priced manner—in collars, shoulders, button holes, shaping and pressing.

What with the fine new Fall Worsteds which go into them, the democratic price of $34.50 doesn't do justice to their aristocratic appearance.

Come and see them. This is a great chance to save with satisfaction assured. $34.50.

Sanctuaries for Snakes

The boys of the Nature Study Troop, No. 472, of Boy Scouts of New York, have in the past few years established more than 200 sanctuaries for owls, snakes and birds. The boys travel about the country surrounding New York City and endeavor to secure the interest of the farmers in the proposition of protecting the snakes, owls and birds. They undertake to show the farmer that the birds, snakes and owls are their friends, and when they succeed in convincing the farmer of this, his place becomes a sanctuary and a sign is placed that indicates it. Some of the farmers refuse to be converted and the difficulties of the boys are considerable, but every week they succeed in adding a few names to the list.

LARGER YACHT HARBOR LOOMS

Plans Completed by Acting Manager at Port

Project will Provide Haven for 981 Craft

Estimated Cost Placed at About $1,600,000

BY WALDO DRAKE

New plans for Los Angeles' municipal yacht harbor, to provide for 981 yachts instead of 584 boats, as originally planned, were completed yesterday by George F. Nicholson, acting general manager of the Harbor department. Construction cost of the enlarged terminal is estimated by Mr. Nicholson at $1,600,000, as compared to a total cost of $1,250,000 under previous plans.

In addition to increasing the protected area in the outer harbor proper, the revised plans provide for use of Watchorn Basin and a smaller area belonging to the military reservation of Fort MacArthur. In the Watchorn Basin moorings for 210 yachts would be provided, the Fort MacArthur area would harbor 137 craft, while space will be provided for 634 boats in the main anchorage. A caisson-type breakwater, 2200 feet in length, is to be constructed across the outer harbor at right angles to the main breakwater, thus affording the yacht harbor complete protection from storms from any point of the compass. This breakwater would cost approximately $600,000.

A 500-foot beach, totalling 57.5 acres in area, directly below the Point Fermin bluffs is to be built from dredgings and on this beach will be situated the several clubhouses. A thirty-foot highway connecting with the Fort MacArthur road at the north end and with the Cabrillo Beach road at the south, will provide easy access to the beach. In the anchorage areas finger wharves, ranging from 600 feet to 1900 feet in length, will be constructed for mooring yachts, while boats in excess of 100 feet long will be moored along the inner side of the new breakwater.

Although the Harbor Department has no plans for immediate work on the project, it is the hope of the Civic Regatta Association, sponsoring the plan, that a portion of the terminal will have been completed by the spring of 1932. Mr. Nicholson will hold a conference today with Harbor Commissioner Gerald FitzGerald and Frank A. Garbutt of the California Yacht Club, relative to use by the Harbor Department of certain portions of the club's leasehold at Wilmington and ultimate removal of the clubhouse and anchorage to the outer harbor.

NEW EUROPE-PACIFIC SERVICE TO START

Norwegian motorship Brandanger, now in the North Pacific, will sail from here the 22nd inst., as the first ship of a new fleet to ply from this coast to Havre, Antwerp and Rotterdam. Interocean Steamship Corporation, represented here by E. N. Tormey, is local agent. The second vessel, the Heranger, already en route here from Europe, will make her first sailing eastward from here October 16. Both vessels are booked entirely full of Pacific cargo. The third ship, announced yesterday by Tormey, will be the Hoyanger, to sail from here late in November, with others following to maintain a monthly service.

Negotiations are said to be complete for the tentative location of the customs appraiser's stores in the Guasti Warehouse near Alameda and Market streets, Los Angeles. One floor, comprising 60,000 square feet, will be used. Efforts had been made to locate the plant at the harbor, when its old site uptown yielded to county improvements.

Two Barber Line ships for Dodwell & Co., were in port yesterday, the Tai Shan from the Orient, bound for New York, and the Tai Ping Yang from Gotham, bound west. The former discharged 1190 tons of hardwood, sesame seed, rubber and porcelain wares, and will embark seven passengers for Panama today. The Tai Ping Yang disembarked three Panama travelers, will embark three and load grapes, apples, vegetables, old papers and Chrysler autos for the Orient today.

The twenty-six-piece band off the U.S.S. Nevada left yesterday on one of the special Union Pacific trains to participate in the Boulder Dam spike-driving ceremony at Las Vegas and Bracken today. They will return tomorrow.

Oceanic and Oriental Line's freighter Golden Bear sailed last night for the Australian ports of Melbourne and Sydney and Davenport, Tasmania, with 3500 tons of Los Angeles products in her holds. The cargo includes consignments of case oil, fire brick, clay, tuna, electrical supplies, machinery and asphalt.

Joseph B. Banning, Jr., district agent for the Matson Line, agent for O. & O., announced yesterday that the O. & O. liner Golden Rod, departing this port for Australia on October 15, will add Adelaide to her ports of that call for that voyage, on account of exceptional cargo offerings for that port.

Long Beach is expected to invite bids next week for the driving of sheet piling and the dredging of 450,000 cubic yards of earth, left when the C. J. Kubach Company was removed as contractor. Legal and technical aspects of San Francisco Bridge Company's subcontract are the subject of inquiry by Harry Squires, San Francisco consulting engineer and member of the State Harbor Board of Engineers, who arrived here yesterday.

Wrigley's tug D. M. Renton, a barge and the schooner Sequoia were chartered to R.-K.-O. and taken yesterday to the Isthmus of Catalina Island for a week's work on motion pictures.

The silk ship Tokai Maru is due from Japan this morning instead of yesterday as reported by S. Mimoto, local Osaka Shosen Kaisha representative. Twenty-three hundred bales are to continue on the ship to New York; 823 will be shipped overland by the Santa Fe, and twenty to thirty bales will be consumed here.

PLAYERS IN COMEDY MEET WITH MISHAPS

Nick Stuart, motion-picture actor, had a lot of explaining to do when he appeared in Hollywood yesterday with both of his hands swathed in bandages. The young actor was working in a comedy at the Darmour studios with Ann Christy when he was called on to climb down a fire escape on a burning building. The fire escape had become heated and he suffered second-degree burns on his hands. Incidentally Miss Christy broke her nose in an automobile accident in the middle of the picture, causing considerable delay.

START OF DAM DIAL FEATURE

Speech of Secretary Wilbur Today's Highlight

Program of Epochal Event Broadcast by KHJ

America's Cup Race Second in Radio Importance

The Times Forum, KHJ, at 1:30 p.m. Junior Chamber of Commerce half-hour. Patrick & Marsh Orchestra. World-wide news at 12:30, 4:45 and 10 p.m.

BY JOHN S. DAGGETT

DR. RAY LYMAN WILBUR

The titanic task of harnessing the waters of the great Colorado is to be signalized tonight at 7 p.m. over KHJ, KNX, KFVD, KGFJ, KMIC, KELW, KFOX and KTSN when Secretary of the Interior Wilbur delivers his Boulder Dam address at Las Vegas, Nev. This broadcast is made possible by radio station KHJ, which will send it to the stations noted above.

This broadcast of the groundbreaking ceremonies is the highlight of radio today. No more vital subject will come to your speaker in many a day and in the interest of good citizenship as well as for gaining an intelligent idea of what it is all about dial in at 7 tonight. The address will be delivered by Secretary Wilbur in front of the Las Vegas (Nev.) Courthouse, and thence relayed by line telephony to KHJ in Los Angeles. Included in the stations to disseminate Wilbur's speech will be the entire Don Lee chain, both in Northern and Southern California.

They tell us that—

Pea-soup fog prevented America's Cup race yesterday. Today both KHJ and KFI will resume broadcasting of this event if the fog clears and the boats contest for the third leg on the cup.

"Extra special"—KFWB's Los Angeles Breakfast Club Frolic bounces in with sun-up—at 8 this morning. A ten-minute talk on the "Greatest Man Alive." For entertainment, Pantages Hollywood Theater tosses in a bevy of headliners with versatile talent. Come on, television, hurry up—"Sixteen Rhythmic Beauties" are on the program.

Of course, both KHJ and KFWB fan the air with the Demi-Tasse Revue at 8:30 tonight. They say a beautiful girl—Kay Johnson, who starred in "Madam Satan," will appear with George Olsen and his music.

These publicity blurbs today all feature beautiful, dazzling, sparkling beauties—for why, for why?

KHJ at 9 to 10 tonight—the Ascot auto races, thrills 'n everything.

"Thousands of radio fans saw the Hill Billies at the Chinese Theater last week, but still they come to the KMPC studio in Beverly Hills to see the boys put on the informal program." So proclaims KMPC.

"Fireman, save my child!" Yep, the fire laddies are sliding down the pole, mustering their band and again return to KNX at 2:30 this afternoon. They promise a hot time.

KHJ's "California Melodies" is heard throughout the Columbia Broadcasting System. One blast of an excellent program all the way from Los Angeles to our friends over the continent. Tonight Cecil De Mille. For musical entertainment Irving Berlin's first waltz in two years and the debut of Leigh Harline's "Bye, Sleepy, Bye." Leigh Harline is a staff pianist, composer, executive and what have you at KHJ. You'd like him if you met him personally and many of the hours you have enjoyed through KHJ originated through the efforts and artistry of Leigh Harline.

I wonder if Las Vegas, Nev., is far enough away to dedicate a big dam over radio without—well, I wonder what they could merchandise at a dam opening?

Camel Pleasure Hour at 9:30 tonight. A man from the San Francisco office visited us the other day. Said he believed the programs excellent—that they are doing everything to hold your dial. See if he's right.—KECA.

And here comes Maj. Mott at 6:30 tonight over KHJ. Hunting and fishing adventures all over the world. And—for once—we have an artist adventurer that really penetrated the wild country he talks about. Give the major a hand—he's interesting.

A delightful hour should be KECA's at 5:30 this afternoon. "Mighty Lak' a Rose," Nevin's song, is a feature. Also Schutt's "A la bien Aimee."

"Batter up"—6:30 over KECA—Grantland Rice, sports expert, taking the champion home-run hitter of the Nationals, Hack Wilson, before the mike. If he doesn't get mike fright be on your toes for information.

The boys at Las Vegas promise that the marine band from the U.S.S. Nevada will musically punctuate the Boulder Dam program. And those seagoing musicians can play.

The KTM ranch boys are going to welcome a gift melodeon tonight. A melodeon is something like—well, you've got to listen to know what it's like.

"What in the dickens does Bill Sharples want with an Arabian mayor? He can get plenty American ones," writes a subscriber. But, friend, it's a mare. Sounds the same but spells different. Same as "neigh" and "nay."
